KPHT  
Quarterly Issues/Programs List

---

KPHT provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **Animal Population Control:** HSPPR has plenty of adoptions, fundraisers, and pet health to share today.
- **CHILDHOOD CANCER:** Super Team PCSO highlights their fight against childhood cancer.
- **Community Resource Support:** Building a community within its own the YMCA is here to support all families
- **Domestic violence:** Come together to protect the community from abusive situations with TESSA
- **Health & Human Services:** The Empty Stocking Fund brings together several non-profit organizations throughout Southern Colorado that help in human lives as part of crisis or need in the span of birth to death. This episode talks to TESSA and speaking for them is Anne Markley the organization talks about their individual role here in the Southern Colorado and how the Empty Stocking Fund increases the people they are able to help. The significance the empty stocking fund brings to these organizations is the fact that the dollars raised are general operation dollars so all of the organizations mentioned will obtain money that can be used to keep the lights on, begin new programs, or wherever they see the dollars best fit.
- **Health Care Access:** Laura joins to talk about Peak Vista community involvement and a great way to support health care
- **Impalliative Care:** Silver keys needs help getting meals to seniors and developing social relationships
- **Veteran Health:** Chris talks about VO2s mission with fighting addiction for veterans
- **Water Cleanliness and Health:** Keep your water clean, were all downstream! Jerry talks about the importance of clean water in our community and how to make sure that it stays safe to drink. Methods like cleaning up garbage, dog waste, etc. in order to assure public

health and safe drinking water.
