ISSUE OF NOTE THIS QUARTER: 3/24 & 25 - "ALFA CREW TRAINING PROGRAM" - We did a 2-day series on this program which pairs skippers with young people interested in commercial fishing careers. This is an important effort, as the commercial fishing fleets are beginning to age out (avg = 50+)

ISSUE OF NOTE THIS QUARTER: 2/16 & 17 - "Alaska Department of Fish and Game's Alaska Bycatch Review Task Force recommendations" - Bycatch has been an intense issue of late, given closure of salmon and crab fisheries which may be due in part to incidental take. Our reports detailed the governor's Bycatch Review Task Force recommendations on how

to manage bycatch to the North Pacific Fishery Management Council so that our fisherman could be aware and prepared to offer input and comment in later phases of the process.

ISSUE OF NOTE THIS QUARTER: 1/17 & 18 – “Electronic monitoring technologies in Alaska pollock fisheries” – this series explored the proposal to replace human monitors on boats with technology. Proponents point to the scarcity of human monitors available, the dangers to monitors, and the current lack of good data. Opponents feel that the tech is intimidating and a privacy violation given its 24/7 operation.

- Here's to your Health (health tips) at 11:10 a.m. and 8:30 p.m.
- Into Tomorrow (tech tips) at 9:10 a.m. and 5:10 p.m.

III. Religion:

Focus On The Family - Airs five days a week, from 7:05-7:30am. The program offers help and suggestions on how to better family life, including relationships, children, substance abuse, worldwide ministries, and many more subjects.

IV. Political:

Cordova City Council Meetings -- the two monthly meetings are carried in their entirety, and the audio is also posted to our website.

Whenever the subject matter is appropriate, KLAM presents news releases from our elected officials, along with any taped material we receive that pertains to our local people. Usually presented as part of the Town Meeting Talk Show.

V. Emergency Services: Full participation in the EAS system at National, State, and Local levels -- with immediate relay (no delay to accommodate programming) of

all Emergency Alerts, all National Alerts, all Amber Alerts, all Required Monthly Tests, and all locally originated Weekly Tests.

ISSUE OF NOTE THIS QUARTER: Successful relay of Required Monthly EAS Tests:

- 1/04/23 @ 11:07:12
- 02/08/23 22:45:29
- 03/02/23 01:02:15

ISSUE OF NOTE THIS QUARTER: 3/19 – “ESCAPE OF ANDREW JOHNSON” – Cordova Police Department informed us that Andrew Johnson instigated an extremely violent attack resulting in severe injury to one of their officers, and escaped custody. He was at large, considered extremely dangerous, agitated, volatile, and armed. The community should be on high alert. At CPD’s request, we ran about 6 announcements per hour every hour till he was finally apprehended, telling citizens to secure vehicles, doors, cars, boats, and anything that could provide shelter or further escape. Residents we told to be hyper-alert and aware, use EXTREME caution, do not confront, Call 911 immediately.
