Subject: Internship/Mentorship Class of Fall 2014

We will have three students working with us during the fall semester:

Teaganne Finn is a junior at Hobart & William Smith Colleges. She comes highly recommended to us, and has an interest in writing and storytelling. Teaganne expressed interest to me in working with MMJs, so she could learn about what goes into shooting, editing, and reporting pieces. She also begins work with us on Monday, September 1. She'll work 9:30am-6:30pm on Mondays, and 9:30am-12:30pm on Wednesdays.

Briana Schmid is a senior at Wayne Central High School, where the school district has a unique program that requires students to complete 40 internship hours to graduate. Briana will be with us starting on September 8 for 6 weeks, on Monday and Wednesday nights from 7pm-9pm. She's will be working alongside me primarily, on learning goals set forth by both her and her internship coordinator.

Please join me in making them feel welcome here.
