Needs and Issues for KVII-TV

KVII aired, promoted and sponsored many events that helped our community various ways.

1. KVII, working with a local bank, organized and carried out a food drive that benefited the High Plains Food Bank. We raised almost 2,000 pounds and \$2,000 that went to the food bank.
2. The Race for the Cure event was recently held in Amarillo, KVII dedicated a good deal of time to helping promote the event. All of the proceeds for the race benefit the Susan Komen Fund which supports breast cancer awareness.
3. KVII teamed up with a local convenient store and gave away a \$25,000 dollar college scholarship to West Texas A&M. During that give away, we featured a story per week that focused on the importance of getting a higher education. That scholarship will put one person through college for four years.
4. The local United Way campaign has started, we are doing everything we can to help that organization raise funds that will be used to support those in need in our community.
5. We featured numerous non-profits on our morning show to discuss the fundraising events they have planned.
6. We dedicated much of a 10:00 newscast on the issue of educating people on redistricting. State Senator Kel Seliger was able to educate our viewers on the process, why we do and how it could affect our area.
7. We are also working with the police department and feature at least one person per week wanted by local law enforcement.
