2018 MY FUTURE. MY WAY CAREER EXPLORATION FAIR

April 3, 2018

The Career Exploration Fair provides an avenue for every high school freshman in Nashville schools to explore a breadth of career areas. As opposed to a Job Fair where students visit companies, the career fair will allow companies to work together to represent career areas for students to explore. The majority of dropouts occur between the freshman and sophomore year. Our goal is to raise awareness and excitement that will allow freshmen to talk with local professionals about their interests and see the relevance of their studies.

The fair will host approximately 7,000 freshmen from the Academies of Nashville and the Magnets of Nashville on **Friday, October 26** at the **Music City Center**. Students will complete career exploration research at school in preparation for their visit and learn about professionalism. They will also participate in an essay contest and other follow-up activities to show what they learned. They will speak with at least three career-related exhibitors, ask questions, and participate in hands-on activities.

For more information, contact Ameerah Palacios, program manager at ameerah.palacios@mnps.org (<mailto:ameerah.palacios@mnps.org>).

View a recap of last year's career fair below:

ALIGNMENT NASHVILLE

Charlie Degenhart

#2 A.

From: Kevin Crane
Sent: Thursday, September 27, 2018 3:33 PM
To: Charlie Degenhart
Subject: FW: Career networking for middle school students

Here's a description of the event, should you need it.

From: Sharon Michie <sharon@nashvillerotary.org>
Sent: Wednesday, September 12, 2018 1:54 PM
Cc: Maya Bugg <maya@tnchartercenter.org>; Emerald Mitchell <emitchell214@gmail.com>
Subject: Career networking for middle school students

I need you! We are excited to parter with Moves & Grooves this year through an NRST grant, and have worked with them to design a volunteer project for our members to engage with students.

Many of you attended the Rotaract Speed Networking, and we will use a similar format for students at Apollo Middle School. We will meet nearly 30 middle school students who participate in a Moves and Grooves after school program. In advance of our visit, the students will practice interview skills and learn about a variety of careers. They will select from a list of professions and choose several of you to meet with. For this event, Rotarians will be stationed around the room, and each time the bell rings, a new group of students will come to your station.

You will answer questions, provide feedback, and talk about your profession. Talk about higher education, your experience in the military, community involvement. This is a fun project that gives kids an opportunity to interact with adults in a small group environment.

You all were at the top of my list when I thought of cool and unique careers. I really hope you can find the time to participate, you will be an inspiration to these kids! If you can join me in this project with Moves and Grooves, please email me. If you'd like to participate, but this date doesn't fit your schedule, let me know. We may schedule this project at another middle school with Moves and Grooves.

Event details:

Thursday, September 27
4:30pm-5:30pm
Apollo Middle School
631 Richards Rd, Antioch, TN 37013, United States

Subject: RE: March 28 Engagement

Smith Springs Elementary School for Rotary "Moves & Grooves" reading project. What I actually did that day was coordinate the video recording of elementary school kids reading books for use by children in Africa to help them learn English. The content was childrens books (multiple books).

Subject: March 28 Engagement

Kevin,

For the EEO outreach file,

You spoke on March 28th. Could I trouble you for the name of the school again?

You performed a reading? What was the content?

Getting started in media -
