Notice: It's OK to print this email. Paper is a biodegradable, renewable, sustainable product made from trees. Growing and harvesting trees provides jobs for millions of Americans. Working forests are good for the environment and provide clean air and water, wildlife habitat and carbon storage. Thanks to improved forest management, we have more trees in America today than we had 100 years ago.

Check this out and see if this is what you wanted. KMJ AND KSKS are on the same proposal.

Maybe we should add Friday back in the schedule and more ag hour because I am only at \$9,900 That would give us 10 more commercial for \$12,150

What do you think?
