Re: HD Carriage of Univision and Telefutura Stations

Dear Ms. Rider:

I write in response to the letters, dated April 28, 2011, in which you notify certain stations owned and operated by, or subject to a proxy agreement with, Univision Communications Inc. and/or its affiliates ("Univision") that DISH Network L.L.C. ("DISH") intends to launch carriage of local high definition ("HD") television channels in the respective Designated Market Areas of such stations.

This letter shall serve as a written reminder that there is a binding retransmission consent agreement in effect by and between Univision and DISH. Any retransmission of signals of stations identified in Exhibit 2 of the agreement (the "Stations"), including in HD, is subject to the terms and conditions therein. As a further reminder, the licensees of the Stations have elected retransmission consent for the carriage of the Stations' signals, including in HD, pursuant to Section 325(b)(3)(B) of the Communications Act of 1934, as amended, and Section 76.64(f)(2) and 76.66(d) of the rules of the Federal Communications Commission.

Please feel free to contact me if you have any questions. I may be reached by email at jairodriguez@univision.net or by telephone at (310)348-3675. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jaime Rodriguez', with a large, sweeping flourish extending to the right.

Jaime Rodriguez
Vice President, Business Affairs
Distribution Sales & Marketing
