Matthew,

I just wanted to let you know how horrifying and callous I thought the firing of Grant Napear was and how deeply it

affected me.

I moved to Sacramento in 1986 and immediately became a Sacramento Kings and Grant Napear fan. KHTK 1140 am has

been the number 1 preset channel on all of my cars since that time. I lived and died with the Kings and will never get over the playoff

series loss against the Lakers. Our best chance, probably ever, to win a championship.

Grant Napear was there for all of the good times and the bad and played a huge part in keeping the Kings in Sacramento.

To be put out like a sack of garbage after 31 years over one tweet which 83% of the country cannot for the life of us can see "any" problem with is

frankly stunning.

I doubt that you care but your station will suffer greatly from this action and the people you think are your friends now will be nowhere to be found when

it comes to supporting advertisers or even listening to your station.

I have removed 1140am from all of my radio presets and will never return again except maybe to see what sponsors I can avoid doing business with.

I have also watched my last Kings game...

I know you live in Utah so don't give a rat's ass about my community because it doesn't affect your perfect life but thanks for nothing.....

An Ex Kings fan
