Who handles dismissing Grant for saying all lives matter? That's ridiculous!!! Who gives thugs like Matt Barnes and demarcus cousins any credibility? Oh, u guys did! Or someone at your station. Ridiculous! Grant does a show daily with a black man that has character! The people like demarcus and such have none. Looks to me like typical Demarcus provoked Grant and turned a very valid statement into a racist comment. Ridiculous! Where do we live anymore. I'm out!
