I am writing in regarding the suspension of Grant Napear. I understand tensions are high in this country right now, and it's heartbreaking. But I feel you made a kneejerk decision by letting Grant go. Grant has been a staple in the sports community here in the Sacramento region for over two decades. He is respected by his listeners, his viewers and by countless sports celebrities and legends throughout the country.

Grant has historically remained quiet, or at the most politically correct, on sensitive topics. I believe he is truly able to see all sides of situations. With him saying all lives matter in no way makes him racist or insensitive. When he said it he was including black lives.

Grant apologized immediately and admitted he didn't understand the importance of the phrase "Black lives matter." Ignorance can be educated, and he was. He does not deserve to have his entire life's work and his legacy destroyed by one misspeak.

I can assure you that sports in Sacramento will never be the same without him. You will be making a grave mistake if let him go over this.

Please reconsider.

Thank you,

Kari Mortenson
