Subject: Really?

Please pass this on to the fool who made the decision to put Grant on hold.

Are you kidding me? Since when did it become politically incorrect to say, "All lives matter?" When someone says that it doesn't mean they imply that black lives don't matter. You have taken the thought police to an entire new level. I worked with Grant for over 6 years back in the day and I can tell you he is no racist. Here's my next move. I think I've listened to your station once or twice in the past 30 years, but I can guarantee I will never ever listen and I will promote others to boycott your station unless Grant is returned and you should add an apology to him.

You think you're gonna lose black listeners by Grant stating that All Lives matter? You're an idiot. Cover your ass and give him a week suspension. You sold your soul to the PC police and will lose thousands of listeners.

Pathetic.
