Subject: Grant Napear should leave

Dear Jason Ross

I hope you are the correct person at KHTK to send this opinion to. If not, please forward to the appropriate person.

I hope Grant Napear is released from the Kings and KHTK. Anyone who works in the NBA and has "no idea" that he is being inflammatory with his comments about BLM and All Lives matter doesn't deserve his position. My husband and I are white sports fans who listen to KHTK often and have found Grant to be condescending and arrogant. We actually listen to KHTK game coverage when watching a game on TV so we don't have to listen to Grant.

thank you,
Donna Paul
