

## Chief Operator

It is herein posted that **Charles Bullett** is the designated Chief Operator of KMVQ-FM.

Herein referred to as the Station, as defined under 47-CNFR-73.1870. The designated Chief Operator is herein charged with maintaining the operations of the Station within the terms and conditions of the corresponding FCC License, and to maintain all technical operations of the Station within the requirements of the Federal Communications Commission's Rules and Regulations. The Chief Operator is empowered with the necessary authority, in cooperation with the station management, to carry out this charge.

During times when the Chief Operator is unavailable to perform the assigned duties, **David Liu** will act as the Chief Operator with the same responsibility and authority as the Chief Operator. In the event that both the Chief Operator and the Alternate Chief Operator are unavailable to perform the assigned duties, **Brian Figula** will act as the chief operator.

This designation is current as of July 20th, 2020 and supersedes any previously made designations.
