48 HOURS

- 01/02/21 **48 HOURS: “The Tara Grinstead Mystery”** – an update on the case of Tara Grinstead and the tips ignored by law enforcement that could have closed her case years earlier. The Georgia schoolteacher was last seen in Ocilla, leaving a party on October 22nd, 2005. When she failed to turn up for work, police were contacted. Officers and Maria Woods Harber, Tara’s friend, entered her home to find it mostly undisturbed, save for a broken lamp. Outside, suspicions were aroused by a latex glove. Attention quickly turned to men Tara had been dating, including her former boyfriend who had recently returned to town. However, all the men had alibis. Weeks later Jannis Paulk, Tara’s neighbor, was told by an employee about overhearing two men - Bo Dukes and Ryan Duke - claiming to have burned Tara’s body. She reported this to police. In 2006, John McCullough was spending the holidays with Bo Dukes. After getting drunk, Dukes admitted his involvement with Tara’s disappearance. In February 2007, John reported this to three different police departments. Neither Jannis’ nor John’s tips were followed up on by law enforcement for years. In 2015, Bo Dukes began dating Brooke Sheridan. Eventually, he would tell her about his part in Tara Grinstead’s disappearance. At her urging, he confessed to the police that he had burned Tara’s

body in a pecan orchard his family owned in an attempt to cover up her death at the hands of Ryan Duke during a botched robbery. Duke was arrested and confessed to Tara's murder. DNA tests matched him to the latex glove found outside Tara's home. In March 2019, Dukes went on trial for charges related to covering up Tara's death. He would be convicted on all charges and sentenced to 25 years in prison. **On-screen text graphic:** Ryan Duke's trial has not been scheduled. It has been delayed by defense motions and the COVID-19 pandemic. Interviewed: Jannis Paulk, Tara's neighbor; Maria Woods Harber, Tara's friend; Dana Wilder, Tara's friend; Marcus Harper, Tara's ex-boyfriend; Gary Rothwell, Georgia Bureau of Investigation Special Agent; John McCullough, Bo Dukes' friend; Brooke Sheridan, Bo Dukes' girlfriend; Maurice Goodwin, forensic investigator. (See also: 48 HOURS VANISHED: "Stolen Beauty", OAD: 07/01/08; Rebroadcast: 01/10/09 as 48 HOURS SPECIAL PRESENTATION: "Stolen Beauty") (C: Peter Van Sant – P: Alec Sirken, Lauren Clark)

01/09/21

48 HOURS: "What Ever Happened to Mary Day?" (9:00 - 10:00p) – a report on the search to find a young girl who was last seen in 1981. In 2002, Sherrie Calgaro filed a police report about her sister Mary Day, who went missing in 1981 at the age of 13. Sherrie had been adopted by a foster family, while Mary and their middle sister Kathy, returned to their mother Charlotte and her new husband, William Houle. Mary was last seen at the Houle home in Seaside, California. William accused Mary of poisoning his dog, which led to a physical altercation. Charlotte and William claimed that Mary ran away, but they never filed a police report -- allegedly so they could continue claiming the Social Security checks Mary was receiving because of her deceased father. In March 2003, authorities canvassed the former home of the Houles with cadaver dogs, all of which focused on one spot in the backyard. After digging, police found the decaying sneaker of a young girl, but no body. A month later, Detective Joe Bertaina interviewed Charlotte and William after locating them in Kansas. William recalled the altercation with Mary and admitted to striking her. He claimed he could not have killed her, but admitted to feeling "possessed" at the time and that the "demon" inside him could have. Detective Bertaina and Police Chief Steve Cercone took this as a confession, but the district attorney was not ready to bring charges. In November of that year, a routine traffic stop in Phoenix, Arizona, turned up a woman claiming to be Mary Day. Authorities performed a DNA test on "Phoenix Mary" and confirmed she was Charlotte Houle's daughter. The police closed the case and Sherrie invited Mary to move in with her, but she soon began to question if this woman was her sister. Sherrie noticed Mary often went by the name "Monica Devereaux" and had a peculiar accent. Mary also sent an email to Detective Bertaina saying she had been lying about who she was. Despite this, the case remained closed. However, in 2008 Chief Cercone was informed that an unrelated investigation at Fort Ord had resulted in cadaver dogs focusing on a second home the Houles had lived in. Once again, police were unable to find a body. Chief Cercone hired private investigator Mark Clark to look into the case. Clark's theory was that the Houles murdered Mary in 1981 and that "Phoenix Mary" was a previously unknown daughter of Charlotte's that they

enticed to impersonate Mary with the promise of money. In 2017, acting Police Chief Judy Veloz had further testing conducted that showed “Phoenix Mary’s” DNA matched Charlotte as well as the birth father. She further concluded that gaps in Mary’s memory were due to a traumatic life and alcoholism. Her report closed the investigation. **On-screen text graphic:** Mary Day died nine days after Judy Veloz interviewed her. There was no funeral. Interviewed: Detective Joe Bertaina, police officer; Steve Cercone, former police chief; Sherrie Calgaro, Mary’s sister; Kathy Pires, Mary’s sister; Mark Clark, private investigator; Judy Veloz, acting police chief; Shaun Moore, CEO, Trueface. (C: Maureen Maher – P: Chuck Stevenson) (OAD: 05/02/20)

48 HOURS (continued)

01/09/21 **48 HOURS: "The Suspicious Death of Christian Andreacchio"** (10:00 - 11:00p) – a report on the conflicting accounts of one young man’s death. On February 26th, 2014, Dylan Swearingen called 911 to report the death of his friend, Christian Andreacchio, in Meridian, MS. A police investigation concluded it was a suicide. However, Christian’s parents disputed this as they had never seen suicidal tendencies from him. They suspected Dylan and Whitley Goodman, Christian’s girlfriend, were involved. Four months later, new chief of police Benny Dubose noted issues with the investigation: police had spent just 45 minutes at the crime scene and taken photos there on cell phones; blood spatter associated with gunshots and fingerprints from Christian’s gun had been cleaned up. Investigators also ignored that earlier in the day, Dylan was seen at a credit union attempting to withdraw all of Christian’s funds. Dubose tasked Captain Jay Arrington to re-examine the case. Arrington determined that Christian’s body had been moved and his time of death was likely hours before Dylan’s 911 call. He concluded Christian’s death was a homicide. In October 2017, charges against Dylan and Whitley were brought to a grand jury, however Arrington’s report was not presented to jurors. They concluded there was not enough evidence to go to trial. In August 2020, Arrington’s report was made public. Learning that Arrington’s report was excluded, district attorney Kassie Coleman decided she would reconvene a grand jury and find a new prosecutor to present the case. **On-screen text graphic:** The Andreacchios are lobbying for a law named after their son. 48 HOURS: “The Murder of Jackie Vandagriff” – a report on the murder of a Texas woman and its ties to the stalking of a college student. In the summer of 2016, Caitlin Mathis began a relationship with Charles Bryant in Grapevine, TX. She ended it in August as she was leaving for the University of North Texas in Denton. Charles attempted to get back together with her and continually showed up to her dorm and workplace unannounced. With the help of campus police, she filed a protective order, which he continued to violate, resulting in multiple arrests. On September 13th, 2016, Charles went to a bar he knew Caitlin frequented and met Jackie Vandagriff. The pair left together in his car. The next day, Jackie’s body was found burned in a kiddie pool in Grapevine. Police found Charles since he had given a business card to one of Jackie’s friends. They were again able to arrest him due to violation of the protective order. A search of Charles’ home turned up Jackie’s purse. Police also found footage of him buying a shovel late that same night. In police interviews, Charles eventually admitted to having consensual sex with Jackie that involved her being choked with a zip tie, which accidentally resulted in her death. He was arrested for murder and went on trial in April 2018. Charles’ defense team continued to argue Jackie’s death was an accident and disposing her body was the result of intoxication. The prosecution presented the crime as an extension of the stalking Caitlin had endured. However, a judge would not allow the jury to hear her testimony. After deliberation, Charles was found guilty and sentenced to life in prison. **On-screen text graphic:** Jackie Vandagriff’s family has endowed an internship in health and wellness at Texas Woman’s University in her name. Interviewed: Captain John Luna, Grapevine Police officer; Jackie Ton, Jackie’s friend; Caitlin Mathis, Charles’ ex-girlfriend; Karen Hulsey, Caitlin’s mother; Captain Jeremy Polk, University of North Texas campus police officer; Jim Holland, Texas Ranger; Kristie Dixon, dated Charles; Glynis McGinty, Charles’ defense attorney; Lucas Allan, prosecutor; Anna Hernandez, prosecutor. 48 HOURS: “The 30-Year Secret - The Tracey Harris Murder” – a report on the murder case of a young mother that had been cold since 1990 and the husband who was the prime suspect. Tracey Harris was last seen in Ozark, AL the evening of March 7th, 1990. A week later, her body was found in the Choctawhatchee River. An autopsy concluded she had drowned, but also noted marks on her neck consistent with strangulation. Suspicion quickly turned to her husband, Carl. Over a dozen witnesses told police they had seen him abuse her and that he had a young girlfriend that he wished to leave Tracey for. Police did not make any arrests and the case went cold until 2016 when the Ozark Police Department’s cold case unit re-examined it. After re-interviewing witnesses, police still considered Carl the prime suspect. On September 13th, 2016, he was arrested for murder. Carl was scheduled to go on trial January 13th, 2020. While preparing the case, prosecutor Jordan Davis contacted Dawn Beasley to testify about the domestic violence she witnessed. Dawn refused and eventually revealed that in 1990 her husband, Jeff Beasley, admitted to killing Tracey. Police tracked down Jeff who still lived in

Ozark. In police interviews, he eventually confessed to accidentally killing Tracey as the two waded in the Choctawhatchee River after she threatened to reveal the affair he claimed they were having. Jeff was arrested and charged with murder. On what was to be the date of his trial, the prosecutor dropped the case against Carl. At his trial, Jeff pled guilty and received a 30-year sentence. Carl filed notice of his plan to sue the City of Ozark. **On-screen text graphic:** Dawn reached out to Carolyn to apologize. Carolyn responded, but says she isn't ready to talk. Interviewed: Kirke Adams, Dale County district attorney; Selina Dodson, Tracey's childhood friend; Carl Harris, Tracey's husband; Jordan Davis, Assistant Dale County district attorney; Dawn Beasley, Tracey's friend; Carolyn Aznavour, Tracey's daughter; David Harrison, Carl's defense attorney. 48 HOURS: “The Murder of Haley Anderson” (9:00 - 10:00p) – a report on the murder of Binghamton University nursing student Haley Anderson by fellow nursing student Orlando Tercero. In early March 2018, Haley Anderson's friends were concerned after she didn't show up to a friend's poetry reading. They tracked her iPhone to Tercero's apartment, where her friend Josie Artin climbed through the window and found her body in Tercero's bedroom. Footage from surveillance cameras around the home showed Anderson entering with Tercero on March 8th, but never leaving. Investigators believed Tercero attempted suicide, based on a tie hung in a doorway and a note he left, in which they believed Tercero admitted to killing Anderson. Tercero was seen leaving the home one last time before driving to New York's JFK airport, where he boarded a flight to Nicaragua. Four days later, his mother drove him to a hospital after another failed suicide attempt, where he was arrested by Nicaraguan authorities. Because of Tercero's dual citizenship, he was not extradited to the United States. In October 2019, he was tried for the crime of “femicide”; the Broome County District Attorney's office aided the prosecution. Tercero's attorney presented a temporary insanity defense, with a court appointed psychologist as his only witness. After a 90-minute recess, the judge declared Tercero guilty. Two weeks later, he was sentenced to 30 years in prison. On February 4, 2020, Tercero appeared in appeals court, where his attorney argued for a new psychological evaluation, to be conducted by a forensic psychologist. Magistrates quickly denied the request. Additionally, the defense argued that because Tercero was indicted in the U.S. for second-degree murder, the court was obligated to adhere to the lighter sentencing guidelines associated with it. On March 10, 2020, the appellate court denied that part of the appeal as well. **On-screen text graphic:** Tonight's 48 Hours is dedicated to Ana Real. Interviewed: Josie Artin, Haley's friend; Karen Anderson, Haley's mother; Kevin Ocampo, Haley's boyfriend; Jesse Bua, Tercero's friend and roommate; Sydney Matuszak, Haley's friend; Lieutenant Cory Minor, Binghamton Police; Steve Cornwell, former Broome County (New York) district attorney; Daniel Urcuyo, Tercero's friend (in Nicaragua); Juan David Aleman, Tercero's friend (in Nicaragua); Ashley Lopez, Tercero's friend (in Nicaragua); Esthaphanie Moroney, Tercero's friend (in Nicaragua); and an unidentified female

01/30/21 **48 HOURS: “The Search for Christie Wilson”** (10:00 - 11:00p) – an update on the case of Christie Wilson, a 27-year-old from Sacramento, CA, who disappeared in October 2005. She was last seen at the Thunder Valley Casino in the company of Mario Garcia, a 53-year-old married father of two. A lengthy investigation revealed that Mario had a prior criminal record including charges of rape and assault with a deadly weapon and spousal abuse. That information, as well as DNA evidence linking him to Christie, resulted in his arrest. His trial lasted two months and the jury deliberated for just three days. Despite the absence of a murder weapon and physical evidence to prove that Christie Wilson was dead, Mario Garcia was sentenced in January 2007 to a term of 25 years to life. Based on a serious prior conviction and other charges, his sentence was raised to 59 years. The search for Christie’s remains continued as he filed appeals from prison. In 2017, after Mario saw a television interview with Christie’s mother Debbie Boyd, he reached out and attempted to use the location of Christie’s remains as a bargaining chip. Instead, investigators re-interviewed Mario’s family regarding the days before his arrest and learned about extensive landscaping he did on his property at the time. In August 2020, ground penetrating radar revealed pockets around the property. Excavating these pockets turned up human remains, which were confirmed to be Christie Wilson. Debbie and Christie’s father Dennis had Christie’s remains cremated. In October 2020, to mark the anniversary of her death, Debbie visited the pier in Capitola where the family placed a plaque many years ago. **On-screen text graphic:** Mario Garcia died of pneumonia on December 24th, 2020. 02/13/21 **48 HOURS: “What Does The Other Woman Know? The Disappearance of Jennifer Dulos”** – a report on the disappearance of a Connecticut woman and the possible involvement of her estranged husband and his girlfriend. On May 24th 2019, Jennifer Dulos dropped her children off at their New Canaan, CT school,

but could not be located afterwards. That evening she was declared a missing person. Police quickly located her SUV at a park near her home. Inside, they found blood that looked as if someone had tried to clean it up. Investigations eventually focused on Jennifer's estranged husband, Fotis Dulos, with whom she was in a bitter divorce and custody battle with. Police obtained data from his cell phone, then located security camera footage for the various locations he visited the day of Jennifer's disappearance. The footage showed Fotis driving around with his girlfriend, Michelle Troconis, dumping trash bags around Hartford, CT. The bags were recovered and contained items including zip ties, ponchos and women's clothing, all covered in blood and traces of Jennifer's DNA. On June 1st, Fotis and Michelle were arrested, but without a body, police could only charge them for tampering with or fabricating physical evidence and first-degree hindering prosecution. After being released on bail, Michelle cooperated with police investigations and eventually admitted that Fotis had not been with her the morning of Jennifer's disappearance, as he had previously stated. On January 7th, 2020, Michelle and Fotis were arrested for conspiracy to commit murder. Police eventually identified a pickup truck belonging to one of Fotis' workmen that was spotted travelling from his home to New Canaan the morning of May 24th. A search of the truck turned up a bloodstain on the seat, which matched Jennifer's DNA. When Fotis did not turn up for a court date later that month, emergency responders were dispatched to his home where they found him unconscious from a suicide attempt. He died two days later. The state of Connecticut is moving forward with Michelle's trial. The broadcast also includes footage from a 2019 visit to Fotis' home around Christmas, with him and his family, just 10 days before he was arrested for murder, and an interview with his attorney, Norm Pattis, on the day his client died. **On-screen text graphic:** The children are being raised by Jennifer's mother in New York City. 48 HOURS (continued)

02/20/21 **48 HOURS: “Reuschel vs. Reuschel”** (9:00 - 10:00p) - a report on the trial of Mike Reuschel for the attempted murder of his wife, Sue Reuschel. On February 3rd, 2018, police in Gainesville, Florida responded to a home invasion at the home of Mike and Sue Reuschel. According to Mike, an intruder entered the home and stabbed Sue, though Detective David Visconti did not find evidence consistent with that account. After waking up from emergency surgery, Sue revealed there was no intruder and claimed Mike was the assailant; he was arrested for attempted murder. Mike’s daughter, Caroline, asserted Sue fabricated her story and recalled Sue being a heavy drinker, who exerted control over Mike’s behavior and was jealous of her. Surprisingly, Sue took an active role in planning Caroline’s wedding and paid for an expensive wedding dress. At her wedding, Caroline noticed a scar on Mike’s face, and he revealed that Sue had been physically abusive for years. Sue was arrested for domestic battery in November 2017, a fact that only came out during Mike’s trial. According to Sue, Mike revealed that Caroline’s wedding went over budget by \$150,000, which led to an argument that became physical. Afterwards, Sue agreed to move to a condo they owned and get counseling for anger and drinking problems. In February 2018, Sue returned to Gainesville to attempt a reconciliation. At dinner, a text from Caroline led to a fight. Mike and Sue drove home separately, with Sue sending Mike angry texts the whole way, including ones asking for a divorce. Sue stated that she was in the guest room when Mike came in, got on top on her and stabbed her in the stomach, cut her fingers, and slashed her wrists. He then laid in the bed next to her until she agreed to the story about an intruder. In Mike’s version of the events, he entered the guest room to find Sue holding a knife and in an ensuing struggle, the knife entered her stomach without him realizing; they then laid in bed and discussed future vacation plans. Mike further claimed Sue cut her own wrists and came up with the intruder story for fear she would be arrested. Defense expert Michael Berkland testified the blood splatter around the bed was consistent with Mike’s statements. Prosecutors contested Berkland’s testimony and his credibility; they pointed to his fear of losing half of his fortune in a divorce as motive. After four hours of deliberation, the jury returned with a guilty verdict on all counts. Mike received additional charges after a jailhouse informant claimed he tried to hire a hitman to kill Sue. After family and colleagues testified at his hearing, Mike was sentenced to 30 years in prison. **On-screen text graphic:** The murder-for-hire charges against Mike Reuschel were dropped. Interviewed: Caroline Reuschel, Mike’s daughter; Detective David Visconti, Gainesville Police Department; Didi Hoffman, Mike’s first wife; David Byron, trial co-prosecutor; Sean Brewer, trial co-prosecutor; Michael Berkland, bloodstain pattern analyst; Mike Reuschel (by phone). 02/20/21 **48 HOURS: "The Deliveryman Murders"** (10:00 - 11:00p) – a report on the connection between two similar murders committed on opposite sides of the country. On July 11th, 2020, attorney Marc Angelucci was killed at the front door

of his Cedarpines Park, CA home by a gunman posing as a FedEx delivery person. Police were unable to discern a motive. On July 19th, a similar attack occurred at the New Jersey home of federal judge Esther Salas, which resulted in her husband Mark Anderl's hospitalization and the death of their son, Daniel Anderl. While federal and state agencies investigated the attack, New York State police found the body of attorney Roy Den Hollander dead from an apparent suicide in a rural part of Sullivan County. A search of his car turned up a FedEx envelope address to Judge Salas as well as an address for Marc. Additionally, the gun Den Hollander used to kill himself matched the caliber used in the two shootings. Investigators concluded that he was responsible for both. Den Hollander had devoted his career to lawsuits aimed at what he perceived as "female privilege" and FBI agents concluded he saw Marc, who focused on male gender discrimination cases, as a professional threat. They also uncovered a manifesto where Den Hollander blamed Judge Salas for slowing down one of his lawsuits. Agents contacted other names they found among Den Hollander's documents, but believed he acted alone. **On-screen text graphic:** Legislation inspired by Daniel's Law has been introduced in the U.S. Congress. Interviewed: Cassie Jaye, Marc's friend; Hermela Aregawi, reporter, CBS Los Angeles; Kat Haley, Daniel's friend; Sarah Peterson, Daniel's friend; David Oakley, Mark Anderl's law partner; Joe Augustine, Daniel's high school coach; Matthew Zeigler, Daniel's friend; Joe Denahan, FBI Incident Commander; Captain Brian Webster, New York State Police; Joe Serio, Den Hollander's former coworker. 02/27/21 **48 HOURS: "The Puzzle: Solving the Madeleine McCann Case"** – an update on the search for Madeleine McCann, who went missing from a family vacation in Portugal in 2007. On the evening of May 3rd, 2007, Kate McCann discovered her daughter Madeleine had disappeared from the family's hotel room in Praia Da Luz, Portugal. The case quickly gained international attention, but little progress was made. Various leads led nowhere and suspects, including the McCanns themselves, were cleared. In 2010, the British government asked Jim Gamble, head of the U.K.'s Child Exploitation and Online Protection Centre to review the case. He noted deficiencies in the Portuguese authorities' tactics. Scotland Yard became involved in the investigations, but still no further progress was made. In 2017, German authorities received a tip that Christian Brueckner had drunkenly confessed to knowing what happened to Madeleine. Investigations revealed that he had a history of committing various crimes, some of which involved sexual abuse and child pornography. Cell phone data also placed him at the hotel the night of Madeleine's disappearance. Due to German law, authorities were not allowed to reveal all of the evidence they had against Brueckner, but remain certain he was responsible. **On-screen text graphic:** If anyone has information about the disappearance of Madeleine McCann, please go to

www.findmadeleine.com. Interviewed: Hans Christian Wolters, German prosecutor; Jim Gamble, former head, Child Exploitation and Online Protection Centre; Jane Hill, BBC news anchor; Jon Corner, friend of the McCanns (2007 footage); Susan Healey, Kate McCann's mother (2007 footage); Mark Hoffman, German crime and intelligence analyst. 48 HOURS

03/06/21 **48 HOURS: “Fighting for Aniah”** – a report of the disappearance of Aniah Blanchard, the stepdaughter of UFC fighter Walt Harris. On October 23rd, 2019, Aniah was making the short drive to her Auburn, AL home after dropping off her brother Elijah. Shortly after 11pm, her roommate Sarah O’Brien texted her and became concerned when Aniah responded with uncharacteristic language, that she was “smoking a blunt”. The next morning, Sarah discovered Aniah had never returned home. She and Elijah began searching for Aniah’s car and learned Aniah did not show up for her nanny job that morning. Word quickly spread of Aniah’s disappearance. Two days later, police located Aniah’s car 55 miles away in Montgomery, AL, as well as security camera footage of her stopping at a gas station convenience store the night of her disappearance. They zeroed in on Ibraheem Yazeed as a suspect. Yazeed appeared on the security footage and a witness stated Yazeed forced Aniah into her car and drove off. He was found the next day hiding in the woods in Florida and arrested. In November police also arrested Antwain Fisher and charged him with kidnapping; he cooperated and the charges were eventually dropped. Fisher informed police he and Yazeed drove to a wooded area in Macon County, where Yazeed dragged what appeared to be a body into the woods and confessed to shooting that person. A search of the area eventually produced Aniah’s body – cause of death: a gunshot wound. In December 2019, Yazeed was charged with capital murder; the pandemic has slowed all of Yazeed’s criminal cases. After learning in court that Yazeed has

other serious charges against him, Aniah's mother Angela Harris began campaigning for Aniah's Law, a bill - which if enacted - allows judges to deny bond to serious violent offenders. **On-screen text graphic:** In 2020, DA Hughes was indicted on charges unrelated to the Blanchard case. Among the counts: perjury and ethics violations. He has pled not guilty to all the charges. 48 HOURS: “Tracking the Murders of Israel Keyes” (9:12 - 10:12p) – a report on the capture and interrogation of a confessed serial killer and the search for more of his victims. On the evening of February 1st, 2012 in Anchorage, AK, Samantha Koenig went missing from her job at a roadside coffee stand. Security footage showed what appeared to be an individual with a gun leading her away. Three weeks later, her boyfriend would receive text messages, which led to law enforcement finding a picture of Samantha and a ransom demand attached to a bulletin board at a local park. Samantha's father deposited some of the ransom money in her account. A masked man was caught on camera making a withdrawal with Samantha's ATM card, but police were unable to reach him in time. Subsequent withdrawals would occur a week later in New Mexico and Arizona; on March 13th, a Texas state trooper would spot the car seen in ATM surveillance footage. A search of it would produce Samantha's ID, ATM card, a gun and the disguise seen in the Anchorage ATM footage. The driver was Israel Keyes; he was arrested and extradited to Alaska. Keyes was willing to give law enforcement information on his crimes, but asked for the promise of the death penalty and certain “treats” - such as a cigar, candy or Starbucks coffee - over the course of the investigation. Keyes confessed to chaining Samantha up in his shed, sexually assaulting her and eventually killing her and dumping her body in a lake. Over seven months of interviews, U.S. attorneys would eventually get him to reveal his part in the deaths of Bill and Lorraine Currier of Vermont in 2011, a woman in Bend, OR in the late 1990s and an individual in Washington State in 2005 or 2006. He also revealed the existence of “kill caches” of guns and ammunition he buried around the country. Though he did not take responsibility, he is also suspected in the death of Deborah Feldman in upstate New York. Keyes committed suicide December 1st, 2012. Based on drawings of skulls found in his cell and his travels through the U.S. and Canada, FBI agents believe there are more victims yet to be discovered. **On-screen text graphic:** If you have information about the Israel Keyes case, call the FBI at 1-800-CALL-FBI. 03/13/21 **48 HOURS: “The Eye Drop Homicide”** (10:12 - 11:12p) – a report on two murders linked to a common chemical found in eye drops – one in South Carolina, the other 12 miles away in North Carolina. (1) On July 21st, 2018 in Lake Wylie, SC, Lana Clayton ran outside to get help for her husband Steve. Neighbor Terry Floyd entered the home and realized Steve was dead. According to Lana, Steve had been feeling ill for days and fell down the stairs due to vertigo. Steve’s nephews, Kris Phagan and Nick French, became suspicious of her story; Nick noted Lana, a nurse who worked in several different VA hospitals, did not perform CPR. Additionally, Lana quickly moved to have Steve cremated and insisted he left no will. Unbeknownst to Lana, Kris and Nick requested an autopsy from the local coroner; Steve’s toxicology report showed the presence of tetrahydrozoline, an ingredient in eye drops. At first, Lana told the coroner and law enforcement that Steve regularly put eye drops in his coffee to induce bowel movements. Lana soon changed her story and claimed Steve was verbally and physically abusive; she tried to use the eye drops to give him diarrhea, rather than kill him. After a failed suicide attempt, Lana was charged with murder on August 31st, 2018. Prosecutors believed she hoped to inherit all of Steve’s wealth by killing him. Lana plead guilty to tampering with food and drugs and voluntary manslaughter. On January 16th, 2020, she was sentenced to 25 years in prison. (2) About three weeks after Lana was arrested, Stacy Hunsucker died in nearby Mount Holly, NC from what appeared to be a heart attack. The state insurance fraud department began investigating her husband, Josh Hunsucker, after they received a complaint from Stacy’s mother, Suzie Robinson. Stacy was cremated, but because she was an organ donor a vial of her blood had been collected and stored. Toxicology tests revealed the presence of tetrahydrozoline. On December 19th, 2019, Josh was charged with murder. He remains free on bail. **On-screen text graphic:** Lana Clayton has not been awarded any money from Steve's estate. Josh Hunsucker has not yet entered a plea and awaits trial. Stacy's parents say they have complete faith in the judicial process. 48 HOURS: "The Kidnapping of Jonelle Matthews" – a report on the cold case of a missing Colorado girl and the Idaho gubernatorial candidate linked to her disappearance. On the evening of December 20th, 1984, twelve-year-old Jonelle Matthews was dropped off at her Greeley home by friends. When her father, Jim Matthews, returned home less than two hours later, Jonelle was nowhere to be found. Police were unable to find any physical evidence related to Jonelle's disappearance, except for footprints left in the snow which appeared to have been raked over, in an attempt to cover them up. Despite prominent attention, including a mention from President Ronald Reagan, the case went cold. On July 23rd, 2019, a crew digging a pipeline in a remote area southeast of Greeley uncovered human remains with a gunshot wound to the head; the coroner confirmed it was Jonelle. In September 2019, police in Twin Falls, ID searched the home of Steve Pankey, a serial candidate for governor and sheriff in Idaho. A former Greeley resident, Pankey was known to Greeley police, due to a prior arrest and other multiple allegations. Over the years, Pankey has intentionally inserted himself into the investigation of Jonelle's disappearance – he even contacted the FBI in Fort Collins, CO one month after she went missing and mentioned her in a 1999 Idaho Supreme Court case. On October 12th, 2020 Pankey was arrested for kidnapping and first-degree murder. Details in his indictment included Pankey's mention of raked footprints, a fact never publicized by the police. However, Pankey's defense attorney, Anthony Viorst, claimed Pankey received that information directly from law enforcement and stated Pankey is merely obsessed with true crime. **On-screen text graphic:** Steven Pankey's trial is scheduled to begin on July 12, 2021. Interviewed: Darla Jentzsch, Jonelle's friend; Deanna Ross, Jonelle's friend; Jim and Gloria Matthews, Jonelle's father and mother; Jennifer Mogensen, Jonelle's sister; John Gates, current Greeley, CO mayor & former Greeley police officer; Kelly Werthmann, reporter and anchor, KCNC, Denver, CO; Anthony Viorst, Steve Pankey's defense attorney; Kevin Schneider, former guardian of Steve Pankey's son in Idaho; Ryan Horsley, political consultant and Steve Pankey's fellow church member in Idaho.
