Re: Certification Requirements for Networks: Centroamerica TV, Cine Latino,
Pasiones, and WAPA America

Dear Ms. Molina:

This is in response to your December 15 letters requesting certain certifications for Centroamerica TV, Cine Latino, Pasiones, and WAPA America. Please refer to the link [Hemisphere Compliance Certifications](#) for the following certifications:

Children’s Television Act of 1990 Certification;
Closed Captioning Certifications;
CALM Act Certification; and
Closed Captioning Certification for Programming Delivered Via Internet Protocol.

With respect to the video description rules, none of these video programming services is one of the “top 5 national non-broadcast networks” for which the audio description requirements are applicable pursuant to 47 CFR Section 79.3(b)(4). Consequently, although no audio descriptions are provided for Centroamerica TV, Cine Latino, Pasiones, or WAPA America, they are in compliance with the video description rules.

Please contact me if you have any questions.

Very truly yours,

/s/ Emily Love
