- **FINANCES:** The guest is author of "The Feel Rich project". How to view wealth in a non-traditional way. Is society too wrapped up in material gains?
- **HEALTH:** The guest is an inspirational fitness instructor. Helping people find the motivation that works for them when it comes to getting in better shape and living a longer, happier life
- **HOUSING:** Discussion of the People's Community. This is a project to redevelop financial depressed communities around the area by making more affordable housing available
