WQUE-FM
Quarterly Issues/Programs List

WQUE-FM provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **ANIMAL SERVICES:** The ongoing debate about whether the city and surrounding areas should ban pitbulls. Pitbull attacks have been on the rise recently, including a local case where a woman was attacked by her own pitbulls
- **CRIME:** Discussion of a video that surfaced recently showing conditions at Orleans Parish Prison. Among other things, the video suggests that some inmates have more freedom than they should
- **CULTURE:** Best Of segment on the belief by some that Hip Hop and the Illuminati are connected. The power of secret societies and symbolism.
- **EDUCATION:** Discussion of standardized testing. Does this approach really measure a child's intelligence and what they are able to comprehend? How much weight should schools place in these tests?
- **FAMILY ISSUES:** Part 2 of the discussion on infidelity in relationships. The guest is a clinical social worker who discusses the reasons behind why people cheat.
- **FAMILY SERVICES:** April is Child Abuse Awareness Month but how do we define abuse these days? Discussion of a video that went viral showing a father beating his 2 daughters because they sneaked out of the house. Have we lost Spare the Rod and Spoil the Child?
- **HEALTH:** Listener thoughts on making the Plan B pill available to teenagers 15 and up instead of the original 17? What is the appropriate age?
- **RACISM:** Thoughts on the Paula Dean controversy and whether this type of discrimination is common in the work place. Is racism sometimes difficult to detect?
- **SAFETY:** How safe is New Orleans, or any big city, in the wake of the Boston bombing? New Orleans is a city known for its big events. Should we be more aware of our surroundings?

**Section I
LOCAL PROGRAMMING**

Section I lists regularly-scheduled and special programs that represent the station's issue-responsive programming providing the most significant treatment of the issues listed above for the calendar quarter.
