The Fort Hays State soccer team has pitched four straight shutouts. That success has led to a third Tiger earning MIAA player of the week honors. Senior Midfielder Tanner Brock earned this week's award of a two goal performance last week in wins over West Texas A&M and Harding. Teammate Michael Cole won the award two weeks ago. Austin Clifton was honored last month. FHSU is up to 24 in the latest D Two soccer poll.

Not many players can boast the kind of success Central Plains senior Layne Bieberle has had over four years. As a standout in three sports for the Oilers...he continues to lead them to success every time he steps on the field or on the court. There are three sports athletes in the state of Kansas...and then there are three sports STARS...Central Plains' standout Layne Bieberle is a star. He was the only unanimous pick for first team all-conference in the Central Plains league for both football AND basketball...And he is a three time state medalist in tennis. But it's his success as receiver in 8-Man...a division known for it's running game is what really makes Bieberle standout...as a Junior he averages more than 22 yards a catch and he is on pace to keep up that blistering pace this season. Just don't expect Bieberle to be the one to hype his game...That's just not his style. Which is fine since most of the time what he does on the field speaks for its self...And his coach says as a four year starter...the experience he brings to his team is invaluable. The Oilers are 5-0 on the season ranked number three in 8-Man Division I. They play at Little River this Friday.

**10/9/2014**

8-Man Division II District seven...might be the most insanely difficult districts in Kansas High School football. Five of the six teams finished above 500 a season ago....and the sixth Otis-Bison...is usually in the playoff mix as well. That's why Friday's showdown between Victoria and Thunder Ridge tomorrow night. Could be epic. Both sit atop the district standings at 2-0. The winner in the divers seat...the loser with little room for error the rest of the season if it wants to make the post season. A lot of players dream of suiting up for the hometown team...few actually get a chance to do it. For Hays High alumna Paige Lunsford...playing for Fort Hays State...has been everything she imagined it would be. She's the same hometown girl....playing the same game...but the Paige Lunsford that now starts for the Fort Hays State Tigers...is a different player. It's all part of the natural evolution players must go through...when making the move from high school to college. But the hard work has been worth it for Lunsford...because she wouldn't want to be playing anywhere else. Lunsford and the Tigers wrap up 2014 on the road at Northwest Missouri State.
