Description of issue:	Heat wave alert
Organization:	San Benito County
Date:	October 1 st , 2020
Description of announcement:	This announcement describes an upcoming heat wave that was going to strike the county. They gave advice on what to do for this problem.

Aviso: Aviso de calor hasta las 08:00 p.m. del viernes

Estimado Rafael Meza Regalado,

... Pronóstico de temperaturas muy por encima del promedio hasta el viernes ... Las temperaturas cálidas durante el día y los mínimos nocturnos de suaves a cálidos persistirán hasta el viernes por la noche. Son posibles temperaturas cercanas a récord para récord en muchas áreas. Esto resultará en un aumento continuo del riesgo de enfermedades relacionadas con el calor.

* QUÉ ... Se pronostica que las altas temperaturas oscilarán entre 15 y 25 grados por encima de lo normal para la mayoría de las ubicaciones interiores. Se esperan temperaturas de entre 90 y 100 grados, con las zonas más cálidas del interior empujando a 105. Se pronostican temperaturas cercanas a récord o récord. Además, las temperaturas durante la noche solo se enfriarán hasta los 60 grados en las cercanías de la costa y en los valles más fríos, mientras que en las colinas es probable que haya entre 70 y 80 grados, lo que proporciona poco alivio del calor diurno.

* DÓNDE ... Todas las ubicaciones interiores del Área de la Bahía de San Francisco y la Costa Central.

* CUÁNDO ... Hasta las 8 p.m. PDT del viernes.

* IMPACTOS ... Puede ocurrir un mayor riesgo de enfermedades relacionadas con el calor, como el agotamiento por calor y la insolación, debido a la exposición prolongada a temperaturas altas. Las

Play It Safe

Due to the ongoing spread of COVID-19 in our communities, please follow these simple steps to help keep our outdoor playgrounds safe, open and fun.

- ✓ **WEAR A MASK**
Everyone 2 years and older should wear a mask covering their face.
- ✓ **MAINTAIN DISTANCE**
Maintain physical distance of 6 feet between individuals from different households and prevent crowding of children.
- ✓ **NO FOOD OR DRINK**
Do not eat or drink in playground to ensure face masks are worn at all times.
- ✓ **WASH HANDS**
Wash or sanitize your hands before and after you visit
- ✓ **PLAN AHEAD**
Visit the park at different times or days to avoid crowds and waits.
- ✓ **KNOW WHEN TO STAY HOME**
Elderly individuals and people with underlying medical conditions should avoid playgrounds when others are present.
- ✓ **SHARE OUR SPACE**
To avoid crowding and allow everyone to use this space, please limit your visit to 30 minutes when others are waiting.

COVID-19 Update 100620.pdf

Esta es una actualización de un mensaje previo

Community: Actualización de la comunidad COVID-19 del condado de San Benito - 6 de octubre de 2020

Dear Rafael Meza Regalado,

Condado de San Benito, CA 6 de octubre de 2020: Los servicios de salud pública del condado de San Benito (SBC) continúan trabajando con los proveedores médicos para identificar y evaluar a las personas que cumplen con los criterios para las pruebas de COVID-19. Al 6 de octubre de 2020, se han reportado cuatro nuevos casos, para un total de 1371 casos confirmados de COVID-19 en SBC. Los casos confirmados incluyen pacientes que se han recuperado desde entonces y aquellos que han fallecido. El cincuenta y tres por ciento (720) de los casos positivos notificados fueron mujeres; las edades oscilaron entre 2 meses y 101 años (mediana: 36 años). Todos los resultados incluidos en esta actualización están actualizados hasta el 6 de octubre de 2020 a las 3:30 p.m.

As of October 8, 2020, two new cases have been reported, for a total of 1,374 confirmed COVID-19 cases in SBC. Confirmed cases include patients who have since recovered and those who have passed away. Fifty-three percent (722) of the positive cases reported were women; the ages ranged from 2 months to 101 years (median: 36 years). All results included in this update are current until October 8, 2020 at 3:00 p.m.

Description of issue:	National Women's Blood Pressure Awareness Week
Organization:	San Benito County
Date:	October 12 th , 2020
Description of announcement:	This announcement describes what high pressure does to our bodies and is to make people aware of what we can do in this special week.

National Women's Blood Pressure Awareness Week October 11-17, 2020

National Blood Pressure Awareness Week

High blood pressure, also called hypertension, is a significant risk factor for heart disease and stroke. Blood pressure is the force that blood exerts against the walls of the arteries when the heart beats. If this force is too high, it can damage your arteries.

High blood pressure usually has no symptoms. Regularly checking and monitoring your blood pressure helps you know when it is elevated and what is affecting your blood pressure. Check your blood pressure to find out your numbers:

The systolic (the top number) is the pressure when the heart beats or pumps blood to the arteries.

Diastolic (the bottom number) is the pressure when your heart is at rest.

To lower your risk of heart disease and stroke, try to keep your blood pressure below 120 systolic / 80 diastolic.

Learn more about maintaining a healthy blood pressure.

Description of issue:	Heat warning alert
Organization:	San Benito County
Date:	October 14 th , 2020
Description of announcement:	This announcement describes an upcoming heat wave that was going to strike the county. They gave advice on what to do for this problem.

Description of the event:
Heat warning

Notice: Heat notice until 21:00 on Friday

... Gusts of offshore winds to hit North Bay tonight and early Thursday ... Increased heat risk concerns Thursday and Friday with temperatures well above normal ... Forecasts Warm daytime temperatures and mild to warm nighttime lows on Thursday and Friday. Near record-for-record temperatures are possible in some areas. This will result in a continually increased risk of heat-related illness. Also, windy or gusty winds are expected from Wednesday night through early Thursday. The strongest winds will be the higher elevations, especially the North Bay.

* WHAT ... High temperatures are forecast to be 15-25 degrees above normal for most indoor locations. Temperatures between 80 and 100 degrees are expected, with warmer areas inland pushing 101-103. Near record or record temperatures are forecast. Also, overnight temperatures will only cool in the upper 50s to lower 60s near the coast and in the colder valleys, while the lower 70s to 80s will likely be in the hills, providing little relief. from the daytime heat.

* WHERE ... Bay Area and Central Coast.

* WHEN ... From 11 a.m. M. From Thursday until 9 p.m. M. PDT on Friday.

Description of issue:	Aids against natural disasters
Organization:	D-Call Fresh
Date:	October 14 th , 2020
Description of announcement:	This announcement describes how people can ask for help if impacted by natural disasters such as wildfires or heat strokes.

The one-week application period for both counties begins TODAY, Wednesday, October 14 and runs until Thursday, October 22.

Here's what families need to know:

1. D-CalFresh provides a month's worth of benefits on an Electronic Benefit Transfer (EBT) card that can be used to purchase food at authorized retail stores, including most grocery stores and farmers markets, as well as online through Amazon and Walmart.
2. You may be eligible for D-CalFresh if you lived or worked in the affected counties between August 14 and September 12 and:
 - a. Spent money because of the wildfire, including paying for a hotel, gas, or other evacuation expenses
 - b. Lost food because of the wildfire or a related power outage
 - c. Lost money from work because of the wildfire
 - d. Spent money because of damage to your home or business
3. Benefits and income eligibility are determined based on household size. Households that already receive CalFresh benefits are NOT eligible for D-CalFresh.
4. To apply, call 1-877-847-3663 (FOOD) to reach your local county social services department. You'll conduct an interview by phone with your county to complete the application process. If you are approved for benefits, your county will tell you where and when to pick up the EBT card.
5. For more information on eligibility and how to apply, please visit: <https://www.cdss.ca.gov/disastercalfresh>

I am working with [No Kid Hungry California](#) to spread the word about this important benefit and would be happy to connect you with English and Spanish-language campaign spokespeople for interviews as needed. I have also included below some sample verbiage for your broadcasts, as well some relevant graphics, in case it's helpful for a newscast VO/reader or any digital coverage.

Find out why it's still important to compare plans for 2021. [medicare dot gov](https://www.medicare.gov).

Why is it important to compare plans for [2021](#)

Open Enrollment is your opportunity to review and compare your current Medicare coverage with other plan options for 2021!

Even if you are happy with your current plan, it is important to check for changes next year and compare it to other available options. You can even find plans that save you money! With plan premiums at record lows, now is the time to explore your options and find the one that best suits your needs and budget.

Compare plans

Log in to your Medicare account and add your prescriptions for more personalized recommendations [when comparing plans](#). We will make suggestions based on the prescriptions you have filled in the last 12 months. And if you don't have a Medicare account, now is a great time to create one!

Description of issue:	Compare Medicare Health and Drug Plans
Organization:	The Medicare Team
Date:	October 29 th , 2020
Description of announcement:	This announcement describes what the medicare health and drug plans are so you can compare them.

Consider your health care needs when choosing a 2021 Medicare plan.

[medicare dot gov](https://www.medicare.gov)

Compare Medicare health and drug plans

Just as your health care needs can change from year to year, so do Medicare plans. And not all plans offer the same benefits. Open Enrollment is your chance to review your Medicare coverage options, and find the best fit for you.

Compare Plans

Here are some things to consider when shopping for Medicare coverage:

Check if your doctors are still in-network and your prescriptions are on the plan's list of covered drugs, or "formulary."

With historically low plan premiums, be sure to also consider the plan's deductible and other out-of-pocket costs that factor into a plan's total costs.

Some plans offer extra benefits, like vision, hearing, or dental coverage, that could help meet your needs in 2021.

Visit Medicare.gov through December 7 to compare plans and make any changes. If you decide to change plans, your new coverage will start January 1.

Sincerely,

The Medicare Team

Description of issue:	Police arrest suspect in Arson and Vandalism cases
Organization:	Hollister Police Department
Date:	November 2 nd , 2020
Description of announcement:	This announcement describes about the reports of fires in downtown area and that there are several amounts of vehicle vandalisms.

Hollister Police Department

Advisory: Police Arrest Suspect in Arson and Vandalism Cases

KMPG RADIO. Dear Rafael Meza Regalado,

HOLLISTER, CALIFORNIA – November 2, 2020 – The Hollister Police Department has made an arrest of a 21-year-old suspect in connection to the downtown fires and vehicle vandalisms.

On November 2, 2020, Police and Fire personnel responded to several reports of fires in the downtown area during the early morning hours. The fires were suspicious and several calls of vehicle vandalisms involving slashed tires began to be reported.

Officers from the nightshift reviewed the downtown cameras and were able to see what looked like the same vehicle at two of the fire locations. Other officers from day shift recognized the vehicle as possibly being associated with someone they had recently come in contact with and developed possible suspect leads.

At around noon, Hollister Detective Melgoza and Torres were able to locate the possible suspect vehicle near the 200 block of San Benito Street. Surveillance of the vehicle was conducted with the assistance of

Description of issue:	Fire activity
Organization:	San Benito County Sheriff's office
Date:	November 6 th , 2020
Description of announcement:	This announcement describes how there will be fire activity in the area of 5500 Frazier Lake Rd.

11 06 2020

Friday November 6, 2020, 9:43 AM

San Benito County Sheriff's Office

Advisory: Fire activity in the area of 5500 Frazier Lake Rd

Kmpg Radio Dear Rafael Meza Regalado,

We are kindly asking everyone from the public to stay away from Frazier Lake Road south of Shore Road. When people try to go take a look at the fire, they are blocking access for emergency resources. Please refrain from doing so. There is also a large amount of embers leaving the area of the fire in a south westerly direction. Please report any smoke or fire activity you see away from the fire so resources can need directed to any spot fires. Lastly, air quality will more than likely be poor in the areas south and west of the 5500 block of Frazier Lake Road. Please refrain from remaining in the area and breathing in the smoke.

Community: San Benito County COVID-19 Community Update - November 13, 2020

KMPG Radio Dear Rafael Meza Regalado,

San Benito County, CA November 13, 2020: San Benito County Public Health Services (SBC) continues to work with medical providers to identify and evaluate individuals who meet criteria for COVID-19 testing. As of November 13, 2020, eighteen new cases have been reported, for a total of 1,581 confirmed cases of COVID-19 in SBC. Confirmed cases include patients who have since recovered and those who have passed away. Fifty-three percent (837) of the positive cases reported were women; the ages ranged from 26 days to 101 years (median: 36 years). All results included in this update are current through November 13, 2020 at 3:00 PM.

Description of issue:	Guide to prevent COVID-19 transmission
Organization:	California Department of Public Health
Date:	November 16 th , 2020
Description of announcement:	This announcement describes how to prevent COVID-19 transmission following a certain guide provided by the California Department of Public Health.

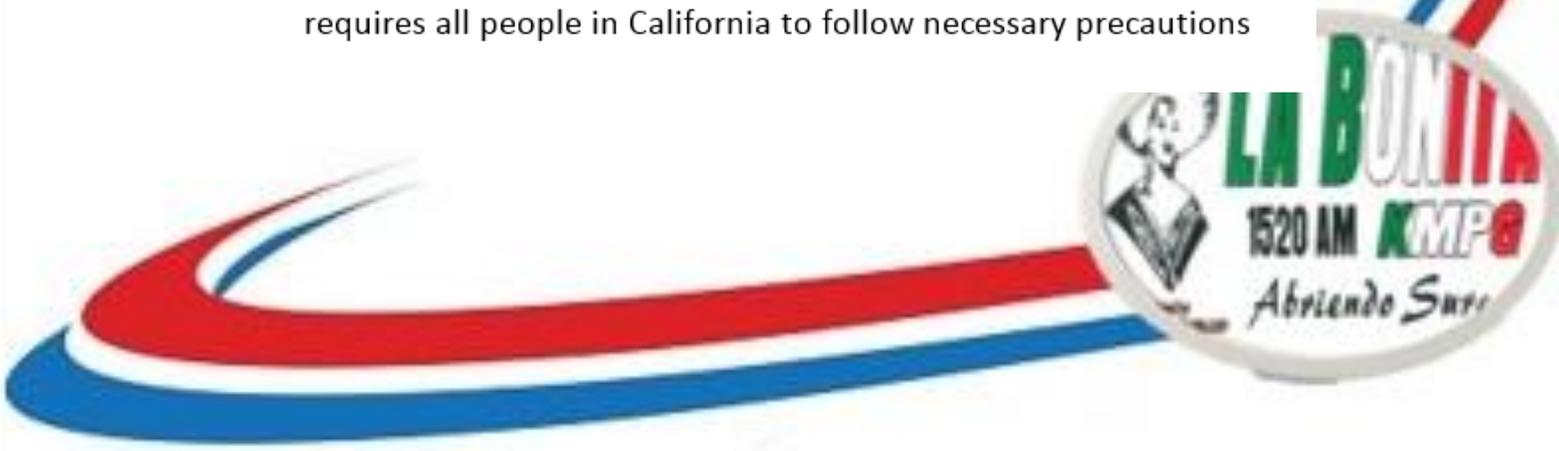

Advisory: The California Department of Public Health (CDPH) publishes an updated meeting guide and travel notice for all ...
 KMPG Radio Dear Rafael Meza Regalado,

CDPH Guide to Preventing COVID-19 Transmission for Meetings

This guide provides an updated plan for Californians to gather outside of their home and replaces the guide from previous meetings of March 16, 2020, October 9, 2020, and others. It applies to private meetings, and all other meetings not covered by the existing industry guidance are prohibited. It also applies to activities protected by the First Amendment to the extent that they are no longer permitted by other guidance, despite any guidance, order, or directive to the contrary. Encounters are defined as social situations that bring together people from different homes at the same time in a single space or place. When people from different households mix, this increases the risk of COVID-19 transmission.

Context

COVID-19 continues to pose a severe risk to communities and requires all people in California to follow necessary precautions

Wed, Nov 18 at 1:59 PM

We can connect you to a Marketplace-registered agent or broker who will contact you to help you enroll in a health care plan for 2021.

Agents or brokers are trained and registered by the Marketplace and licensed in their respective state. They're usually paid by the insurance companies whose plans they sell; however, they're required in many states to act in the consumer's best interest.

If you would like an agent or broker to contact you for help enrolling, select the button below. You'll be redirected to "Help On Demand," where you can provide your contact information and an agent or broker will reach out to you.

Note: Simply providing your contact information isn't considered enrolling. To get coverage, you must still complete your application and pick a plan by the December 15 deadline.

U.S. EPA to Support Farmworker Safety raining in the Pacific Southwest Through Funding National Farmworker Programs Association

\$2.5 million to be awarded nation-wide

SAN FRANCISCO—The U.S. Environmental Protection Agency (EPA) Pacific Southwest Regional Office is excited to promote farmworker safety through new support for the Association of Farmworker Opportunity Programs (AFOP), which will receive up to \$500,000 annually to conduct pesticide safety training over the next five years. With EPA funding, AFOP will administer this grant to provide occupational health and safety trainings to migrant and seasonal farmworkers in more than 25 states including Arizona, California, Hawaii and Nevada.

"EPA is pleased to continue working with the Association of Farmworker Opportunity Programs as we work toward our common goal of protecting our farmworkers and their families," said EPA Assistant Administrator for the Office of Chemical Safety and Pollution Prevention Alexandra Dapolito Dunn. "This exciting partnership complements our Agricultural Worker Protection Standard perfectly and will develop national pesticide safety training, education, and outreach for farmworkers and their families in rural agricultural areas."

"This cooperative agreement will fund training to educate pesticide applicators, handlers and farmworkers on working safely with, and around, pesticides," said EPA Pacific Southwest Regional Administrator John Busterud. "This longstanding partnership has

November 20, 2020

The state issues a limited stay-at-home order to slow the spread of COVID-19. Nonessential business and personal meetings are prohibited between 10 p.m.

In light of an unprecedented rapid increase in COVID-19 cases in California, Governor Gavin Newsom and the California Department of Public Health (CDPH) today announced a limited stay-at-home order that generally requires that the Work, movement, and nonessential meetings stop between 10 p.m. M. And 5 a. M. In the purple tier counties. The order will go into effect at 10 p.m. on Saturday, November 21 and will remain in effect until 5 a.m. December 21.

On Monday, the state hit an emergency brake on the Plan for a Safer Economy, placing more than 94 percent of California's population in the most restrictive-purple tier that included San Benito County.

This Stay at Home limited order is designed to reduce opportunities for disease transmission. Activities

What is the processing time for a passport?

Current status of passport procedures

The State Department is processing passports that are handled routinely in a time that ranges between 10 and 12 weeks. Likewise, expedited service, which takes 4 to 6 weeks, was resumed at an additional cost. If you want to make an appointment because you have an urgent trip within 3 days, please note that spaces are limited when the reasons for this trip are not life and death.

KMPG Radio Dear Rafael Meza Regalado,

Orden regional de estadía en casa vigente para el Valle de San Joaquín
Restaurantes, peluquerías y otras empresas para volver a pautas más protectoras para reducir la propagación del COVID-19

REGIÓN DEL VALLE DE SAN JOAQUÍN - El gobernador Gavin Newsom anunció que todos los sectores, excepto el minorista y las operaciones esenciales, cerrarán en las regiones del estado donde menos del 15 por ciento de las camas de la Unidad de Cuidados Intensivos (UCI) están disponibles bajo una nueva Orden Regional de Estadía en Casa. A partir de hoy, la capacidad de la UCI regional ha caído por debajo del 15% de la capacidad disponible, aplicando la Orden de quedarse en casa regional a todos los condados de la región del Valle de San Joaquín, a partir del domingo 6 de diciembre de 2020 a las 11:59 p.m. La nueva Orden Regional es una medida de protección para limitar la propagación de COVID19 y apoyar a los miembros de la comunidad más vulnerables y a los trabajadores de primera línea de los hospitales.

Do you know a low-income family that needs help paying rent? High rents have pushed low-income service providers like health care workers, cleaners, retailers, food preparers and construction workers out of our communities. Every day the Santa Clara County Housing Authority ensures that 18,000 low-income families have an affordable place to call home. Now the agency is making it easier to get help through permanently open Section 8 voucher interest lists. Find out how to sign up by visiting the Housing Authority's website at www.scchousingauthority.org/applicantportal/ or call 1-888-717-1180

David

San Benito County, CA.- San Benito County is preparing and planning for receipt of COVID-19 vaccine. Illness occurring among the intensive care, emergency department and other critical care staff in hospitals will have the greatest negative impact on the health care of the community overall, thus they are prioritized for vaccination.

“We are working closely with our partners to plan and prepare for vaccine

Advisory: San Benito County Warns of Possible COVID-19 Vaccine Scam

KMPG Radio. Dear Rafael Meza Regalado,

San Benito County - December 17, 2020: Public health experts from California and the nation are warning the public about potential COVID-19 vaccine scams.

The US Department of Health and Human Services issued a fraud alert on December 3, 2020. The alert can be found [here](#).

As we posted earlier in the week, here, the first batch of COVID-19 vaccine has arrived in San Benito County.

Key points for the COVID-19 vaccine:

The vaccine will be administered at predetermined levels.

Hospital personnel, skilled nursing facilities, assisted living facilities, medical facilities, paramedics, EMTs, and public safety officials will have priority to receive the vaccine first.

Community: Public Health Emphasizes the Importance of Protecting Workers and Reporting COVID-19 Outbreaks in the Workplace

Dear Rafael Meza Regalado,

San Benito County, CA - As 24 deaths and 110 new cases of COVID-19 have been reported to date, San Benito County Public Health Services (Department of Public Health) emphasizes the importance of worker protection and report outbreaks in the workplace. Supporting workplaces experiencing outbreaks is a crucial part of slowing the spread of COVID-19 and protecting the health of communities.

San Benito County is experiencing a sharp increase in cases, hospitalizations and deaths; primarily the result of the mix of home, meetings, and vacation-related activities. Not surprisingly, these have led to an increase in COVID-19 infections and outbreaks in the workplace.

People can transmit the COVID-19 virus two days before they have symptoms, if they have symptoms at all. People infected with
