## **GOOD DAY STREET TALK**

The following are some of the topics discussed on the Public Affairs program "Good Day Street Talk" in the 4th Quarter:

### **10/6/18**

Influential women making a real difference! One story teller gives her take on a tale that has a mix of political intrigue and Nancy Drew! It has all of the classic elements - J. Edgar Hoover and the FBI in the era of McCarthyism, with a Jewish scientist accused of being a spy! And it's all true! Writer Robin Bady discusses the impact it has had on her family and her life. Also, they are on the front lines of medicine! Nurses are there to help us through some of our most difficult medical experiences, but sometimes they don't always get the recognition they deserve! Registered nurse Shantay Carter, who is also Founder of the non-profit Women of Integrity, Inc., talks about her experience. Plus, most minority girls from low-income areas don't dream of being scientists or engineers, whether it's a lack of confidence, preparation, or awareness. But now a unique program, is inspiring these young women to take a step toward a career in the field of stem! MIT engineering grad Yamilee Toussaint who is the Founder of STEM From Dance talks about inspiring the next generation. And, one of America's most influential and respected non-profit CEOs is using her experience to help families in our communities! Gisselle Acevedo, President and CEO of the Ackerman Institute for the Family, discusses the work of the organization.

### **10/13/18**

Celebrating the inspiration of women including power on the economic front! Female entrepreneurs are making a real statement in the business world! Quenia Abreu, Founder and President of the New York Women's Chamber of Commerce, Deputy Director Jacquelyn Martell, who is also the Co-founder of the "Contract-Her" initiative, Annabelle Santos, Founder and CEO of "Spadét", and Malla Haridat, Founder and CEO of "New Designs for Life Training" discuss the influence of women entrepreneurs. Also, playwright Ione Lloyd talks about her role in the #metoo movement. And, one woman in particular is making a difference around the globe as she leads an effort with her foundation to deliver medical supplies and humanitarian provisions to areas around the world that have been hard hit by natural disasters. Afya Foundation Founder and Executive Director Danielle Butin talks about the efforts.

**10/20/18**

How some of the nation's key issues are playing a role in our everyday lives. We look at education and a staggering number – 80% of American children living in poverty are not proficient readers by the end of the third grade. And what's even further troubling is most educators say they do not receive the training needed to help these students become strong readers. Lynette Guastafarro, Chief Executive Officer of Teaching Matters, talks about this ongoing problem and what's being done to solve it. Also, the issue of healthcare where one man is using his experience in medicine to help those in need in the United States and abroad. Sixtus Atabong, President and Founder of Purpose Medical Mission, shares his very personal story. And, it has served as a cultural centerpiece for the largest community of people of African descent in the nation! For over 50 years, it has brought world-class theater, music, dance and more to low-income residents of central Brooklyn. Dr. Indira Etwaroo, Executive Director of Restoration Art, talks about the organization's inspiration.

**10/27/18**

Making a difference through the arts! Imagine being a high school student with dreams of making it to Broadway! One theater company is giving these aspiring actors and writers a shot at making it on the stage! Will Cantler, Co-Artist Director of MCC Theater, and Ren Santiago who is an MCC Alumna talk about the program. Plus, Jessica Formoso introduces us to an opera singer from El Salvador who is living his American dream. And, in today's political climate, there has been a lot of criticism raised about the state of current public discourse! There are a number of issues that may divide us rather than lead a way to a valuable and meaningful discussion. But one forum has a history of creating respectful and thought-provoking dialogue, and it's doing it through the arts! William Spencer Reilly, Executive Director of the Sheen Center for Thought and Culture, talks about how it's being done!

**11/3/18**

We are now only days away before voters head to the polls in what many are calling the most important election in modern history! A number of governorships across the country are on the ballot this year including right here in New York! Also at stake is a possible transfer of power in the house as a so-called "blue wave" could wash across various Congressional races! But it's also been a very divisive election cycle, with negative ads and rhetoric defining certain races! We take a look at some of the races here in our area including the bitter contest for New Jersey's Senate seat between Democratic Senator Bob Menendez and Republican Challenger Bob Hugin. Guests include Democratic Strategist Andre Richardson, Alexandra Wilkes of America Rising PAC, and Erik Engquist of Crain's New York Business.

**11/10/18**

Honoring our veterans! We take a look at some of the organizations helping our brave men and women as they return from service! Post-traumatic stress continues to be a major issue for our returning veterans! A number of assistance programs are available to improve the mental health outcomes for them and their families. Among them is the Cohen Veterans Network! President and CEO Dr. Anthony Hassan talks about the programs offered! Then, it was February 9th of 2007 when Army Ranger Sergeant James Regan lost his life while serving in Iraq! In his memory, family and friends created a way to help the men and families of the elite special operations 75th Ranger regiment! James' dad, Jim Regan who is also the Founder, Chairman and CEO of the Army Ranger Lead The Way Fund, shares is personal story and how the organization is lending support! And, "Ready For Next!" That's the motto of the Green Beret Foundation as they assist our returning members of the united states army special forces so that they can succeed in their next mission here at home! Green Beret Lyle Hendricks, who is the Ambassador of the Green Beret Foundation, discusses the organization's mission.

### **11/17/18**

Bridging the gap between high school students and major corporations, and giving today's youth the opportunity and internship of a lifetime. Kevin Davis, Founder and CEO of First Workings talks about the program, while past participant Ella Dogouo explains the impact the experience has had on her. Also, one organization is making a clear impact when it comes to the issue of homelessness, especially when it comes to single mothers and their children! Deborah Koenigsberger, Founder and CEO of Hearts of Gold, gives details on how it works. And, a program that's helping underserved kids in a different kind of way! By way of the arts, Haven Kids Rock is empowering youth who have been victims of trauma and abuse to express their feelings through music, dance and acting! Founders Nefertiti Jones and Jimi Jones tell us all about it.

### **11/24/18**

A woman who is the epitome of triumph! Bouts with breast cancer and a medical mistake that would forever impact her life has not stopped her or even slowed her down! She details her incredible journey of perseverance in her book "Getting To The Other Side Of Victory." Donna Hopkins shares her inspirational story. Also, as the nation continues to deal with the emotional toll of the tragic shootings in our schools, one author has taken the subject head on in her debut novel. Told through the eyes of a 6-year-old boy, "Only Child" is receiving critical acclaim. Author Rhiannon Navin discusses her new book. And, she was diagnosed with type 1 diabetes at age six. But for New York City entrepreneur Jennifer Ross, it was her diagnosis that actually served as the inspiration for the company she co-founded. It's called "Be Mixed," and it's being recognized in the fight against diabetes. Jennifer talks about recently being honored the Dare to Dream Award by the Diabetes Research Institute at their annual "Dreams In The City" gala. And, "Dreams In The City" Young Professionals' Chair Lindsey Inserra talks about the importance of the award and what it means for those living with diabetes.

**12/1/18**

Did you know that it's possible to grow your own garden from the comfort of your own home or even apartment? One organization proves that it's a real possibility! Richard Campbell is an entrepreneur, a Peace Corps volunteer, and the Founder of To Soil Less and tells us about this new, innovative way to garden! Also, by the year 2020, there will be 1.4 million computer-science-related jobs available! But there will be only 400,000 graduates with the skills to fill those jobs. It's a major gap that needs to be closed for both sides to benefit. Dr. Arthur Langer, Founder and Chairman of Workforce Opportunity Services talks about ways to close the gap. And, careers in the stem field have been front and center in recent years, especially for today's youth! But new research shows that teens may not want to head down that path, and instead have changed their expectations. Joseph Peri, President and CEO of Junior Achievement of New York discusses the new results.

**12/8/18**

A look at some of the best things the city has to offer our kids, including South Bronx United which is helping at risk and immigrant youth build character and leadership through soccer, education, and mentoring. And, after school programs remain one of the most important parts of a child's development, and one non-profit is taking it to a whole new level for kids in under-served communities! We find out about G.O.A.L. - Giving Open Access To Learning! And, there's no denying that the arts can play an important role in children's lives, and the Children's Museum of the Arts is helping to foster that creativity!

**12/15/18**

Looking deep within yourself and improving your own life! Ever think that everything is coming easy to others, and that you are missing out on all the breaks? There are tips on how you may be able to change your own luck! Coach, public speaker and author of "Can You Learn To Be Lucky? Why Some People Seem To Win More Often Than Others" Karla Starr tells us more. Also, imagine finding out more about yourself than you ever thought you knew, and all from a deck of playing cards! The results can lead to important decision-making for your future. Life coach and author of "Play Your Cards Right: A Sacred Guide To Life On Earth" Alexander Dunlop demonstrates. And, we all want to improve our health and lifestyle! But if it becomes more difficult to do than imagines, it could be enough to discourage anyone! Health and wellness expert Stephanie Mansour of "Step It Up With Steph" has some simple, manageable ways to do it.

**12/22/18 & 12/29/18**

Inspirational stories of 2018! Everything from youth making a difference, to others who are finding special meaning in giving back, we take a look back at the past year and the people who lifted our spirits including our everyday heroes, some of the most important issues that led to the help for others, breakthroughs in medicine and how it's changing people's lives, and today's inspirational youth!

### **MCGREGOR - KHABIB UFC BRAWL**

It's been the talk on Twitter all day. And tonight, the Nevada State Athletic Commission is promising a comprehensive investigation into last night's massive brawl following the main event of UFC 229. Things got crazy after Habib Nurmagomedov defeated Conor McGregor. Shortly afterward, Habib jumped the fence of the octagon to attack members of McGregor's corner. A wild brawl between both camps followed resulting in several arrests. The bad blood between the fighters goes back to that infamous incident at Barclays Center back in April when McGregor threw a hand truck at a bus that Habib and other fighters were sitting in. McGregor later pleaded guilty to disorderly conduct. Following last night's brawl, UFC President Dana White had this to say.

### **CALIFORNIA WILDFIRES**

Heartbreaking loss. Massive wildfires in California continue to carve a path of destruction across the state. Entire communities reduced to rubble as firefighters continue to battle three major wildfires that are causing utter devastation by the day. At least 31 people have been killed statewide with more than 200 unaccounted for. All but two of those deaths are a result of the camp fire in northern California. More than 8,000 firefighters from several states are battling the fires with about 300,000 people across the state under evacuation orders. Raegan Medgie reports on the very latest. Two of those wildfires in California continue taking their toll. In the south, the Woolsey fire located west of Los Angeles scorched more communities as the Santa Ana winds picked up this afternoon. But in the north, the camp fire now called the most destructive wildfire in California history.
