## UPFRONT

Upfront is a half hour public affairs program that airs on WCTK/WNBH/WPVD every Sunday morning. The program features interviews with representatives of various social service organizations, state/town and city agencies and other experts in a variety of fields within the communities served. It is both topical and informative.

Although the Upfront program is broadcast on all stations, it is individually tailored for the communities served and is broadcast on the respective stations serving that community. WCTK is also available on line. WCTK/WPVD host is Phil Lopiccolo and WNBH host is Ed Pereira.

## PSA Programming

WCTK/WNBH/WLKW air public service announcements on a variety of subjects throughout each broadcast day. These Public Service Announcements are recorded.

### **Public Service Announcements**

*The following PSAs were recorded and aired on the dates specified. These public service announcements are sent in by local organizations and families to help raise money for their local causes and also from national organizations. They air on WCTK overnights and WNBH/WPVD rotating throughout the day. PSAs are also aired on our on-line steaming and posted on WCTK.com*

#### **7/1/19 -9/30/19 – Ad Council “Goat”**

There are 123,000 children in the US foster care system awaiting adoption, but 15-to -18-year-olds represented only 5% of all children adopted in 2017. This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming “firsts” to share with a teen. Recruit loving families for teens by reassuring prospective parents that even if they are not “perfect,” they can provide the support and commitment that teens in foster care need and deserve.

#### **7/1/19-9/30/19-Ad Council “Smokey 75- Stephen Colbert V2”**

For 75 years, Smokey Bear has been protecting our forests and getting the word out about wildfire prevention. His powerful message, “Only you can prevent wildfires,” is at the heart of one of America’s longest running PSA campaigns. In honor of Smokey Bear’s 75th birthday, celebrities have joined the historic campaign, lending their voices to help expand on Smokey’s iconic catchphrase through the use of animated emoji technology. In celebration of Smokey’s 75th birthday, run PSAs that encourage viewers to protect what they love by preventing wildfires.

#### **7/1/19-9/30/19- Ad Council- “Wireless Alerts- Sounds in Your Life”**

The Ready PSA campaign from Federal Emergency Management Agency (FEMA) is designed to prepare American families for an effective response to whatever natural or man-made disaster may come next. While the country has experienced recent devastating natural disasters, such as earthquakes, wildfires, tornados and hurricanes, only 20% of Americans say they feel very prepared for a disaster. Yet 64% of Americans say disaster preparation is very important for people to do. The Ready campaign’s resources can help close that gap. The PSA message—“Don’t Wait. Communicate.”— encourages Americans to talk to their loved ones and make a plan that’s shared with all family members. The campaign also encourages Americans to be informed and build a kit with essential supplies that will last up to 72 hours. PSAs urge every American to visit Ready.gov and learn how to make their emergency plan today.

7/1/19-9/30/19- **Ad Council-** *“Play by Play”*

According to National Highway Traffic Safety Administration data, in 2017 there were over 10,000 people killed in alcohol-impaired driving accidents. That’s about 1 person every 48 minutes. The Buzzed Driving Prevention campaign aims to inspire recognition of the many familiar warning signs indicating impairment, including oversharing, taking too many selfies, or even over-texting. The PSAs, directed towards men ages 21 and 35, inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you see a buzzed warning sign, you should stop and call a cab, car or friend. Buzzed Driving is Drunk Driving.

7/1/19-3/30/19- **Ad Council-** *“Forklift”*

Today 1 out of every 2 working dads (48%) say they spend too little time with their kids and want to do a better job at parenting. Having an involved father significantly contributes to happier and healthier children, and this is true whether a father lives with his child or not. The Ad Council’s Fatherhood Involvement campaign encourages men to #DanceLikeaDad and share a moment with their children. New PSAs feature fathers and children dancing with and alongside each other to show the smallest moments can make the biggest difference. All PSAs direct audiences to visit [Fatherhood.gov](http://Fatherhood.gov) for parenting tips, fatherhood programs, and other resources. Share this timeless message with the dads in your community.

7/1/19-9/30/19- **Ad Council-** *“Text and Whatever”*

Texting and driving is dangerous – that is a fact. Americans are highly aware of and concerned about the issue. More than nine in ten Americans believe sending (94%) and reading (91%) texts while driving is dangerous or very dangerous. There have been many efforts to educate and convey the potential consequences of texting and driving using scare tactics or preachy messaging. And, while research shows that people are convinced that the behavior is dangerous, they are still doing it. In order to address the disconnect between awareness and behavior, the Texting and Driving Prevention campaign aims to go beyond showing people the potential crashes and gruesome end results. Instead, PSAs address the fact that individuals are personally engaging in a behavior that they know is dangerous and remind young adults 16-34 that no one is special enough to text and drive.

7/1/19-9/30/19- **Ad Council-** *“Goo Goo Dolls”*

Families and children across the U.S. are struggling with hunger, and they need our help. Nearly 13 million children, that’s 1 in 6 kids, in the U.S. struggle with hunger. Kids who don’t get enough to eat begin life at a serious disadvantage. As they grow up, these kids are more likely to have health problems and experience difficulty in school and in other social situations. Feeding America is the nation’s leading domestic hunger-relief charity, providing meals to more kids than any other charitable organization in the U.S. New PSAs depict stories of working families who struggle with hunger. The assets encourage audiences to help end of the story of hunger by visiting [FeedingAmerica.org](http://FeedingAmerica.org).

7/1/19-9/30/19- **Ad Council-** *“Olivia Munn- Adopt Pure Love”*

While every shelter pet is unique – some are playful, some are cuddly – there’s one thing

they have in common: they're all pure love. Just ask actresses Olivia Munn and Rachel Bloom and NFL athlete Logan Ryan! The three stars share what makes their pets unique and talk about the incredible bond between shelter pets and parents to encourage adoption nationwide. In addition, discover the stories of three everyday shelter pet parents. Meet Ahnya, a girl with Asperger's syndrome, and her cat Lucky, retired Navy veteran Brian and his shelter dog Tommy and student Renee and her adorable shelter dog Turtle. Each year, 6-8 million dogs and cats will enter shelters and rescue groups, yet only half will be adopted. This leaves millions of healthy and treatable dogs and cats who still need our help to find a home. Join Olivia, Rachel, Logan, Ahnya, Brian and Renee in encouraging Americans to find their furry friends at shelters and rescue groups. Air new PSAs to inspire your community to Adopt Pure Love today.

7/1/19-9/30/19- **Ad Council-** *"Lucky"*

More than 40 million Americans currently care for an aging or older loved one. It may start with a simple errand or scheduling a doctor's appointment, but over time caregiving can expand to a significant responsibility. The impact is significant: 1 in 5 caregivers report a decline in the quality of their physical, emotional and social well-being. Caregiver Assistance PSAs spotlight AARP's Family Caregiving site and encourage caregivers nationwide to access free Care Guides, self-care tips, planning resources, legal and financial guidance, and more, so that caregivers can care for their loved ones and themselves. Different rounds of campaign creative target women ages 35-60, male caregivers, African-American and Latino caregivers.

7/1/19-9/30/19- **Ad Council-** *"Earrings"*

Finding employment and building careers helps people earn paychecks and feel pride and independence. When people shop at Goodwill®, they help Goodwill provide the job training and other support services people need to earn jobs locally and care for their families. New PSAs showcase the variety of unique finds available at Goodwill stores and celebrate Goodwill shoppers, whose purchases help fund job skills training and more in their local communities. Goodwill shoppers are local heroes, who care about their communities and want to help their neighbors find jobs. This campaign celebrates both their style and their commitment to doing good. As the leading nonprofit provider of job training, career and community services, Goodwill uses the revenue earned from the sale of these goods to create job training and education, and to provide other community-based services such as child care, financial education, mentoring and more. In fact, collectively, more than 87 percent of the revenue spent at Goodwill stores is reinvested in community-based services including free resume preparation, career counseling, interviewing skills and many more. ## Community Events

### Joan DeCotis Foundation's 2019 Summer Gala: Night Under the Stars

The Joan DeCotis Foundation will host its 3<sup>rd</sup> Gala and Auction on Thursday, August 1, 2019 at the Dunes Club in Narragansett, Rhode Island, from 6:00 pm – 10:00 pm. This evening of elegance is sure to be a night to remember. Gala guests will join the Joan DeCotis Foundation, along with members from Brown University Oncology Research Group (BrUOG), at this exclusive, member only beach club for a night of hope and inspiration as they shine a light on the efforts being made to cure lung cancer.

Since 2016, the Joan DeCotis Foundation has partnered with BrUOG, one of the leading cancer research groups in the county, to help raise lung cancer awareness. These efforts have raised more than \$260,000 towards supporting clinical drug trials for patients with non-small cell lung cancer. This night of luxury will include a cocktail hour, a seated dinner, dessert and a live and silent auction.

*“Our Gala and Auction is an opportunity for lung cancer patients and survivors, their caregivers, healthcare professionals, and members of the community to see first-hand how important philanthropic support is in the research and development of these clinical trials, which continue to offer some of the best treatment hope for those with lung cancer. And as someone who has lost both parents to this disease, I am dedicated to finding a cure for what continues to be the leading cause of cancer death in the United States. I have hope that with our continued support, we can change the way we treat lung cancer.”*

*-Kristen Decotis-Liguori, Joan DeCotis Foundation Board Member.*

The Foundation is pleased to announce that former WLNE-TV ABC6 and WPRI-TV12 meteorologist, Steve Cascione, and Vice President of Commercial Lending at Navigant Credit Union, Jeff Cascione, will serve as auctioneer and Master of Ceremonies for the evening.

Guests can bid on items ranging from to trips to New York, Boston, and Aruba to exclusive dining, golf, sport and theatre experiences, to luxury lifestyle brands. Gala attendees can also stop by the Joan DeCotis Foundation step and repeat and have their picture taken to remember their time at this incredible event.

By supporting events like the Night Under the Stars Gala, guests help the Joan DeCotis Foundation realize its mission to raise awareness of lung cancer and to support promising clinical trials that will help improve the outcome for those battling this deadly disease.
