

WYRS/WLNJ
LOCALLY PRODUCED PROGRAMS

A VIEW FROM THE PULPIT, a 3 minute program, airs Saturday, 12:30 pm and Sunday, 8:31 pm. Gleanings from Reverend Kisenwether, on church issues from his decades of experience as a pastor.

LIVING THE OBVIOUS, a 15 minute program, airs Monday, Tuesday, and Friday, 5:45 pm. How do you manage to get your gardens to grow so strong? It's really simple...fertilize, water, sun, weed...repeat! Daily! When folks do not put the effort into doing this, they wonder why their garden stinks! What's happened? Living the Christian life is very similar. It is not always a big, hard, theological task all the time. Mostly, it's more of the obvious trusting in God for each new day. Using the Bible for guidance, Lisa Padula shares how to, "Fertilize, water, sun, and weed your life daily...and then repeat!" This is what is called Living The Obvious!
