Explanation of each commercial time overrun:

Definitions: Commercial Matter: Air Time sold for purposes of selling a product or service; Children's Programming: Programs originally produced and broadcast primarily for an audience of Children 12 years old or under; commercial limits in Section 73.670 of the FCC rules: 10:30 minutes of commercial matter on weekends; 12:00 minutes of commercial matter on weekdays. (Commercial time limits are calculated at the clock hour; i.e., commercial matter in breaks before and after a children's program is counted to the extent it falls within the same clock half-hour as the children's program. Commercial time limits must be prorated for programs less than an hour long but more than 5 minutes, e.g., 5:15 minutes weekends/6:00 minutes weekdays are the limits for half hour programs.)
