What do we do when our suffering is because of our faith. The preacher fears that we don't suffer for our faith because we don't expose our faith like we should. The power of the Cross isn't as strong when we don't we don't profess it in moments that will create suffering.. That we live through Christ as long as we don't suffer. That's no way to walk with God.

Continuing the series of when we suffer because of our faith. How do we walk in a broken world. If we live by our faith, we're going to come up against suffering for our faith. Remember that leaning on God to get through it. You can't run from it because you're running from God.

It was Fathers day, but the message was for everybody. When divine strength comes your weaknesses melt away. When you expose your weaknesses to God and other people, your weaknesses start going away.
