We address community issues on our Focus on North Central Ohio program aired on WMFD DT 1 Monday evenings at 7pm & Sunday's at 5pm and also on WMFD DT2 Monday evenings at 11pm.

Attached is an Issues Report on the programs which addresses specific community issues, needs and interests. Additionally, we address issues on our prime time News Watch program which is aired on WMFD DT1 weekday evenings 5-7pm and 10-Midnight.

Specific issues which we feel are of importance get additional special attention. Public service announcements are used to inform our viewers on a variety of issues. A list of just some of the PSA's aired on WMFD DT1 & DT2 are attached. We air several PSA's per month, rotating the library.

During each issues period we ascertain the issues and problems of our area with ongoing community leader contacts. These contacts are made by WMFD DT1 & DT2 management level personnel in the normal course of business, as well as our extensive involvement in community projects, organizations, and activities. The issues determined to be significant are covered through our news and public affairs programming as outlined above.
