QUARTERLY SIGNIFICANT PROGRAMS REPORT

July 1 – September 30, 2022

Station KWCH –DT is a CBS Network affiliate in its service area. In carrying out its responsibilities as a public trustee, the station deals with and is responsive to the principal issues arising in its community on a continuing basis. A variety of specials, public service announcements, public affairs programs and broadcasts on matter of concern to our community are supplemented, in some cases, with in-community projects. Our most significant programming, which has dealt with current community issues during the preceding three-month period, is set forth below.

There are three primary satellites of KWCH-DT which simulcast most of the programming. KBSD-DT, KBSH-DT, and KBSL-DT do insert local segments and are listed in the Supplemental Issues and Programming report for each station.

Specific Treatment of Community Issues

News stories carried in any of five daily newscasts, Monday through Friday, and on three per day newscasts on Saturday, and on two per day newscasts on Sunday, ranging in length of 45 seconds or more, address community issues.

COMMUNITY ISSUES

Crime - Channel 12 reports regularly on criminal activity throughout the entire Channel 12 viewing area as well as the rest of the country and the world. Here we are listing just a few of the stories that were included in our newscast this quarter.

Community - Events impacting the quality of life, including community caring and involvement.

Economy - The economy is of major importance to Kansas residents. Continuing growth keeps our employment rate high; new contract acquisitions by the local aircraft manufacturers, old businesses leaving town, new businesses coming in, proposed tax increases/decreases, and major weather concerns for residences and businesses. All of these factors impact the community, and are of ongoing interest and concern for our viewing audience.

Education - Channel 12 has updated its method of covering educational issues in its viewing area, with the assignment of one reporter to focus solely on education.

Environment - Environment issues and concerns are of interest to the Channel 12 viewing area and are aired regularly in our newscasts to keep our viewers as informed as possible of the latest in Environmental technology, treatments, advisories, etc.

Health & Safety - The well-being of Channel 12 viewers is always our top concern and the Channel 12 News Team is on top of every issue from traffic hazards to severe weather warnings, school closings, fire safety, disaster preparedness and emergency situations. And, with severe weather season, storm spotter training meetings are held several times a week in locations throughout the Channel 12 viewing area all over the state.

Politics - Channel 12 makes sure to convey to viewers how the issues and decisions by city, county and state government can affect them.

48 HOURS

- 07/02/22 **48 HOURS: “Peter Chadwick: Caught”** - a reedited, updated rebroadcast of “#FindPeterChadwick” (OAD: 05/11/19): the investigation into the search for – and eventual capture of– a multimillionaire real estate investor accused of killing his wife and staging a kidnapping plot. 48 HOURS gained exclusive insight into the U.S. Marshals’ search for Peter Chadwick, who was charged with killing his wife and then jumped bail. Chadwick and his wife, Q.C. Chadwick, were college sweethearts, married for 21 years and had three sons. They lived in a gated community in Newport Beach, California. That dream life collapsed one day in 2012 when neither of the Chadwicks turned up to pick up their sons from the bus stop. Investigators had little idea that day the search for the couple would lead them on an international manhunt. The next morning, San Diego authorities got a 911 call from Chadwick, claiming a house painter named Juan murdered Q.C. and forced Peter Chadwick to get her body out of the house. He said a man helped Juan and they were planning to cut up his wife’s body and dispose it south of the border. Law enforcement didn’t believe Chadwick, and he was arrested and charged with Q.C.’s murder. He was released on \$1 million in bail. Then he vanished. That was 2015. Chadwick was one of the U.S. Marshals’ 15 most-wanted fugitives. U.S. Marshal Craig McCluskey tells 48 HOURS that a previous edition of the broadcast that focused on the case caused Chadwick to alter his life on the run and ultimately helped

lead to his capture. Updated on-screen text graphic for 08/10/19 rebroadcast: Peter Chadwick has been denied bail. No date has been set for his trial. **On-screen text graphic for the 07/02/22 rebroadcast:** In February 2022, Peter Chadwick pleaded guilty to killing his wife in exchange for a 15-year-to-life prison sentence. (See also: 48 HOURS: “#FindPeterChadwick”, OAD: 05/11/19) (C: Tracy Smith – P: Chuck Stevenson, Gayane Keshishyan Mendez) (OAD: 08/10/19)

48 HOURS (continued)

07/09/22 **48 HOURS: “The Ring: The Murder of Patrick De La Cerda”** – a report on the February 27th, 2018 murder of Patrick De La Cerda, who was expecting a delivery of an engagement ring for his fiancée, Jessica Devnani. De La Cerda was shot four times in the doorway of the home he shared with his father on the outskirts of Deltona, FL. The investigation exposed a meticulous murder plan crafted by a man jealous of the couple’s relationship: Devnani’s ex-boyfriend, Gregory Bender, who had been harassing the couple. Since Bender violated the restraining order the couple had against him by telephoning Devnani the morning of De La Cerda’s murder, he was arrested. A February 28th, 2018 search of Bender’s home led to the discovery in a trash can of several handwritten pages with a map of the murder scene and details of how to conceal the crime. Less than 48 hours after De La Cerda’s death, Gregory Bender was arrested for murder in his front yard, after being released from the Orange County Jail. The trial included testimony from Bender’s ex-wife, Daymara Sanchez, about the murder plan; Bender’s defense insisted that the murder plan did not equate to guilt. 07/16/22 **48 HOURS: “The Murdaugh Mysteries”** (10:02 – 11:02p) - a report on the investigation into Alex Murdaugh, a wealthy, once prominent attorney in the South Carolina Lowcountry, and the incidents connected to his family. On June 7th, 2021, Alex Murdaugh called 911 to report he found his wife Maggie and son Paul shot to death at the family’s hunting lodge in Colleton County. About two-and-a-half years earlier, Paul was charged in the February 2019 boat crash that killed 19-year-old Mallory Beach. Mallory was one of six friends onboard the Murdaugh family boat when it crashed into a bridge on Archer’s Creek. All were underage, and all drinking alcohol. A month after the crash, the Beach family filed a wrongful death suit against members of the Murdaugh family. In September 2021, Alex Murdaugh resigned from his law firm and a day later reported he was shot. He later named Curtis Smith as the gunman, who maintains he did not shoot Alex and claims Alex requested Curtis’ help to make the incident look like a suicide. Alex faces charges of insurance fraud, conspiracy to commit insurance fraud and filing a false police report, in addition to two felonies related to a different alleged

insurance fraud case involving the 2018 death of Gloria Satterfield, his former housekeeper. Evidence gathered by investigators looking into the shooting of Maggie and Paul Murdaugh led to the reopening of the investigation into the unsolved death of Stephen Smith, who was 19-years-old when he was found dead on a Hampton County roadway in July 2015. Alex Murdaugh was admitted to the Richland County jail October 16th; Curtis Smith is out on bail. The investigation into the murders of Maggie and Paul Murdaugh is ongoing. *No on-screen text graphic for the 10/30/21 original broadcast.*

On-screen text graphic for the 07/16/22 rebroadcast: Last Thursday a grand jury indicted Alex Murdaugh for two counts of murder and two counts of possession of a weapon in connection with the death of his wife Maggie and his son Paul. According to his attorneys: "Alex wants his family, friends and everyone to know that he did not have anything to do with the murders of Maggie and Paul. He loved them more than anything in the world." Murdaugh was already facing 84 prior criminal charges. He has not entered a plea for any of those charges, most related to fraud and theft. Interviewed: Michael DeWitt, Jr., managing editor, *The Hampton County Guardian*; Stephen Domino, former deputy sheriff, Beaufort County; Seth Stoughton, law professor, University of South Carolina; Lynn Reavis, Mallory Beach's aunt; Curtis Smith, alleged gunman, distant cousin of Alex Murdaugh; Jonny McCoy, Curtis Smith's defense attorney; Ronnie Richter, Satterfield family attorney; and Dick Harpootlian, Murdaugh family attorney (questioned at a recent hearing). 07/23/22 **48 HOURS: “The Secrets of Chad Daybell’s Backyard”** (10:07 – 11:07p) - an update on the ongoing cases against Chad Daybell and his new wife, Lori Vallow Daybell. Chad and Lori were charged in May 2021 with murdering her children, 7-year-old JJ Vallow and 16-year-old Tylee Ryan, who disappeared in September 2019. In June 2020, their bodies were found in shallow graves on Chad Daybell’s property, just outside of Rexburg, ID. Additionally, prosecutors in Arizona have charged Lori with conspiring with her now-deceased brother Alex Cox, to kill Charles Vallow, her estranged husband in July 2019; and in Idaho, Chad and Lori have been charged with conspiring to murder Tammy Daybell, Chad’s wife, who died in October 2019. Lori and Chad were scheduled to be tried together, but just after the murder charges were announced, Lori’s case was put on hold. A judge ruled Lori incompetent to stand trial while she undergoes mental health treatment. In August 2021, the State of Idaho announced it will seek the death penalty against Chad Daybell, who has plead not guilty to all counts. This broadcast includes the first television interview together of all five of Tammy and Chad Daybell’s children: Emma, Mark, Leah, Seth and Garth, who defend their father, continue to maintain his innocence, and share their theory that he was framed by Lori and Alex. A self-made millionaire, he was married to Carole Lewis. They ran “Wildlife on Easy Street” in Tampa, Florida -- billed as an exhibit space for big cats. In August 1997, Don vanished while traveling to Costa Rica. Though Carole was not an official suspect, his ex-wife, daughters and other friends and associates were suspicious and claimed that Carole and Don’s marriage was troubled. Carole had Don declared legally dead in 2002. In 2004, Carole Lewis became Carole Baskin when she married attorney and businessman Howard Baskin. With his help, Carole changed the name and mission of the animal exhibit; now called “Big Cat Rescue”, it is a sanctuary

focusing on animal rights. Interest was renewed in Don's disappearance due to the Netflix series "Tiger King", which chronicles an Oklahoma-based, eccentric big-cat owner named Joseph Schreibvogel, better known as Joe Exotic, and his battle with Carole who sought to shut him down. Throughout the series and on his own YouTube channel, Joe, the self-proclaimed Tiger King, alleged Carole had murdered Don in 1997 and fed him to their tigers. In 2019, Joe was convicted and sent to prison for, among other things, hiring a hitman to kill Carole. Currently, there are no suspects in the disappearance of Don Lewis. **01/01/22 UPDATE:** Includes excerpts of an interview with Alex Spiro, an attorney and former New York City prosecutor, now working for Don Lewis' daughters. He has been investigating their father's disappearance for months and says there are new witnesses. Joe Exotic remains in prison; there was no presidential pardon. Jasmine reportedly first told police

48 HOURS: "Who Killed Jonelle Matthews?" (9:00 – 10:00p) - an update to "The Kidnapping of Jonelle Matthews" (OAD: 03/27/21), a report on the cold case of a missing Colorado girl and the Idaho gubernatorial candidate linked to her disappearance. On the evening of December 20th, 1984, 12-year-old Jonelle Matthews was dropped off at her Greeley home by friends. When her father, Jim Matthews, returned home less than two hours later, Jonelle was nowhere to be found. Police were unable to find any physical evidence related to Jonelle's disappearance, except for footprints left in the snow which appeared to have been raked over, in an attempt to cover them up. Despite prominent attention, including a mention from President Ronald Reagan, the case went cold. On July 23rd, 2019, a crew digging a pipeline in a remote area southeast of Greeley uncovered human remains with a gunshot wound to the head; the coroner confirmed it was Jonelle. In September 2019, police in Twin Falls, ID searched the home of Steve Pankey, a serial candidate for governor and sheriff in Idaho. A former Greeley resident, Pankey was known to Greeley police due to a prior arrest and other multiple allegations. Over the years, Pankey has intentionally inserted himself into the investigation of Jonelle's disappearance – he even contacted the FBI in Fort Collins, CO one month after she went missing and mentioned her in a 1999 Idaho Supreme Court case. On October 12th, 2020 Pankey was arrested for kidnapping and first-degree murder. Details in his indictment included Pankey's mention of raked footprints, a fact never publicized by the police. However, Pankey's defense attorney, Anthony Viorst, claimed Pankey received that information directly from law enforcement and stated Pankey is merely obsessed with true crime. Steven Pankey's trial is scheduled to begin on July 12th, 2021. 01/08/22 UPDATE: Steve Pankey went on trial in October 2021. His ex-wife, Angela Hicks, testified against him. The defense named Norris Drake as an alternative suspect; his mother and sister lived across the street from the Matthews home and he was at his mother's house the night Jonelle disappeared. Drake died in 2007. Pankey testified in his own defense. In his closing argument, Viorst raised questions about his client's mental health. In November 2021, jurors found Pankey guilty of making false reports to authorities but were deadlocked on the murder charges; the judge declared a mistrial. Prosecutors have announced they are ready for a new trial – they still believe Pankey murdered Jonelle Matthews. The update also includes new interviews with Greeley Mayor John Gates, reporter Kelly Werthmann and defense attorney Anthony Viorst. Original on-screen text graphic: In Loving Memory Josh Gelman. **On-screen text graphic for the 08/06/22 rebroadcast:** The retrial of Steven Pankey is scheduled for October 4, 2022. Interviewed: Darla Jentzsch, Jonelle's friend (2021 broadcast); Deanna Ross, Jonelle's friend (2021 broadcast); Jim and Gloria Matthews, Jonelle's father and mother (2021 broadcast); Jennifer Mogensen, Jonelle's sister (2021 broadcast); John Gates, current Greeley, CO mayor and former Greeley police officer (2021 and 2022 broadcasts); Kelly Werthmann, reporter and anchor, KCNC, Denver, CO (2021 and 2022 broadcasts); Anthony Viorst, Steve Pankey's defense attorney (2021 and 2022 broadcasts); Kevin Schneider, former guardian of

Steve Pankey's son in Idaho (2021 broadcast); Ryan Horsley, political consultant and Steve Pankey's fellow church member in Idaho (2021 broadcast). (See also: 48 HOURS: "The Kidnapping of Jonelle Matthews", OAD: 03/27/21) (C: Richard Schlesinger – P: Judy Rybak) (OAD: 01/08/22)

08/06/22 **48 HOURS: “The Circleville Letters”** (10:00 – 11:00p) – a report on the unsolved case of the Circleville letter writer who, beginning in March 1977, terrorized residents in the small town of Circleville, OH. The threatening and anonymous letters, mostly postmarked from Columbus, OH, were received by residents for nearly two decades and exposed alleged secrets about neighbors and friends. The letters first focused on married school district superintendent Gordon Massie and his rumored relationship with school bus driver Mary Gillispie. On February 7th, 1983, Gillispie saw an obscene sign about her 13-year-old daughter on a fence. When she went to remove it, Gillespie noticed it was tied to a string, which led to a box with a gun rigged to go off. The gun was traced to her brother-in-law, Paul Freshour. Freshour’s estranged wife Karen Sue, who did not respond to requests for an interview for this broadcast, told investigators he was also the Circleville letter writer. Never charged with sending any of the letters, Freshour went on trial on October 24th, 1983 for the booby-trap. Found guilty, Freshour was sent to prison, but the letters continued, even though he was kept in isolation and not allowed pen or paper. The Circleville letters stopped in 1994, when Freshour was released. Freshour maintained his innocence and fought to clear his name. He claimed his gun had been stolen and suspected his son Mark, who died by suicide in September 2002. Freshour died June 28th, 2012. **On-screen text graphic:** No one has ever been charged with writing the Circleville letters...but the Pickaway County Sheriff’s office says the case is closed. Interviewed: Martin Yant, journalist; Marie Mayhew, podcaster, “*Whatever Remains*”; sisters June Whitehead and Janet Cassidy, grew up in Pickaway County, OH; Pam Stanton, family friend of Paul Freshour; Robin Yocum, author, former crime reporter, *The Columbus Dispatch*; Mary Ellen O’Toole, former FBI profiler; and Beverley East, forensic document expert. 08/13/22 **48 HOURS: “The Online Life & Death of Bianca Devins”** – a report on the murder of Bianca Devins, a 17-year-

old popular social media figure, who was murdered by Brandon Clark in Utica, NY. Bianca met Brandon on social media; they briefly dated but were never exclusive. In July 2019, Brandon and Bianca traveled to New York City to see a concert. Bianca also invited Alex, a new friend, to meet her there and expressed on social media her concern that Brandon would be jealous. On July 14th, 2019, an image of Bianca’s lifeless body appeared on the social media platform *Discord*, which prompted calls from around the country. At first, friends thought it was a fake because Brandon posted it and it was not unusual for people on the platform to post disturbing images to get a rise out of others. That changed when Brandon called 911 and told the dispatcher he was on a dead-end road, not far from Bianca’s home. Responding officers arrested Brandon and found Bianca’s body under a tarp. Before the police could notify Bianca’s mother Kim Devins, someone texted her family the photo. While the family grieved, images of Bianca’s body

spread across multiple social media platforms; online trolls relentlessly sent her family the photos and cruel memes and along with the photos, hateful messages blamed Bianca for what happened. Prosecutors searched Brandon's phone and discovered that he made a video while he killed Bianca with a knife; additional evidence on his phone indicated the murder was not a crime of passion. Two weeks after Bianca's death, Brandon was officially charged with second-degree murder. Shortly before Brandon's trial began in February 2020, he pleaded guilty. Five months later, Brandon attempted to change his plea; the judge denied his request. On March 16th, 2021, Brandon was sentenced to 25 years to life. Original on-screen text graphic: Bianca's family continues to work to get Bianca's Law passed. The family still receives graphic photos of Bianca's murder. **On-screen text graphic for the 08/13/22 rebroadcast:** This year, the New York state Assembly and Senate passed a law that criminalizes sharing personal images of crime victims. The law awaits the New York Governor's signature. The Devins family still receives graphic photos of Bianca's murder. Interviewed: Elizabeth, Bianca's online friend; Kim Devins, Bianca's mother; Frank Williams, Bianca's grandfather; EJ Dickson, staff writer, *Rolling Stone*; Steven Crimando, behavioral scientist; Bryan Coromato, Utica Police detective; Michael Curley, Utica Police detective; Sarah DeMellier, prosecutor, Oneida County District Attorney's office; and Michael Nolan, prosecutor, Oneida County District Attorney's office. 48 HOURS: “The Tara Grinstead Mystery” – an updated rebroadcast of “The Tara Grinstead Mystery”, which includes an update on her murder and the subsequent investigation, as well as the tips ignored by law enforcement, which could have closed the case years earlier. Tara, a Georgia schoolteacher, was last seen in Ocilla, when she left a party on October 22nd, 2005. When Tara failed to turn up for work, police were contacted. Officers and Maria Woods Harber, Tara’s friend, entered her home to find it mostly undisturbed, save for a broken lamp. Outside, suspicions were aroused by a latex glove. Attention turned to the men Tara had been dating, however, they all had alibis. Weeks later Jannis Paulk, Tara’s neighbor, was told by an employee about overhearing two men - Bo Dukes and Ryan Duke - claiming to have burned her body, which she reported to police. In 2006, John McCullough was spending the holidays with Bo Dukes. After getting drunk, Dukes admitted his involvement with Tara’s disappearance. In February 2007, John reported this to three different police departments. Neither Jannis’ nor John’s tips were followed up on by law enforcement for years. In 2015, Bo Dukes began dating Brooke Sheridan. Eventually, he would tell her about his part in Tara Grinstead’s disappearance. At her urging, he confessed to the police that he had burned Tara’s body in a pecan orchard his family owned in an attempt to cover up her death at the hands of Ryan Duke during a botched robbery. Duke was arrested and confessed to Tara’s murder. DNA tests matched him to the latex glove found outside Tara’s home. In March 2019, Dukes went on trial for charges related to covering up Tara’s death. He would be convicted on all charges and sentenced to 25 years in prison. **08/20/22 UPDATE:** In May 2022, Ryan Duke's attorneys argued during his trial that the state had the wrong man. But the prosecution said they had evidence: audio and video of Ryan confessing to killing Tara, when he spoke to the GBI back in 2017. The defense said Ryan was under the influence of painkillers at the time and only took the blame because he was afraid of Bo Dukes. In the end, Ryan Duke was acquitted of all charges relating to Tara's murder -- convicted only of concealing her death. At his sentencing hearing, Tara's stepmother, Connie, read the family impact statement. Original on-screen text graphic: Ryan Duke's trial has not been scheduled. It has been delayed by defense motions and the COVID-19 pandemic. *(No on-screen text graphic for the 09/04/21 rebroadcast.)* **On-screen text graphic for the 08/20/22 updated rebroadcast:** Ryan Duke was sentenced to 10 years in prison for concealing the death of Tara Grinstead. Bo Dukes is serving 25 years for concealing her death, hindering the apprehension of a criminal, and lying to investigators. Both men are awaiting trial in a neighboring county on charges related to burning Tara’s body. Interviewed: Jannis Paulk, Tara’s neighbor; Maria Woods Harber, Tara’s friend; Dana Wilder, Tara’s friend; Marcus Harper, Tara’s ex-boyfriend; Gary Rothwell, special agent, Georgia Bureau of Investigation (GBI); John McCullough, Bo Dukes’ friend; Brooke Sheridan, Bo Dukes’ girlfriend. 08/27/22 **48 HOURS: "The Yogurt Shop Murders"** (9:00 – 10:00p) - an update to "Innocence Lost" (OAD: 01/21/17), a report on the December 6th, 1991 murders of Eliza Thomas, Sarah and Jennifer Harbison and Amy Ayers in a yogurt shop in Austin, TX. All four girls were tied up and shot; the yogurt shop was then set on fire. In the weeks after the murders, authorities received countless tips, many false confessions and interrogated teenagers Maurice Pierce, Michael Scott, Robert Springsteen and Forrest Welborn. With no solid evidence, they were released. There were no developments in the investigation until 1999, when new detectives assigned to the case arrested the original four suspects. Charges against Welborn and Pierce were eventually dropped. Scott and Springsteen each stood trial for murder; both were convicted, with Springsteen sentenced to death and Scott sentenced to life in prison. On appeal, the convictions were overturned when DNA evidence did not match any of the suspects, leaving the case still unsolved.

02/05/22 Update: The DNA sample from the crime scene is not a complete DNA profile and just contains the male portion of DNA. In 2017, Austin police investigators thought they found a match on a public DNA database used for population studies. The seemingly matching sample on the public database had been submitted anonymously by the FBI. Restrictions in privacy made getting a name difficult. In 2020, advanced testing was allowed and came up with additional markers which ruled out the potential match. With DNA research advancing, investigators hope there will be a match that solves the case. Maria Thomas, Eliza and Sonora's mother, died in 2015. Original on-screen text graphic: If you have information about the Yogurt Shop Murders, call 512-472-TIPS. **On-screen text graphic for the 08/27/22 rebroadcast:** The Homicide Victims Family Rights Act (*sic.*) was signed in to (*sic.*) law on August 3, 2022. Motivated by the yogurt shop murders, the law provides family members of cold case murder victims a way to officially request federal investigators review their case with the latest available technology. (Please note the correct title of the law is the "Homicide Victims' Families' Rights Act".) Interviewed: John Jones, retired, former detective, Austin Police Department; Sonora Thomas, therapist, Eliza Thomas' sister; Joe James Sawyer, defense attorney, represented Robert Springsteen; Amber Farrelly, member of the defense team for Michael Scott and Robert Springsteen; CeCe Moore, DNA expert, genetic genealogist; and Congressman Michael McCaul (R-TX). 08/27/22 **48 HOURS: “#LindasStory”** (10:00 – 11:00p) - a report on the cold case investigation into the death of 11-year-old Linda O’Keefe and how an innovative Twitter campaign, launched 45 years after her murder, helped in the quest to find her killer. Linda disappeared on July 6th, 1973, as she walked home from summer school; she was last seen talking to a man in a turquoise blue van in Corona del Mar, CA. Her body was found the next morning along a nature trail. There were few clues to what happened and after years of working on the case, the detectives eventually ran out of leads. On July 6th, 2018, the Newport Beach Police Department launched a series of tweets which told Linda’s story, and ended with the killer’s DNA composite released to the public. The unusual campaign went viral, accumulating more than 7 million impressions worldwide, and garnered national and international attention to the case. Inspired by the methods used to arrest the Golden State Killer, investigators applied genetic genealogy to Linda’s case and uploaded the killer’s DNA profile into GEDmatch, a public database. In January 2019, the DNA sample left by Linda’s attacker led to a perfect match in Monument, CO: James Alan Neal. Further investigation revealed that at the time of Linda’s murder, he lived in Orange County and that his real name was James Albert Layton. Soon after Linda was killed, he turned up in Florida under his new identity. James Neal’s criminal history contained petty crimes to serious offenses and included other sexual assaults. He was arrested and pleaded not guilty on all counts in Orange County Superior Court. In the summer of 2020, James Neal died of natural causes while in custody. *No on-screen text graphic for the original airdate and rebroadcast.* Interviewed: Jennifer Manzella, former Newport Beach PD spokesperson; Cindy Borgeson, Linda’s sister; Linda’s classmates: Jeff Thurnher, Brian Weaver, Lysa Christopher, David Wedemeyer, and Terry Briscoe Corwin; Janine “Jandi” Pierle, witness; Ron Yeo, discovered Linda’s body; Detective Sergeant Court Depweg, Newport Beach PD; Detective Mike Fletcher, Newport Beach PD; Jim White, criminalist who collected swabs of the killer’s semen from Linda’s body; CeCe Moore, chief genetic genealogist, Parabon NanoLabs; and Eric Scarbrough, senior deputy district attorney, Orange County, CA. 09/03/22 **48 HOURS: “The Final Hours of Amie Harwick”** (8:00 – 9:00p) - an update to 48 HOURS: “The Life and Death of Amie Harwick” (OAD: 02/22/20, Rebroadcast: 08/29/20), a report on the death of Hollywood family therapist and author Amie Harwick. In the early morning hours of February 15th, 2020, Los Angeles, CA police responded to a call of a woman screaming; they found 38-year-old Harwick lying unresponsive beneath the third-floor balcony of her home. Police found evidence of a struggle and forced entry. The cause of death was ruled to be blunt force injuries to the head and torso, with medical examiners finding evidence of strangulation. Harwick’s friends led investigators to her ex-boyfriend, Gareth Pursehouse, who she met in 2008. Their relationship turned abusive – there were numerous police reports and two restraining orders Harwick obtained against Pursehouse and she ended the relationship in 2012. Four days after Harwick’s death, police arrested Pursehouse and charged him with murder. **02/12/22 Update:** In September 2021, Pursehouse appeared at the Los Angeles Superior Court for a preliminary hearing. Prosecutors presented DNA evidence which they said was a match to Pursehouse. A syringe found on Harwick’s balcony was tested and the results

revealed that it contained nicotine, which can be a lethal poison; police found a syringe in Pursehouse's home similar to the one filled with nicotine. After six days of evidence and arguments, the judge ruled there was more than enough evidence to bind Pursehouse over for trial for the murder of Amie Harwick. Her friends plan on attending.

The broadcast also includes an excerpt of a 2014 interview for 48 HOURS with Dr. Neal Benowitz, a leading expert on nicotine. Dr. Benowitz wrote a report about the Harwick case. - 09/03/22 **48 HOURS: “Mystery on County Road M”** (9:00 – 10:00p) - a report on the death of Barbara Kendhammer, a Wisconsin mother of two and the case against her husband Todd Kendhammer, who told investigators his wife was injured when a pipe flew off a truck and pierced the windshield of their car on September 16th, 2016. She later died at the hospital. Investigators were never able to find the truck and Todd gave police different accounts of where he was going that morning. Three months after Barbara’s death, Todd was arrested; he went to trial for his wife’s murder in December 2017. Found guilty, Todd was sentenced to life in prison, eligible for parole after 30 years. Four years after his conviction, Todd’s new legal team presented their findings at an evidentiary hearing this past summer. The judge in the case is expected to render a decision in the spring of 2022 on whether Todd Kendhammer will get a new trial. The broadcast features the first television interviews with the couple’s children, who believe their father is innocent. Original on-screen text graphic: A judge is expected to rule by the spring of 2022 if Todd Kendhammer will get a new trial. **On-screen text graphic for the 09/03/22 rebroadcast:** In May 2022, a judge denied Todd Kendhammer’s request for a new trial. - 09/10/22 **48 HOURS: “Death on Safari”** - a report on the death of Bianca Rudolph, which occurred while she was on a safari vacation with her husband, Dr. Lawrence (Larry) Rudolph, and the international investigation that followed. The Rudolfs were getting ready to head back home after a safari vacation in Zambia in October 2016 when Bianca suffered a fatal gunshot wound to the chest. The couple were experienced hunters. Larry, a successful dentist with several offices near Pittsburgh, PA, told local authorities that he was in the bathroom of the couple’s two-room cabin when he heard a shot and found his wife dead in the next room. Larry said his wife was packing up a shotgun in a soft-shell gun case; he first told a local hunting scout that his wife had died by suicide, but later told investigators that the gun must have accidentally fired. After two days of investigating, Zambian police closed the case, calling it an accident. There were questions early on about how Bianca could have accidentally shot herself in the chest with such a long-barreled weapon. Larry had his wife’s body quickly cremated in Zambia, which led a friend of Bianca’s to doubt this was an accident. Soon after Bianca’s death, the friend called the FBI. According to an FBI complaint, she also said Larry was having an affair with Lori Milliron, who managed the dental offices, and that Larry had been verbally abusive to Bianca; the friend also told the FBI that the couple fought over money. It took investigators five years to investigate the case. In December 2021, Larry

was arrested for the murder of his wife; he maintains his innocence. Lori was arrested in February 2022 and faces seven federal counts. Original on-screen text graphic: The joint trial of Lawrence Rudolph and Lori Milliron is scheduled to begin in July. **On-screen text graphic for the 09/10/22 rebroadcast:** On August 1, 2022, Larry Rudolph was found guilty of murdering his wife, Bianca Rudolph. Lori Milliron was found guilty of being an accessory after the fact to murder. Interviewed: Sherry Houck, worked as a dental assistant in Dr. Lawrence Rudolph's Three Rivers Dental Group; Meghan Schiller, reporter at CBS' Pittsburgh affiliate, KDKA; Spencer Kakoma, local game scout who accompanied the Rudolphs; Roston Yeyenga, now retired police commander, interviewed Dr. Rudolph in 2016; David Katz, ballistics expert, former special agent at the Drug Enforcement Agency (DEA), owner, Global Security Group; Masuwa Musese, investigator, Kafue National Park, Zambia; Mary Fulginiti, former federal prosecutor, CBS News consultant; James Gagliano, retired FBI supervisory agent, CBS News consultant; and John Dill, Lori Milliron's attorney. - 09/17/22 **48 HOURS: “Gabby Petito: The Untold Story”** (9:00 – 10:00p) – a reedited and updated rebroadcast of “What Happened to Gabby Petito?” (OAD: 09/25/21), which takes a deeper look at the murder of 22-year-old “van life” vlogger Gabby Petito, as well as raising awareness about the warning signs of domestic violence. Petito went missing in August 2021 during a cross-country trip with her fiancé, Brian Laundrie. Laundrie returned home to North Port, FL on September 1st, 2021; he and his parents did not speak to police. On September 17th, his parents reported that he left for a hike at the Carlton Reserve on the 14th and that they didn’t know where he was. Petito’s remains were found inside Bridger-Teton National Forest in Wyoming on September 19th, 2021. **UPDATE:** After a massive manhunt, Laundrie’s remains were found on October 20th, 2021; an autopsy revealed he had died from a self-inflicted gunshot to the head. A notebook was found belonging to Laundrie; his writings claimed that Petito’s death was a mercy killing by him of her because she was suffering after an accident. Petito’s parents are suing Laundrie’s estate for wrongful death, and his parents for intentional infliction of emotional distress; they are in the process of filing a lawsuit against the Moab Police Department in Utah, related to how they handled the domestic violence stop in 2021. An independent review of the officers’ actions that day found fault and recommended more training. **On-screen text graphic:** Gabby’s parents have formed the Gabby Petito Foundation, which has partnered with the National Domestic Violence Hotline. If you or a loved one are a victim of domestic violence, call the National Domestic Violence Hotline at 1-800-799-7233. Includes new interviews with: Mary Fulginiti, former federal prosecutor and defense attorney, CBS consultant; Dr. Kris Mohandie, forensic psychologist; Brian Stewart, attorney; and Patrick Riley, attorney. Also includes interviews from the 2021 broadcast: Rose Davis, Gabby’s friend; Nichole & Jim Schmidt, Gabby’s mother and step-father; and Jenn & Kyle Bethune, reported seeing the van in the Tetons to the FBI. - 09/17/22 **48 HOURS: “The Shooting of Lauren Kanarek”** (10:00 – 11:00p) – a report on the case against Michael Barisone, a former Olympic equestrian and trainer, for the attempted murder of former student Lauren Kanarek and her boyfriend, Robert Goodwin. Barisone and Kanarek’s paths first crossed in March 2018, when Barisone hosted a clinic at his Florida horse farm. Soon, Kanarek was being trained and housed by Barisone and his staff at Hawthorne Hill, his Long Valley, NJ training center and farm. Their relationship eventually soured over the level of training Barisone provided personally to Kanarek, who retaliated by posting messages on Facebook branding him a bully, racist and antisemitic – allegations Barisone denies. The posts rattled and unnerved Barisone to the point where he called 911 four times and told police he “feared” for his life. Kanarek also filed a complaint with SafeSport, a watchdog group authorized by Congress. On

August 7th, 2019, he confronted Kanarek and shot her in the chest; she managed to call 911 and after emergency surgery, survived. Charged with attempted murder and weapons charges, Barisone went on trial in March 2022; his attorney argued Barisone was driven temporarily insane by Kanarek's attacks and then snapped. Kanarek testified during the trial that Barisone bullied her. The jury found Barisone not guilty by reason of insanity. Barisone claims to recall Kanarek's social media posts about him but has no memory of the shooting; Kanarek and her family do not believe his story. **On-screen text graphic:** Michael Barisone was evaluated at the psychiatric hospital. Just last week, a judge ruled he should be transferred to a less restrictive facility. In six months, another hearing will be held to check his progress. Interviewed: Michael Barisone (his first television interview since the end of his trial); Lauren Kanarek; Jonathan Kanarek, Lauren's father, retired Wall Street attorney; Christopher Schellhorn, prosecutor; Ed Bilinkas, defense attorney; Chris Deininger, defense attorney; Michael Poulin, rider, Olympic medalist; Phillip Dutton, rider, Olympic medalist; Boyd Martin, rider, Olympian; Jordan Osborne, former student; Lara Osborne, Jordan's mother, former student, Barisone's girlfriend; Chelsea Westra, former student; Corporal Derek Heymer, police officer; Dr. Steven Simring, forensic psychiatrist for the defense; and Dr. Charles Hasson, forensic psychiatrist for the defense. 48 HOURS (continued)

09/24/22 **48 HOURS: “A Man With A Past”** – a report on the disappearance of Lori Slesinski and the case against her killer, Derrill Richard Ennis, aka Rick Ennis. Slesinski, a recent college graduate, disappeared on June 10th, 2006, from Auburn, AL. Four days after Slesinski vanished, her car was found engulfed in flames on a deserted street; she was nowhere to be found. Her friend, Rick Ennis, claimed Slesinski had gone to make a big drug deal. Investigators found no evidence of a drug deal and suspected Ennis, who police believed was the last person to be with her before she disappeared. Ennis moved away from Auburn after his third police interview and the case went cold. Investigators learned Ennis murdered his mother Dolly Flowers and stepfather Eddie Joe Flowers in 1993, when he was 12-years-old; he later claimed his mother molested him. It took 12 years before authorities made a case against him. In 2018, Ennis was charged with Slesinski’s murder, even though her body was never found. Delayed by the pandemic, Ennis went on trial for the offense of capital murder and was found guilty almost 16 years after Lori Slesinski’s disappearance. He was sentenced for a term of life without the possibility of parole. **On-screen text graphic:** Arlene Slesinski gained a new companion in 2021. Her dog, Daisey. Interviewed: Arlene Slesinski, Lori’s mother; Jessica Ventiere, prosecutor; Lindsay Braun, Lori’s friend; Mark Whitaker, special agent, Alabama State Bureau of Investigation; John Clark, former Alabama state trooper; Eddie Joe Flowers’ daughters and Ennis’ stepsisters: Angela Flowers, Tina Sexton and Donna Furr; JW Barnes, agent, Alabama State Bureau of Investigation, Mark Whitaker’s partner; Sharon Morley, Rick Ennis’ former employer; Alana Atkinson, Rick Ennis’ fiancée; Terry Booth, Rick Ennis’ former friend; and Rick Ennis (by phone).
