COMMERCIAL TIME LIMIT OVERRUNS

<u>Program Title</u>	<u>Day and Time Carried</u>	<u>Date</u>	<u>Amount of Time Overrun</u>

(Attach additional sheets, if necessary).

Explanation of each commercial time overrun:

DEFINITIONS: Commercial Matter: Air time sold for purposes of selling a product or service; Children's Programming: Programs originally produced and broadcast primarily for an audience of children 12 years old or under; Commercial Limits in Section 73,670 of the FCC Rules: 10:30 minutes of commercial matter on weekends; 12:00 minutes per hour on weekdays. (Commercial time limits are calculated on the clock hour; i.e., commercial matter in breaks before and after a children's program is counted to the extent it falls with the same clock half-hour or hour as the children's program. Commercial time limits must be prorated for programs less than an hour long but more than five minutes, e.g., 5:15 minutes weekends/6:00 minutes weekdays are the limits for half-hour programs.)
