1/16/2021	Columbus Metropolitan Club- Bridging the Digital Divide	60	7:00 PM	22.6	“In the early 1930s, only about 10% of rural citizens had electricity, about 90% of urban citizens already had it...By 1939, 417 cooperatives helped bring electricity to 25% of rural households. By 1945, nine out of 10 farms had electricity...The problem of rural electricity has often been compared to the problem of rural broadband of today. The question of rural broadband, experts say, is an economic one. Building infrastructure costs money. Providing service to lower-population areas is another financial challenge”, this according to a Farm and Dairy article from April 2020. Our panel will discuss what is being done today to speed the connection of rural communities to internet access, which is so important for today’s students and their families working from home. Featuring Jon Husted, Lt. Governor, State of Ohio, Doug Miller, Vice President, Statewide Services, Ohio Electric Cooperatives, Robin Burrow, Principal, Eastern Elementary in Meigs County, with host Ceili Doyle, journalist, The Columbus Dispatch.

1/27/2021	Columbus Rotary- Mick Yinger, Executive Director First Responders Bridge	30	8:00 PM	22.6	As retiring Detroit Firefighter David Parnell famously said, "I wish my head could forget what my eyes have seen." After the tragic deaths of Westerville (OH) Police Officers Tony Morelli and Eric Joering, retired Westerville Police Officer Mike Pavolino and Retired Columbus Officer Mick Yinger realized that we do such a great job supporting the families and community when a First Responder dies in the line of duty, as we should and will continue to do. First Responders' Bridge identified a need to extend this support to the First Responder that experiences a single traumatic event or the one that has built up years of stress. As First Responders stress and traumatic events become a regular part of what we do, which leads to problems in our personal and our professional lives. First Responders' Bridge, Corp. is a non-profit made up of First Responders who have experienced traumatic events first hand, clinicians who have counseled numerous First Responders and business and community leaders who have a heart for helping our First Responder heroes and their families.

The fabric has been fraying for a long time and was seen in tragic form on Jan 6 at the Capital. Braver Angels is an organization with thousands of hours behind it in weaving the fabric through workshops and one on one conversations. Learn a bit about what they do and what you might do better as a citizen. One outcome at Braver Angels is this: Participants rarely change their views of issues, but they do consistently change their views of each other, and many find the experience so hopeful and reassuring that they want to continue to meet and work together in the future.

Johnson was named the 16th President of The Ohio State University on June 3rd. Only the second female to claim the role, she assumed office amid a pandemic and a decision by the Big Ten to cancel its football season. Just a few short months later, she, the university, and the surrounding community experienced the antiracist protests that followed the killing of George Floyd. When asked about where she would place her focus during her challenging first days, the new president stated in the September 25th issue of <i>Columbus Business First</i> , ““It’s trying to make sure that we come out stronger, better, healthier and safer. That’s a big priority for me.” CMC looks forward to welcoming Dr. Johnson to the stage. Featuring Kristina M. 2/19/2021	Columbus Metropolitan Club- Three Chambers of Diversity	60	9:30 PM	22.6	Columbus and the surrounding suburbs have a diverse population. According to worldpopulationreview.com, "The most common ancestry groups in Columbus are German (19.4%), Irish (11.7%), English (7.9%), Polish (7.2%), and Italian (5.0%). While European immigration to Columbus has declined, the metropolitan area has seen great increases in African, Latin American and Asian immigration, particularly from China, Mexico, India, and Somalia. The city has a diverse Asian population, although the Hispanic community is mostly Mexican with a sizable Puerto Rican population. About 116,000 people in Columbus are foreign-born, which accounts for about 82% of new residents. 40% came from Asia, 23% from Africa, 22% from Latin America and 13% immigrated from Europe." But what about the diversity of business owners and how does their level of success represent a need for more awareness of the Black, Hispanic and Asian owned businesses in our community? We look forward to welcoming a panel of representatives from varied Chambers of Commerce around the city to learn about their members and their member businesses and how to support our neighbors. Featuring J. Averil Frost, Executive Director, Central Ohio African American Chamber of Commerce and Program Manager, Columbus Urban League; Claudia De León, CEVP, President, Hispanic Chamber Columbus and COO, La Mega Media; Joy Kouns-Lewis, Ph.D. VP, Asian American Commerce Group and VP of Human Resources & Risk Management, Children's Hunger Alliance with host, Hayleigh Colombo, Reporter, Columbus Business First.

2/26/2021	Columbus Metropolitan Club- State of Downtown	60	9:00 PM	22.6	Downtown Columbus has seen a lot of changes over the past year, from workers leaving office buildings downtown to work at home, to those bent on destruction using protests in the city as a cover to commit damage on local businesses, but despite these setbacks, downtown development is thriving with new investments, new buildings, and renovations continuing with plans announced for more. Current and new apartment buildings are attracting young professionals and empty nesters, and CAPA just announced reopening the Ohio Theatre for the fall Broadway series. 3/12/2021	Columbus Metropolitan Club- Bridging the Digital Divide II (Urban)	60	9:00 PM	22.6	In November 2020, the Columbus Dispatch reported, “Unlike in rural areas, where high-speed internet service is scarce, the city of Columbus is saturated with broadband internet providers who give residents multiple options to hook up to fast service. But many city residents still don’t have high-speed service. That’s likely because the high price is keeping many low-income households from affording it, a report commissioned by the Columbus Foundation found.” Join our panel to learn more about Governor Dewine’s BroadbandOhio office, created in March 2020, which is “dedicated to improving access to high-speed internet across Ohio”, as well as, what others are doing to overcome the hurdles to fulfill this mission and link those most in need to reliable internet service. 3/19/2021	Columbus Metropolitan Club- COVID's Impact: Worse for Women	60	9:00 PM	22.6	According to the October 2020 Brookings Report, “Why has COVID-19 been especially harmful for working women” , “COVID-19 is hard on women because the U.S. economy is hard on women, and this virus excels at taking existing tensions and ratcheting them up. Millions of women were already supporting themselves and their families on meager wages before coronavirus-mitigation lockdowns sent unemployment rates skyrocketing and millions of jobs disappeared. And working mothers were already shouldering the majority of family caregiving responsibilities in the face of a childcare system that is wholly inadequate for a society in which most parents work outside the home. Of course, the disruptions to daycare centers, schools, and afterschool programs have been hard on working fathers, but evidence shows working mothers have taken on more of the resulting childcare responsibilities, and are more frequently reducing their hours or leaving their jobs entirely in response.” Our panel will discuss how this situation is playing out in our community and what is being done to support the women who are faced with these challenges. Featuring Christie Angel, President & CEO, YWCA; Lisa Patt-McDaniel, President & CEO, Workforce Development Board of Central Ohio; Elizabeth Brown, Columbus City Council, President Pro Tempore and Executive Director, Ohio Women’s Public Policy Network, with host, Jo Ingles, Journalist, Statehouse New Bureau.

3/26/2021	Columbus Metropolitan Club- Solving the Affordable Housing Puzzle	60	10:00 PM	22.6	According to a September 4, 2020 article in the <i>ColumbusUnderground</i> , “There have been plenty of reports and studies in the last several years on the shortage of affordable housing in Central Ohio. And last year, a \$100 million housing fund was established and Columbus voters approved a \$50 million bond package to address that shortage. A new effort was unveiled this week which aims to lay out a clear strategy both for the allocation of those types of resources and for making sure that the burden of tackling the challenge doesn’t fall solely on the shoulders of Columbus – that the many suburbs, towns and smaller cities throughout the region also take part. Our panel will discuss how to tackle the multiple challenges identified in this report, and who is playing a part in working to solve this complicated issue in our community. Featuring Lark Mallory, General Counsel and Director of CDFI Investments at Affordable Housing Trust for Columbus and Franklin County; Aaron Schill, Director of Data and Mapping, MORPC, and Jennifer Gorsuch Walters, President Fairfield Homes, Inc., with host Mark Ferencik, journalist, The Columbus Dispatch.
