Re: Sacred Heart University, Inc. (SHU)  
WSHU (AM), Westport, CT  
Facility Identification Number: 43126  
Special Temporary Authority (STA)  
BESTA-20200403AAV

Dear Mr. Petillo:

This is in reference to the request filed on April 3, 2020. SHU requests a further extension of the STA granted on October 19, 2005, to operate from an alternate site to allow time to file the required FCC Form 301 application (due to the loss of the licensed site).<sup>1</sup> In support of the request, we note that SHU did not file the application to propose a new facility (or to co-locate with another existing station).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and SHU may continue to operate with the following facilities:

---

<sup>1</sup> WSHU is licensed for DA operation on 1260 kHz with 1 kW day and 0.009 kW night.

Geographic coordinates:	41° 07' 42" N, 73° 23' 26" W, (NAD 1927)
Frequency	1260 kHz
Hours of operation	Unlimited
Operating power	Not to exceed 0.25 kW daytime; 0.002 kW nighttime
Antenna type:	Temporary, wire

SHU must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. SHU must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **October 27, 2020**.

Sincerely,
