### **Heal The Hood Foundation**

HTH is a nonprofit organization that provides positive outlets for youth of all ages and young adults through singing, dancing, art, acting, motivational speaking, screen writing, and modeling. If we can positively influence our young people to think before they make decisions, get out of gangs, avoid outcomes that result from peer pressure, stay away from drugs and alcohol, steer away from weapons and other mass destruction, then we have just saved someone's life and helped them to be the dynamic person they were created to be. In conjunction with helping and reaching out to building the youth and maintaining partnerships with the community particularly the churches, the bottom line for what we do and who we are is to practice ministry principles first!

The Heal The Hood Foundation of Memphis' purpose is to implement and find creative methods to provide educational, cultural, and social economic and community change in the city of Memphis and surrounding areas that are heavily populated by youth crime, violence and other social deviant patterns of behaviors through multi-media science. They step in to the life of a strained family and commit to a relationship extending beyond the illness of the child – wherever the journey may lead. They serve families by feeding them, providing lodging, helping with transportation, inviting them into our homes for gatherings, counseling, and staying in close contact once they return home.

The historic Sears Crosstown building in Memphis, TN, is being preserved and redeveloped as a mixed-used vertical urban village – a purposeful collective of uses and partners. People will be living and working, learning and teaching, healing and growing well, creating and recreating, shopping and eating, like a really great neighborhood. Common areas, shared spaces, exhibition spaces and ongoing events and programming – the day-to-day creative and social “friction” – will integrate and elevate the mutual well-being of tenants, residents, and the visiting public.

An active Crosstown building will serve as an anchor and catalyst to the revitalization and economic development of the surrounding neighborhood. In turn, a newly vibrant Crosstown community, located at the nexus of Midtown, Downtown, and the Medical District, will provide cohesion for the center city of Memphis. Public Relations Manager Marvin Stockwell with The Church Health Center and Todd Richardson with Crosstown Collaborative discussed the redevelopment of the Sears Crosstown building which will soon be home to many businesses including The Church Health Center.

## **St. Jude Children's Research Hospital**

When late entertainer Danny Thomas opened the doors to St. Jude Children's Research Hospital in 1962, he was not just changing the lives of children who would walk through its doors—he was changing lives across the world. When St. Jude completed its \$1 billion, five-year expansion in 2005, it bolstered the hospital's efforts to find cures for the catastrophic diseases of childhood. The growth more than doubled the size of the hospital's original campus. The expansion included the Children's GMP, LLC—the nation's only pediatric research center on-site facility for production of highly specialized treatments and vaccines—an expanded Department of Immunology and more. Now with the addition of the Chili's Care Center, a larger, rejuvenated Kay Kafe cafeteria for employees and patients, and renovations to the medicine room and rehabilitation areas, the hospital is more poised than ever to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment. St. Jude Children's Research Hospital is internationally recognized for its pioneering research and treatment of children with cancer and other catastrophic diseases. Ranked one of the best pediatric cancer hospitals in the country, St. Jude is the first and only National Cancer Institute-designated Comprehensive Cancer Center devoted solely to children. They defended our country during wartime and peace. But some returned to the US with no homes, no job and no hope.

Help is being dispatched and it's called Stand Down For Homelessness. The goal was to give hope to veterans who might otherwise give up.

Veterans get help with housing, food, clothing and medical help.

As the City's leading official, Mayor Wharton has worked untiringly to incubate innovation and create efficiencies throughout government at a level that has brought about dramatic improvements in a relatively short amount of time. These advances have included a rooting out of corruption from within city government. Mayor Wharton established the Office for Talent and Human Capital to develop, retain, and attract the best and brightest young workers. He has pledged 55 miles of new bicycle lanes and hired the City's first Bicycle and Pedestrian Coordinator. And through what has been a difficult economic period for the nation, Mayor Wharton has with the support of others personally shepherded a number of processes that have resulted in thousands of new jobs in Memphis' economic pipeline. In concert with these efforts, he has placed equal attention and invested significant time on job retention and expansion opportunities for companies already located in Memphis. They are powerless to save them because the resources required to treat and cure congenital heart disease are not easily accessible in developing countries and remote regions. Medical team skills, money to transport and house patients and their families, medicines, equipment and facilities are scarce.

Since 1993, the **mission** of the International Children's Heart Foundation (ICHF) is to bring the skills, technology and knowledge to diagnose and care for children with congenital heart disease to developing countries that request our help. ICHF does this regardless of country of origin, race, religion or gender.

Bryan Artiles, Director of Marketing, discussed a Taste of the Caribe benefitting the International Children's Heart Foundation.

### **St. Jude Children's Research Hospital**

When late entertainer Danny Thomas opened the doors to St. Jude Children's Research Hospital in 1962, he was not just changing the lives of children who would walk through its doors—he was changing lives across the world. When St. Jude completed its \$1 billion, five-year expansion in 2005, it bolstered the hospital's efforts to find cures for the catastrophic diseases of childhood. The growth more than doubled the size of the hospital's original campus. The expansion included the Children's GMP, LLC—the nation's only pediatric research center on-site facility for production of highly specialized treatments and vaccines—an expanded Department of Immunology and more. Now with the addition of the Chili's Care Center, a larger, rejuvenated Kay Kafe cafeteria for employees and patients, and renovations to the medicine room and rehabilitation areas, the hospital is more poised than ever to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment. St. Jude Children's Research Hospital is internationally recognized for its pioneering research and treatment of children with cancer and other catastrophic diseases. Ranked one of the best pediatric cancer hospitals in the country, St. Jude is the first and only National Cancer Institute-designated Comprehensive Cancer Center devoted solely to children. Dr. Susan Aquillard

with St. Jude and Greg Bridgers and Kevin White with Southern Serenity Homes discussed the recent additions to the hospital and the importance of the annual St. Jude Dream Home Giveaway to benefit the hospital.

## **Soulsville Foundation**

“Helping Preserve Our Legacy”, Tim Sampson, Communications Director of the Soulsville Foundation detailed the foundation.

The Soulsville Foundation was created in Memphis, Tennessee, in the late 1990s by a group of concerned local business leaders, philanthropists, and former employees of Stax Records to ensure that the rich legacy of the Soulsville, USA community – which had been home to Stax in the 1960s and '70s, but which had fallen into a devastating state of blight and decay – would not be lost to history. The Soulsville Foundation funds and operates three subsidiary organizations on its campus at the original site of Stax Records

Additionally, Mr. Charles Sims, Certified Financial Planner speaking on Disability Income Protection, Long-term Care Insurance, Estate Conservation and Life and Investment Investing\Insurance. Maintaining and improving your standard of living, maximizing wealth, helping you prepare for monetary independence in retirement and making sure that your loved ones are always taken care of-goals of Mr. Sims.

## **The First Tee**

In 1997, the LGPA, Masters Tournament, PGA of America, PGA TOUR and USGA formed a partnership with the help of Founding Corporate Partner, Shell Oil, to lead an initiative called The First Tee. This initiative began as a way to bring golf to kids and teens that otherwise would not be exposed to the game and its positive values. Since that time, The First Tee has steadily grown into a robust youth service organization, impacting, influencing and inspiring more than 7.6 million young people. What started as a concept to make golf more accessible to young people turned into an opportunity to help young people develop core values and learn life skills that are inherent in the game of golf. The First Tee Life Skills Experience was formulated with the help of academic, sport psychology, youth development and golf experts to proactively teach core values and life skills as part of basic golf instruction at chapters.

In 2004, The First Tee expanded and introduced The First Tee Nine Core Values™ in physical education classes at elementary schools through the National School Program. In 2009, through a partnership with the U.S. Department of Defense, they started the military affiliate program to provide the same life skills education, character development and golf instruction to families of the U.S. Armed Forces.

Since its inception in 1997, The First Tee has grown into a robust youth service organization impacting the lives of more than 7.6 million young people and exposing them to core values and life skills that will help them both on and off the golf course. Nyrone Hawkins with The First Tee Memphis discussed the organization and its upcoming benefit golf tournament on July 22.
