

List of Issues for Q4 2013
KIKU-TV
Honolulu, Hawaii

In accordance with 47 CFR 73.3526 (e)(11)(i) of the Federal Communications Commission's rules¹, the station has prepared this report to identify the programs that have provided the station's most significant treatment of community issues during the preceding three month period.

Section I: Issues

The station has identified the following as significant issues facing our community this quarter:

1. The need for organ donors in Hawaii. More than 400 people in Hawaii are awaiting a life-saving organ. Many more are in need of corneas or other life-restorative tissues.
2. Asian Culture in Hawaii – Asians comprise 57% of Hawaii's total population and ethnic Filipinos are now the largest segment of Hawaii's Asian community, representing 25% of all Asians and 14.5% of Hawaii's total population. Coverage of Filipino news and events serves an important segment of Hawaii's population and helps preserve cultural ties.
3. Typhoon Haiyan (Yolanda) – In November 2013, the massive typhoon Haiyan hit the Philippines causing major destruction and thousands of casualties. Many residents in Hawaii share close cultural ties with people in the Philippines affected by the 2013 typhoon, and seek to support families and children affected by the disasters.
4. Daniel Inouye – The late Senator Daniel Inouye served in the United States Senate for 49 years. He inspired not just Japanese-Americans, but people with different backgrounds from all over the world.
