Dear John,

Thank you for your continued support during a very challenging year. We appreciate your creativity in making sure this event still took place, even during a pandemic. Thanks to your incredible kindness we are able to continue to provide services and supports to our special children that cannot be funded by other means via our *Everyday Wishes* Program. Due to COVID-19 we expanded these wishes to include providing custom birthday cakes, lawn signs and balloons for our children as many families were not (and some still are not) leaving their home to ensure the safety and well being of their children. Thanks to you we were able to make their days brighter and lessen their feelings of isolation and loneliness.

We are proud of the children and families who virtually participated; their stories and energy keep us motivated and striving to provide the best quality of care possible! Raising awareness through this event is so critical; as we want to make sure that there are no children and families who suffer in silence. We are so appreciative of your longstanding efforts to support our mission and for that we are eternally grateful.

Hoping that we can get together for this years' event(s).

Be well & stay safe,

Bob Policastro
Founder & Executive Director
