

KYHD-FM Quarterly Issues /Program List

There follows a listing of some of the significant issues by this Station along with most significant programming treatment of those issues for the period _1/1/23_ to _3/31/23_ The listing is by no means exhaustive. The order in which the issues appear does not reflect any priority or significance.

There are many social issues that are important and worthy of attention, but here are five that are particularly pressing in this area:

1. **Community Pride and Support:** Community pride and support are essential for the well-being of any community. When people feel a sense of pride in their community, they are more likely to take an active role in its development and upkeep. This can manifest in many ways, such as volunteering for community events or projects, supporting local businesses, and advocating for community needs.
2. **Education and Youth Support** is essential for personal and societal growth and development. It allows individuals to expand their knowledge, skills, and abilities, and enables them to make informed decisions about their lives and their communities. Education is also crucial for economic success and for addressing social and global issues. Investing in education is investing in the future.
3. **Religion:** plays a significant role in many people's lives, providing a sense of purpose, community, and spiritual fulfillment. It can also serve as a source of moral guidance and inspire individuals to lead ethical and compassionate lives. While religion can be a source of conflict and division, it can also foster understanding and unity among people of different backgrounds and beliefs.
4. **Healthcare:** Access to affordable and high-quality healthcare is a fundamental human right, yet many people around the world struggle to get the care they need. From lack of access to insurance and high costs to inadequate infrastructure and staffing, healthcare is an issue that requires ongoing attention and reform.
5. **First Responders and Emergency Service Public Awareness:** First responders and emergency services are crucial to the safety and well-being of our communities. They work tirelessly to protect and serve us, often putting their own lives at risk. It is important to be aware of their role and to show appreciation for their service. If you see a first responder or emergency service worker in your community, take a moment to thank them for their dedication and hard work. Together, we can show our support and appreciation for these important members of our community.

DESCRIPTION OF ISSUE	PROGRAM: <i>COMMUNITY CALENDAR</i> (9:10A, 12:35P, & 5:35P)	DURATION <i>5 MIN</i>	NARRATION OF TYPE AND DESCRIPTION OF PROGRAM/SEGMENT
