48 HOURS: “A Killer In The Family Tree” (9:00 – 10:00p) - a report on the murders of Tanya Van Cuylenborg, 18, and her boyfriend, Jay Cook, 20, in November 1987 and the connection to Chelsea Rustad, an amateur genealogist from Tumwater, WA. On November 18th, 1987, Tanya and Jay left British Columbia in Jay’s parent’s van for Seattle, WA, to pick up furnace parts. After they did not return home, Jay and Tanya were reported missing. On November 24th, Tanya’s body was found in Skagit County, some eighty miles north of Seattle; she had been raped and shot in the head. The next day, her wallet, the keys to the van, bullets and other items were found under the porch of a tavern in Bellingham, WA. The following day, Jay’s body was found under High Bridge, seventy miles south from where Tanya was found; he had been strangled. Recovered evidence and semen samples allowed investigators to create a profile for “Individual A”. In 2017, Parabon NanoLabs was hired to predict the genetic traits of “Individual A” through Snapshot Phenotyping. After the Golden State Killer was arrested in 2018, Parabon NanoLabs agreed to upload the DNA of “Individual A” to the genetic database GEDmatch on April 27th, 2018. Genetic genealogist CeCe Moore assisted with what became her first criminal case and soon identified William Earl Talbott II. Investigators sought information from Chelsea Rusted, Talbott’s second cousin, who had also uploaded her DNA to GEDmatch. After a fresh DNA sample from Talbott was matched to “Individual A”, William Talbott was arrested on May 17th, 2018; he pleaded not guilty. Talbott’s trial began in June 2019 in the Snohomish County Superior Court; he was found guilty of the aggravated murders of Tanya and Jay and sentenced to two life terms in prison without parole. 01/28/23 **48 HOURS: “What Ally Kostial Didn’t Know”** (9:00 – 10:00p) – a report on the July 2019 murder of 21-year-old Ally Kostial and the digital trail investigators followed to find her killer. Kostial, originally from St. Louis, MO, was a business and marketing student at the University of Mississippi in Oxford. Investigators found her body near a remote fishing camp near to campus; she was shot at least nine times. By using Kostial’s Apple Watch and the stored text messages, investigators tracked Kostial’s life before her death, which led Lafayette County sheriff’s deputies to fellow student Brandon Theesfeld. Enroute to where his parents lived in Texas, Theesfeld was arrested in Memphis, TN three days after Kostial was found. Kostial and Theesfeld dated throughout college, but each viewed the relationship differently, with Theesfeld treating it much more casually. In April 2019, Kostial feared she was pregnant; Theesfeld did not see fatherhood in his immediate future. Investigators believe Kostial’s murder was premeditated; Theesfeld denies it was planned and claims he snapped under the influence of alcohol and cocaine. Facing a death sentence, Theesfeld pleaded guilty to first-degree murder on August 27th, 2021. The judge sentenced him to life in prison. Autopsy results indicated Kostial was not pregnant at the time of her death; her parents believe she had a miscarriage. **On-screen text graphic:** If you or anyone you know is struggling with substance abuse or mental health visit SAMHSA.gov or call 1-800-662-HELP for more information. 01/28/23 **48 HOURS: “The Death of an Officer’s Wife”** (10:00 – 11:00p) – a report on the events leading up to the day Seth Perrault reported his wife, Amanda Perrault, dead. Five days after Amanda made allegations of abuse against Seth, an Eatonton, GA police officer, he reported that she took her life by shooting herself on February 3rd, 2020. Investigators immediately doubted Seth’s story, based in part on the crime scene, including the position of her body in the couple’s bed, the way the Smith and Wesson .380 was found lying next to her body with its magazine ejected, other forensic evidence and allegations of abuse. Two days after Amanda’s shooting, Seth was arrested, but the COVID pandemic shut down the courts and Seth remained in jail. During that time, the medical examiner released the autopsy report, which declared Amanda’s death a suicide. In November 2020, the grand jury decided that the case should go to trial; Seth was charged with malice murder, felony murder and aggravated assault. At his February 2022 trial, Seth decided not to testify; prosecutors included evidence found on Amanda’s cell phone. Seth Perrault was found guilty of murder and sentenced to life, without the possibility of parole. **On-screen text graphic:** If you or someone you know is a victim of domestic abuse, call 1-800-799-SAFE or visit thehotline.org. 02/04/23 PREEMPTION

- 02/11/23 **48 HOURS: “The Station Nightclub Fire: Who’s Responsible?”** (9:00 – 10:00p) - a report on the February 20th, 2003 fire at The Station, a nightclub in West Warwick, RI, which left 100 dead and more than 200 injured. The fire began when the band, Jack Russell’s Great White, took the stage and their tour manager set off four large fireworks called gerbs. Flames appeared on the walls on either side of the stage and spread quickly due to the highly flammable foam that lined the walls and ceiling, installed to dampen the sound. In December 2003, brothers and owners Jeff and Michael Derderian were each charged with 200 counts of involuntary manslaughter; Daniel Biechele, Great White’s tour manager, faced the same charges – he had failed to get a license for the pyrotechnics from the state of Rhode Island and permits from the local fire department. In February 2006, a plea deal was reached with the tour manager: sentenced to 4 years, Daniel Biechele was paroled after 22 months. Michael and Jeff Derderian pleaded no contest. Their plea deal stated only one of them would go to prison and because Jeff had young children, Michael served 33 months in prison; Jeff completed 500 hours of community service. Eighteen years after the fire, the brothers use this broadcast to tell their story and reveal new information about the foam used to line the walls and ceiling of the club, claiming the foam company sent them the wrong foam. The Derderians have since learned that the fire marshal should have tested the foam and have always maintained they never gave the band permission to use pyrotechnics. Former Rhode Island attorney general Patrick Lynch led the investigation into the fire; he stands by his initial findings and disagrees with the brothers’ decision to come forward. In 2017, a memorial was opened to honor the lives lost in the fire. **On-screen text graphic:** At the time of The Station fire, older clubs in Rhode Island weren’t required to install sprinklers. It is now mandatory for nightclubs with occupancy over 150 to have them. Since The Station fire, many states have adopted stricter fire prevention codes. Interviewed: Linda Saran, survivor; Phil Barr, survivor; Jody King, brother of Tracy King, who worked as a bouncer at The Station and died in the fire; Scott James, author, “Trial by Fire”; Patrick Lynch, attorney, former Rhode Island Attorney General; and Jeff and

48 HOURS (continued)

02/11/23 **48 HOURS: “The Kidnapping of Michelle and Breea Renee”** (10:00 – 11:00p) – an update on the story of Michelle and Breea Renee, a single mother who was forced to rob the bank she managed after she and her seven year old daughter were held captive and threatened with dynamite – first featured on 48 HOURS MYSTERY: “Show Me The Money”, OAD: 10/03/09. In November 2000, three masked shooters broke into Renee’s Vista, CA home and held them hostage. The abductors told Renee she would have to rob the bank she worked at and, in the morning, strapped them both with what they were told was dynamite, later discovered to be fake. Renee, told that the dynamite would be detonated if she didn’t follow their orders, stole \$360,000. Once the shooters had the money, Renee raced home to find her daughter still alive and called for help. A police and FBI investigation soon apprehended four suspects: ringleader Christopher Butler and his girlfriend Lisa Ramirez, Christopher Huggins and Robert Ortiz. At trial, Butler falsely claimed Renee masterminded the bank robbery and that they’d had an affair. Ramirez was found innocent; Butler, Huggins and Ortiz were found guilty and sentenced to jail. The 2023 update details the impact of being falsely accused of masterminding the plot, as well as Breea Renee’s multiple sclerosis (MS) diagnosis at 18 and her recovery. In June 2020, Christopher Butler was up for parole. Though denied, Tom Manning managed to get Butler to recant his whole story and admit that he and Michelle Renee never had a relationship. She wrote a follow-up book, “Nine Days”; Breea Renee spoke at Ortiz’ parole hearing. **On-screen text graphic:** Robert Ortiz was granted parole in January 2021. Interviewed: Michelle Renee; Breea Renee; Dave Estey, Michelle’s brother; Tom Manning, prosecutor, San Diego County; and Herb Weston, attorney who represented Lisa Ramirez. Also includes footage and interviews from the 2009 broadcast: neighbor Rick Brown; and San Diego County Sheriff’s detectives Rudy Zamora and Dale Martin. 02/18/23 PREEMPTION

02/25/23 **48 HOURS: “The Brighton Ax Murder”** (10:02 – 11:02p) – a report on the murder of 29-year-old wife and mother Cathy Krauseneck of Brighton, NY, which remained unsolved for four decades. The case, dubbed the Brighton Ax Murder, was one of the oldest, coldest murder cases in America. On February 19th, 1982, her husband, Jim Krauseneck, said he found Cathy dead in their bed with an ax in her head, after he returned home from his job as a Kodak company economist. Aspects of the crime scene didn’t sit right with investigators; police believe it was staged to look like a burglary to cover up the real crime – the intentional murder of Cathy by her husband, who left town shortly after speaking with police. The case sat for decades until 2019, when authorities in Monroe County, NY hired forensic pathologist Michael Baden to investigate. Baden believed Cathy was killed around 3:30 am; for prosecutors that meant Jim would have been home at the time. Jim was indicted on November 1st, 2019; he voluntarily surrendered to authorities a week later. The case went to trial in 2022; Jim was found guilty of second-degree murder and sentenced to 25 years-to-life behind bars. Jim intends to appeal his conviction. Cathy’s father would like to move her remains from Jim’s family plot but needs her daughter Sara’s permission to do so. **On-screen text graphic:** Cathy’s family and Sara haven’t spoken since the trial. Sara has moved out of the country. Interviewed: Sharon Krauseneck, Jim’s current wife; Mark Libertore, retired detective; Detective Bill Flood; Gary Craig, reporter, *Democrat & Chronicle*, Rochester, NY; Detective Steve Hunt; Susie Jackimowicz, Cathy’s cousin; Bob Schlosser, Cathy’s father; Cathy Behe, Cathy’s friend; Sandra Doorley, district attorney, Monroe County, NY; Bill Easton, Jim’s defense attorney; Michael Wolford, Jim’s defense attorney; Rachel Rear, author, “Catch the Sparrow”, stepsister of Stephanie Kupchynsky, who was murdered by Ed Laraby, whom the defense named as a suspect in Cathy’s murder; Dr. Katherine Maloney, forensic pathologist, testified for the defense; Patrick Gallagher, prosecutor; Constance Patterson, prosecutor; and jurors Jane, Helen and Ivan (no last names given). 48 HOURS

03/04/23

48 HOURS: “The Poisonous Wife” (9:00 – 10:00p) - a report on the June 8th, 2017 murder of Ben Renick, found dead at his snake breeding facility about 80 miles west of St. Louis, MO. Discovered by his wife Lynlee Renick, investigators originally believed Ben had been the victim of an attack by one of his reptiles. The coroner discovered he had been shot eight times, once at close range. Lynlee eventually admitted to investigators she had been having an affair with Brandon Blackwell and been in contact with Michael Humphrey, an ex-boyfriend just released from prison. Investigators also discovered that Lynlee’s spa business was losing money and that she had lied to Ben about it. With just circumstantial evidence, the case went cold for nearly three years. In January 2020, a jailhouse tip from Brandon Blackwell provided enough information for investigators to arrest Lynlee Renick and Michael Humphrey, as well as Lynlee’s former employee Ashley Shaw, who turned on her one-time boss in exchange for leniency. In late 2021, Michael went on trial and was convicted of first-degree murder; he then agreed to cooperate with the state. Lynlee was found guilty of murder in the second degree and armed criminal action; she was sentenced to 16 years in prison. - 03/18/23 **48 HOURS: “Remembering the Chowchilla Kidnapping”** (10:23 – 11:23p) - a retitled, reedited and updated rebroadcast of 48 HOURS: LIVE TO TELL: “The Chowchilla Kidnapping”, originally aired on 10/12/19, rebroadcasted on 07/11/20. After 46 years, Fred Woods, the last of three men convicted of kidnapping 26 children and their bus driver, was paroled from a prison in California. For the first time, 48 HOURS reveals a powerful and emotional interview with Jodi Heffington, one of the survivors from that event, believed to be the largest kidnapping in American history. On July 15th, 1976, 26 children and their bus driver, Ed Ray, were kidnapped as they headed home from Dairyland Elementary School in Chowchilla, CA. The three masked kidnappers, one armed, were later identified as: Fred Woods, and brothers James and Richard Schoenfeld. The kidnappers drove the bus to a wooded area where they proceeded to unload the bus driver and children into a van that was set up as a makeshift prison. After driving for 12 hours, the van stopped 100 miles away from Chowchilla, at a rock quarry owned by Fred Wood’s father in Livermore, CA. The victims were removed one by one from the van and instructed to climb down a ladder to a truck trailer, buried 12 feet underground. The children and Ed escaped from the ground after 16 hours. The motive for the kidnapping was money, despite all three men hailing from wealthy families. All three pleaded guilty to 27 counts of kidnapping

for robbery and ransom but each refused to plead guilty to eight counts of bodily harm. On February 17th, 1978, the kidnappers were sentenced to life in prison without parole. Four years after the crime, lawyers appealed the finding of bodily harm and the appellate court overturned it, throwing out the sentence. In 2012, 36 years after the kidnapping, Richard Schoenfeld was the first to be granted parole. Three years later James Schoenfeld was paroled. Fred Woods, who has repeatedly been caught with pornography and cell phones, remains in prison, but was up for parole the week of this broadcast. Original on-screen text graphic for the 10/12/19 broadcast: On Tuesday, kidnapper Fred Woods was denied parole. He is eligible for parole again in five years. On-screen text graphic for the 07/11/20 rebroadcast: In 2019, kidnapper Fred Woods was denied parole. 48 HOURS: “The Mysterious Death of Tiffiney Crawford” – a report on the death of Tiffiney Crawford, mother to a son and daughter, and the case against her husband, Jason Crawford. On the night of May 2nd, 2017, then-37-year-old Jason dialed 911 to report that his wife had been shot. When sheriff’s deputies arrived at their home in Cullman, AL, they found 32-year-old Tiffiney dead in the driver’s seat of her van. Two bullet wounds were in her head; one to her left jaw area, the other to her left temple. The gun was in her left hand, but Tiffiney was right-handed. It initially appeared to at least one deputy to be a suicide. Because Jason’s mother works as an office manager at the sheriff’s office, the case was turned over to the Alabama State Bureau of Investigation. Jason admitted that they fought the night of her death, after he discovered Tiffiney was having an affair. Further investigation and the death ultimately being ruled a homicide by the medical examiner, resulted in an indictment for murder; Jason surrendered on May 21st, 2018. In November 2022, Jason went on trial for Tiffiney’s murder; he was found guilty on November 18th, 2022. Cheryl McGucken, Tiffiney’s mother, supported her son-in-law until she finally viewed the evidence in the public record; she spoke at Jason’s sentencing hearing on March 10th, 2023. He was sentenced to 99 years in prison. Under Alabama law, Jason will be eligible for parole in 15 years. **On-screen text graphic:** Tiffiney's children currently live with Jason's parents. Interviewed: Jason Crawford, his only interview about the case; Cheryl McGucken, Tiffiney’s mother; Lindsay Luke, Tiffiney’s friend; Debra Ball, legal assistant, State of Alabama; Jeff Roberts, former assistant district attorney, Cullman County, AL; Robert Tuten, defense attorney; Nickolas Heatherly, defense attorney; Matt Gentry, sheriff, Cullman County, AL; Joe Parrish, lead investigator, Alabama State Bureau of Investigation; Dr. Valerie Green, medical examiner, conducted Tiffiney’s autopsy; Megan Brock, juror; and Angela Fletcher, DNA analyst, testified for the prosecution.
