QUARTERLY CHILDREN'S PROGRAMMING REPORT

RE: STATION COMPLIANCE WITH CHILDREN'S TELEVISION ACT OF 1990

This is to certify that KMCT programming intended for children 12 years old and younger did not contain more than 10.5 minutes of commercials for weekend shows and no more than 12 minutes for weekday shows during the previous quarter. KMCT inserts PSA's in the barter programs we air.

This further certifies that the station has been responsive in its' programming to the educational and informational needs of children as evidenced by the documentation maintained in this section of the public file.
