

*Climate Connections*  
**Programming Summary for November 27 – December 8, 2023**

<b>File Name</b>	<b>Air Date</b>	<b>Title</b>
CX231127	Mon., 11/27	<b>Scientists show direct link between polluting companies and wildfires in North America:</b> Carbon pollution from 88 major fossil fuel producers and cement makers has left the western U.S. and Canada hotter, drier, and more prone to fires, a recent study finds.
CX231128	Tue., 11/28	<b>What it was like to be a volunteer firefighter during the 2023 Canada fires:</b> Firefighters are experiencing climate change firsthand as hot, dry conditions boost the risks of fire.
CX231129	Wed., 11/29	<b>Could your library do this? A California library is helping people try e-bikes for free:</b> The program makes getting an e-bike pass as easy as checking out a book.
CX231130	Thu., 11/30	<b>More than a year later, the emotional impacts from Hurricane Ian still linger:</b> Many survivors of weather disasters benefit from mental health support.
CX231201	Fri., 12/1	<b>‘A culture of repair’: Students learn to mend clothes and the planet:</b> A San Francisco after-school program is helping teens upcycle thrifted clothes.
CX231204	Mon., 12/4	<b>More than a dozen Illinois schools add EVs to driver’s ed:</b> They’re helping teens get comfortable with the cars of the future.
CX231205	Tue., 12/5	<b>‘Ridiculous’: Florida couple’s insurance premiums shoot up to \$11,000 a year as hurricanes intensify:</b> Some insurance companies have pulled out of Florida, leaving homeowners scrambling.
CX231206	Wed., 12/6	<b>‘It’s very, very concerning’: Antarctica meltdown left penguin chicks drowned, frozen:</b> Emperor penguins could be in trouble as sea ice declines.
CX231207	Thu., 12/7	<b>More than 3 million U.S. workers have clean energy jobs, report finds:</b> The jobs can be found in construction, manufacturing, and other sectors, not just in solar and wind.
CX231208	Fri., 12/8	<b>Telehealth can help rural and underserved kids access care:</b> That’s important because climate change is worsening health conditions like asthma.

*Climate Connections*  
**Programming Summary for December 11 – December 22, 2023**

<b>File Name</b>	<b>Air Date</b>	<b>Title</b>
<b>CX231211</b>	<b>Mon., 12/11</b>	<b>A South Dakota technical college wants to train students to repair EVs and hybrids:</b> The auto repair industry is changing rapidly.
<b>CX231212</b>	<b>Tue., 12/12</b>	<b>Flying was his dream. Now he wants to reduce the carbon footprint of air travel:</b> Former pilot Todd Smith cofounded Safe Landing, a group of aviation workers who want to slow the industry's growth.
<b>CX231213</b>	<b>Wed., 12/13</b>	<b>As temperatures rise, so do Georgia ER visits for venomous snake bites:</b> Researchers found that the odds of a hospital visit due to a snake bite increase almost 6% when temperatures are about two degrees warmer than normal.
<b>CX231214</b>	<b>Thu., 12/14</b>	<b>A massive Christmas light display, eco-friendly style:</b> Thanks to a rooftop solar array, this Vancouver couple can celebrate the holiday without running up an expensive power bill.
<b>CX231215</b>	<b>Fri., 12/15</b>	<b>'Polar bear 911': How a Canadian town deals with its hungry bear population:</b> Conflicts between humans and polar bears could become more frequent as Arctic sea ice declines.
<b>CX231218</b>	<b>Mon., 12/18</b>	<b>Three tips for saving money and staying warm this winter:</b> These are wins for your wallet and the climate.
<b>CX231219</b>	<b>Tue., 12/19</b>	<b>NYC startup launches curbside EV charging stations:</b> They're designed for city drivers who park on the street rather than in driveways or garages.
<b>CX231220</b>	<b>Wed., 12/20</b>	<b>Air pollution made Alejandro Daly sick. Now he fights for clean air:</b> He helped train young people to monitor air quality in their communities using low-cost sensors.
<b>CX231221</b>	<b>Thu., 12/21</b>	<b>It's getting easier to rent an EV on your next vacation:</b> Car rental companies offer a low-stakes way to try out an electric vehicle for the first time.
<b>CX231222</b>	<b>Fri., 12/22</b>	<b>Black Girl Environmentalist is highlighting the contributions of Black women in the climate movement:</b> Wawa Gatheru started the organization as an Instagram page. It's grown to nationwide workshops and events.
