To: KVPR & KPRX Files

Re: Designation of Chief Operator

As President and General Manager of KVPR and KPRX, I have appointed Don Weaver, as the Chief Operator of stations KVPR and KPRX. The Chief Operator will be responsible for duties including inspections and calibrations of the transmission system, required monitors, metering and control systems. The Chief Operator will also be responsible for supervising any necessary repairs or adjustments where indicated, and review of the station records at least once each week to determine if required entries are being made correctly. Additionally, verification must be made that the station has been operated as required by the rules or the station authorization.

Upon completion of the review, the chief operator or his designee must date and sign the log, initiate any corrective action which may be necessary, and advise the station licensee of any condition which is repetitive. When Don is unavailable or unable to act, Alexandra Burke will serve as designated Chief Operator until Don's return.

Joe Moore

President and General Manager
