Commercial Limits in Children's Programming

Third Quarter, 2023

KVBI-CD airs a lot of children's programming. To insure that we do not exceed the limits in section 73.670. We do not sell air time, products, make promotions, or advertise at all during the hours we air children's programming. We only air station identification as required between the children's programs.

This is to certify that children's programming has complied with Sec. 73.670 of the FCC Rules which states; No commercial television broadcast station licensee shall air more than 10.5 minutes of commercial matter per hour during children's programming on weekends, or more than 12 minutes of commercial matter per hour on weekdays.
