Re: WPPB-TV Launch of Digital Transmissions

Dear Sirs:

This is to announce that WPPB-TV, licensed to the School Board of Broward County, Florida, as part of a national transition to digital television service, will commence digital transmissions on TV Channel 40 (626-632 MHz) beginning on November 1, 2007.

WPPB-TV's analog signal is currently broadcast on TV Channel 68 (794-800 MHz), from a tower within Broward County located at 4991 SW 28th St., Pembroke Park, FL 33023. The new digital facility will Broadcast from the same tower at a height of 285 meters above average terrain, with a maximum effective radiated power of 1000 kilowatts.

The station's authorization requires WPPB-TV to make a good faith effort to provide notice of its commencement of digital broadcast transmissions to certain types of health care facilities that may be using medical telemetry equipment on broadcast channels on a secondary, non-interfering basis. Because WPPB-TV's service contour will cover substantial portions of Dade, Broward and Palm Beach Counties, you have been included in this notice.

Sincerely,

Chris Barch
Station Manager

THE BUILDING BLOCKS FOR YOUR FUTURE - INVEST IN YOURSELF!
