

**WEFT Quarterly Issues / Programs List  
2nd Quarter 2023 (Programming aired April 1 through June 30, 2023)**

The Quarterly Issues / Programs List contains programming which the station feels is responsive to the needs, issues, and problems of the local community. The list is not a comprehensive list of all of the WEFT non-entertainment programming, and it does not necessarily list every program broadcast by WEFT that addresses the selected issues. The list contains those programs through which WEFT devoted significant time or depth to the listed issues.
