

## Issues/Programs List SECOND QUARTER, 2013

Quarterly Issues/Programs List for Station – WCTS-AM  
April 1 – June 30, 2013  
Placed in the Public File July 10, 2013

### **Section I. Issues.**

The station has identified the following issues as significant issues facing our community in this quarter:

A. **Family & Marriage**: Marriages and families are breaking down because of societal pressures, and weak commitment. This affects, not only people's personal lives, but affects the whole community, and even government. Husbands and wives must renew their commitment to one another, and strengthen their marriages. WCTS can help by presenting Bible teaching and features which tend to strengthen marriages.

B. **Government / Citizenship**: Christians in particular need to be aware of the issues from a biblical perspective, and vote in a way that is consistent with our faith and morals. While WCTS does not endorse any particular candidate or political party, we do want to encourage Christian citizenship, including informed participation in our representative democracy.

C. **Education**: Education is a big issue in our community because of its potential for good. But there is a perception among some WCTS listeners that public education tends to undermine our faith and our families. WCTS wants to inform parents about all education options, so that they can do what they believe strengthens their homes and helps to inculcate faith into their children.

D. **Cultures**: We are surrounded by cultures that view the world differently than we do. Minnesotans need to be aware of these cultural differences, sensitive to them, and able to interact with them on various levels.

E. **Evangelism and Personal Growth**: Everyone needs to be converted and grow spiritually. WCTS provides a number of programs to promote spiritual growth, since this is our primary mission.
