## WZXV ISSUES AND PROGRAM LIST QUARTER ENDING December 31, 2022

Each quarter of the year we place in our public inspection file a list of what we (WZXV, 99.7 FM Palmyra, New York – 107.3 FM ATTICA, 106.5 FM CORTLAND, 104.1 FM ITHACA, 103.5 FM SYRACUSE, 102.9 FM BATAVIA, 102.1 FM EAST ITHACA, 101.1 FM AUBURN, 97.5 FM DANVILLE, 97.5 FM CORFU, 94.9 FM AMHERST AND 93.3 FM BUFFALO.) have seen as the problems and/or needs of our service (Greater Finger Lakes region) in the preceding three months. The following is our list of **Issues and Concerns** for the Greater Finger Lakes region for the quarter ending, **December 31, 2022**. Following this list are specific WZXV programs that aired in response to these issues. This report is arranged by identifying the category on the issues list, the programs that aired which gave significant treatment to that issue, along with its topic, discussion, date and time aired.

1. **Family/Marriage/Men's & Women's Issues:** The Finger Lakes Region also has its share of problems relating to marriage, dating, abuse, among other things. We at WZXV Radio want to help in any way we can. Additionally, WZXV desires to give Biblical counsel and support for decisions on issues men and women face in today's world. There are also regular family issues that arise such as discipline, love, etc.

2. **Youth Issues:** The Finger Lakes Region also has its share of problems relating to the youth in our community beginning with dating, drugs, and alcohol, among other things. We once again desire to give Biblical counsel and support for decisions on issues that teens face every day.

3. **Economy/Business/Employment/Finances:** We want to encourage the community to make wise investments and have a good financial standing, as well as promoting economic development in the Finger Lakes Region. Also employment has a large impact on the economy thus this issue must be address as well.

4. **Outdoor Activities/Sports/Exercise:** WZXV understands the importance of a holistic lifestyle that is why we also want to promote outdoor activities to promote spiritual, mental, emotional and physical wellbeing. We feel that to provide our listeners with programming pertaining to sports, exercise or outdoor activities is to encourage them to maintain a healthy balanced life.

5. **Health/Health Care/Safety:** With rising medical and health insurance costs, it is crucial for the public to be informed about free and low cost health services offered, as well as general information about health that might be beneficial. We also support efforts to upgrade the quality and availability of emergency medical care.

6. **Local Entertainment/Activities/Community Events:** In addition to our desire to become more locally involved in our city's annual community events as well as our support for our local public schools' activities, many people have noted a degradation of the quality of entertainment available for families. Therefore, we announce many family-oriented activities that parents and children both will enjoy.

7. **Local, State, and National Education:** Because of WZXV being in an urban setting, with a large amount of high school, college and citywide sports, as well as opportunities for educational advancement for both beginning and advanced students, we find it useful to keep the public informed of the opportunities they have to "never stop learning."

8. **Local/State/National Government:** WZXV is an integral part of the communities public life we find it important to keep them abreast to all issues facing them in regards to their Governmental bodies. We provide EAS alerts on both a National and State level in the event of a distress, disaster or emergency, manmade or natural.

9. **Civil Liberties/Social Issues:** Everyone has been affected by the recent events that have caused racial tensions to be elevated. Several civil liberties have been greatly impacted to include but not limited to freedom of speech, religious observation and public gatherings. WZXV desires to bring unity by raising awareness and educating its listeners of the need to live peaceably with all men and how to do that.

10. **Science, History/ Breakthroughs and Anniversaries:** WZXV in an attempt to educate our listeners is poised to air content that is truthful and informative in the areas of Science and History. This may include studies, reports, documentaries and statistics that deal with the issues that concern our dedicated listeners while not excluding the intermittent.

11. **Public Service Announcements/Features** (PSA's) are submitted for airing by a wide variety of organizations. WZXV selects those that best address the issues and concerns of our city of license and the surrounding areas. Each PSA is approximately 30-60 seconds in length.

**GUEST: DR. CHARLES STANLEY**  
**AIRDATE: 12/16/22 1930HRS**

Dr. Stanley shares how he got involved in photography to include even developing all of his own photographs which are featured on just about all of the In Touch Ministry's items available to the public. He tells how awestruck he is by God's creation and by the memories surrounding the photos. Dr. Stanley also tells of his early years of fishing, hunting, and shooting, but how the absence of a father in his life to do these things with were clearly remembered in later years when he was a man. He offers to the audience that they may not think that taking a youngster fishing that has no father figure is a big deal, but he assures them that it is and how it can leave a lasting impact for eternity.

This week's *Trail To Adventure!* has Gerry at one of the conferences GGO does across the country teaching "How To" do outdoor outreach ministry. The author of the tract "Up in Smoke," Bob Hodgdon, tells the story of how his dad's business, Hodgdon Powder, had its beginnings after World War II. Bob shares a funny story "now," of how as a 10 year old boy he almost blew up their house; his parents didn't find out about this until a family reunion 35 years later. Bob relates what a reader would see in the tract of how an explosion at one of their factories and four funerals for Christians, who were killed at that tragedy, brought him to receive Jesus Christ. It was during these funeral services and seeing how the men being buried, their family and friends, though sorrowful, rejoiced and celebrated their homecomings in Heaven. Bob didn't know what they had or what was different about them, but he just knew he had to have it too.

**GUEST: DAVID HALE & HAROLD KNIGHT**

**AIRDATE: 11/25/22 1930HRS**

**RUNLENGTH: 26:00**

On this week's *Trail To Adventure!* we're exploring how two guys, David Hale who was a farmer, and Harold Knight a barber, who got together to design, develop, and market turkey calls. Gerry visits with these two legends in the outdoor world to discover that the only reason they started to sell their calls was because there weren't many turkeys in Kentucky and they hoped to be able to make enough to buy a non-resident hunting license in Missouri. Giving one of these calls to an outdoor writer way back when there weren't many turkeys to start with, created quite a stir. His article in an outdoor magazine drove in hundreds of phone calls to get one of their "turkey tubes" and it just went on from there. Both of these men give all the glory to God for what has happened in their lives and they continue to praise Him as the years roll by. The two are able to present their story at game dinners, telling of God's blessing on them!

Marshmallows as it turns out was all the bear was after at this hair raising encounter. Also discussed is how Ken, Joni's husband, is using fishing as a way of reaching out to men who need Jesus, or need their relationship with the Creator God brought to a deeper level. Additionally, Joni tells about the special summer camps they have across the nation for physically and mentally disabled young people and adults. Her call is for men who might be willing to come along side these people and be volunteers at these summer events. Since the day years ago when a diving accident while swimming put Joni Eareckson Tada in a wheelchair, God has used her to share the Gospel of Jesus Christ. She is an inspiration to all of us to do the same!

**RUNLENGTH: 26:00**

Now this week's *Trail To Adventure!* radio program has us at one of the *Trail To Adventure!* conferences that GGO conducts across the USA. The location is Stanley, Wisconsin at Maple Grove Bible Church. The guest Chris Smith was one of the speakers from the conference's lineup of pro's and ministry leaders who joined Gerry. Chris is from Victory Deer Recovery ([www.facebook.com/VictoryDeerRecovery](http://www.facebook.com/VictoryDeerRecovery)) and he shares how he and his wife Meghan founded the ministry. It started with their love of training dogs as the two went to a seminar on using dogs to hunt and find the shed antlers of deer. The methods of teaching canines to use their noses even in snow covered country sounded simple enough. From there they moved to using their pets to helping others find deer lost while hunting. This lets them build relationships and share Jesus Christ too!

This is an interest or activity based outdoor outreach and evangelistic fishing themed program that is being adopted by many churches across North America. Trevor shares how he had struggled as a kid without a dad and how fishing was his escape from that loss. As an adult the ministry idea was something God laid on his heart, as a way to help kids to learn to fish and also could be used to help youth come to know Jesus Christ as their Savior.

Statistics show that one out of three people that hunt out of a treestand will have an accident at some time in their life, with a number of these incidents being fatal. Jay relates facts on the safety harness and how their research reveals that most falls take place going up, getting into, coming out of and then descending to the earth. The goal of this program is to be sure that none of the listeners will become a part of the tragic statistic, on the negative side.

Dan tells the story of his desire to catch a big lake trout and despite the bad weather conditions decided to go way up the lake and try for one. On heading back, the storm had really blown in and the wind wouldn't allow the boat through a narrow, shallow area. Dan tried gunning the motor and broke the shear pin, which was only the beginning of the adventure!
