

**KQIS Quarterly Report**  
Jan, Feb, Mar (1st qtr)  
2020

It is our endeavor to serve the public interest. Station KQIS Kiss 105.3 & 1340 broadcast programming responsive to issues of concern to the state of Arkansas and it's listening public. The following is a brief description of these issues and the station's most significant programming treatment of them:

1-17-20

Members of the Springdale community came into the studio to speak about the upcoming Martin Lither King Jr. weekend celebration. This event offers multiple resources for the community. From non profits to government agencies who attend and interact with the community.

1-17-20

Representatives of the Northwest Arkansas Martin Luther King Jr. Council joined us on air to talk about the upcoming fundraiser and banquet that benefits deserving students through scholarships. There are also community service events that lead up the celebration. These give the community a chance to be both involved and benefit from these services.

1-28-20

We conducted interviews with members of Theatre Squared, a local arts organization who is using theater to reach people of different ethnic backgrounds and giving them opportunities to learn about, participate in and enjoy theatre.

2-24-20

We interviewed and members of the African American Advisory Council and promoted the inaugural Leading With Excellence banquet. A special event celebrating and highlighting people of color that are impacting our local community in a number of different fields. This banquet benefits local youth groups by providing field trips and educational opportunities..

3-24-20

We conducted an interview with Dr. Berner, Chief Medical Officer for the Community Clinic in efforts to inform our local community about the critical information concerning the Coronavirus Pandemic.

3-25-20

We conducted an interview with Lane Baker, CEO of Beaver Water District to reassure our local community that with all the concerns related to the Coronavirus Pandemic, that the drinking water proved by our city were safe.
