Series: An Uncompromising Life

Monday, April 10, 2023 – “An Uncompromising Life” (#1)

Have you ever been tempted to fudge some numbers on your tax return, or embellish the truth on a job application? No big deal ... everyone cuts corners now and then and it's pretty much standard practice, right? But the question is still ... what does God say about compromise?

John MacArthur's going to help you answer that question on GRACE TO YOU as he kicks off a series titled, *An Uncompromising Life*. It's a compelling look at the life of Daniel.

Tuesday, April 11, 2023 - “An Uncompromising Life” (#2)

A. W. Tozer once said, “We are not diplomats but prophets, and our message is not a compromise but an ultimatum.” So, who are the prophets — who's Tozer talking about? He's talking about you if you're a Christian. And what is it you can't compromise? God's Truth. So, what tempts you to compromise on truth? And when you are tempted, how do you respond? John MacArthur answers those questions when he shows you the amazing blessing that comes from *An Uncompromising Life*—the title of his current study, here on GRACE TO YOU.

Wednesday, April 12, 2023 - “The Consequences of an Uncompromising Life, Part 1” (#1)

During the American Civil War one soldier wanted to improve his odds of survival, so he dressed in a blue coat, like the Northern army and gray pants, like the Southern troops. What happened? He got shot from both directions. Compromise can be deadly. Are you wearing a patchwork spiritual uniform—a blend of God's standards and your standards—and think that's a safe way to live? How committed are you to honoring God? Tune in for GRACE TO YOU, when John MacArthur helps you see what it means to live *An Uncompromising Life*.

Thursday, April 13, 2023 - “The Consequences of an Uncompromising Life, Part 1” (#2)

Have you seen the movie *Chariots of Fire*? It tells the story of Eric Liddell, a world-class sprinter—and devout Christian—who, in the 1924 Olympics, dropped out of his best event when he realized the race was scheduled for a Sunday. While some certainly criticized him, Liddell decided his convictions were more important than Olympic glory. On GRACE TO YOU, John MacArthur helps you cultivate that sort of conviction as he continues his study titled, *An Uncompromising Life*.

Friday, April 14, 2023 - “The Consequences of an Uncompromising Life, Part 2”

Standing before the holy Roman emperor, facing the threat of death for refusing to compromise biblical truth, Martin Luther boldly proclaimed, “My conscience is captive to the Word of God.” And his powerful example—his courageous stand for the truth—was the spark that lit the fires of the Reformation. If you're

a Christian, what you believe will be put to the test. Question is, how can you face trials and persecution with unflinching integrity? Tune in when John MacArthur provides you with help from his current study on GRACE TO YOU.

Monday, April 17, 2023 - "Uncompromising Faith in the Fiery Furnace, Part 1" (#1)

It's said that man is incurably religious, always worshipping something. If that's true, here's a question you need to consider. How do you know if you're worshipping the wrong god? On the next GRACE TO YOU, John MacArthur looks at the lives of Shadrach, Meshach, and Abednego and how they faced pressure to cave to society and worship a false god and how you can learn from their example.

Tuesday, April 18, 2023 - "Uncompromising Faith in the Fiery Furnace, Part 1" (#2)

When does the temptation to compromise sneak up on you? Maybe it's when you're looking for an excuse to get out of a commitment you made? Fact is, temptation to compromise could hit before this day's over. How can you maintain integrity in every circumstance and where can you turn for practical strategy and encouragement? On GRACE TO YOU, John MacArthur offers help by showing you what a life without compromise looks like. Stay tuned.

Wednesday, April 19, 2023 - "Uncompromising Faith in the Fiery Furnace, Part 2" (#1)

It's not happening—at least, not yet—here in the United States: people being killed for their faith in Christ. But it is happening around the globe and none of us can say that we won't face that situation someday. What does it take to stand strong when you have to decide between your faith or your life? Find out on GRACE TO YOU when John MacArthur continues his compelling look at the book of Daniel in his study titled, *An Uncompromising Life*.

Thursday, April 20, 2023 - "Uncompromising Faith in the Fiery Furnace, Part 2" (#2)

We usually hear the term "flip-flop" around election season. It's meant to disparage politicians willing to change their position on issues—in other words, to flip-flop—if it helped them politically. Of course, you don't have to be in politics to flip-flop on your beliefs. So how do you stand on convictions, under light pressure and heavy pressure? When consequences are minor or serious? Find out the answers on the next GRACE TO YOU with John MacArthur.

Friday, April 21, 2023 - "Daniel in the Lions' Den"

There's a phrase you've no doubt heard at some point or another. When someone must face a tough crowd, they're often said to be heading into . . . the lions' den. If you never knew where that phrase came from, you will understand as you study along on the next edition of GRACE TO YOU. John MacArthur will focus on the commitment Daniel had to the Lord and how even in the face of death he demonstrated qualities God wants you and I to have—qualities that bear witness to . . . *An Uncompromising Life*.

Series: The Battle for the Beginning

Monday, April 24, 2023 - "Creation: Believe It or Not, Part 1"

On Grace to You, John MacArthur begins one of his most popular studies. It's a look at origins, what the Bible says about how the universe came to be and the specific reasons God created it. To see the evidence for a literal, six-day creation—and the consequences of denying it—tune in when John MacArthur begins his study, *The Battle for the Beginning*.

Tuesday, April 25, 2023 - "Creation: Believe It or Not, Part 2"

On GRACE TO YOU, John MacArthur will show you how many people today are confident that the entire universe . . . just sort of happened. John looks at what the Bible says about the creation-evolution debate as he continues his study titled *The Battle for the Beginning*. It's one of this ministry's most popular, and most defining series of messages. Be sure to tune in.

Wednesday, April 26, 2023 - "God: Creator and Redeemer"

One prominent atheist and evolutionist wrote, "Biologist must constantly keep in mind that what they see was not designed, but rather evolved." This scientist doesn't want to believe in God, even if there's overwhelming evidence of His work. Why is that? On the next edition of GRACE TO YOU, John MacArthur shows you why rejecting God as creator has more to do with sin than it does with science. It's part of his current series titled, *The Battle for the Beginning*.

Thursday, April 27, 2023 - "The How, Why, and When of Creation, Part 1" (#1)

A few years back, scientists used specially equipped airplanes to study the composition of meteors. The reason, as reported by the Associated Press: To hopefully find "clues to how organic chemicals were first brought to Earth." If you really want to know how life came to earth, look no further than your Bible. On GRACE TO YOU, John MacArthur continues his series from the book of Genesis showing you the Creator at work—bringing the universe into existence and putting His glory on display.

Friday, April 28, 2023 - "The How, When, and Why of Creation, Part 1" (#2)

As science advances, more and more problems are being solved, and momentous questions are being answered. But no matter how far science progresses, it will never be able to answer two of life's most important questions: who created the earth . . . and why did God create it? For those answers, you must turn to God's Word. That's what John MacArthur's going to do on the next edition of GRACE TO YOU as he continues his study . . . *The Battle for the Beginning*.

Monday, May 1, 2023 – “The How, When, and Why of Creation, Part 2” (#1)

A scientist saw amino acids, the building blocks of life. He said for those to have originated by random chance would be as likely as a “fully assembled [Boeing] 747” being formed by a whirlwind blowing through a junkyard of airplane parts. Even evolutionists have questions about how the world and everything in it got here. On the next GRACE TO YOU, John MacArthur continues his study titled *The Battle for the Beginning* addressing the subject of evolution and a literal six-day creation.

Tuesday, May 2, 2023 - “The How, When, and Why of Creation, Part 2” (#2)

It’s clear that science has answered a lot of questions about how this world works. But has science—particularly evolutionary theory—really figured out how the world got here in the first place? Even some churches would say that it has. Can the book of Genesis hold up to what modern science says about origins? Find out on the next GRACE TO YOU as John MacArthur continues his study called . . . *The Battle for the Beginning*.

Wednesday, May 3, 2023 – “Creation Day 2” (#1)

An article in *The Washington Post* once drew attention to activists who wanted parts of biblical creation taught in public schools. Scientists and teachers opposed the idea because they said that creation is based on theology, not science. As one educator put it “anyone who criticizes evolution is trying to undercut sound science education.” The question is what is sound science? On GRACE TO YOU, John MacArthur shows you biblical answers to those questions.

Thursday, May 4, 2023 – “Creation Day 2” (#2)

When you want the facts about some significant event, you know getting the details from a person who was there—especially if only one person was there—carries a lot of weight. That in mind, on GRACE TO YOU, John MacArthur continues his study *The Battle for the Beginning* by looking at the eyewitness testimony of creation, the testimony from God Himself, and shows you why His Word on the subject carries not just some weight, but all the weight.

Friday, May 5, 2023 - “Creation Day 3” (#1)

During a nationally televised creation-evolution debate on Canadian TV, the evolutionist defended his position by noting that quote, “there is no debate within the scientific community on the occurrence of evolution.” In other words, all scientists believe evolution is true so, of course, you should too. Tune in when John MacArthur offers a biblical response to that argument on the next edition of GRACE TO YOU.

Monday, May 8, 2023 – “Creation Day 3” (#2)

Perhaps you’ve been mocked for your firmly held belief in what Scripture says about creation. Maybe you’ve been told that science does not support what the Bible says about the origins of the universe. So, how do you answer those critics? Consider that today, as John MacArthur continues his study titled *The Battle for the Beginning* on GRACE TO YOU.

Tuesday, May 9, 2023 – “Creation Day 4” (#1)

A prominent biologist has said, “Evolution is doubted only by those who are ignorant of the evidence or [resist the evidence], because of emotional blocks or plain bigotry.” That’s a typical view today from scientists. Question is how does that view stack up against the biblical record? And how settled is science when it comes to the theory of evolution? Learn more when John MacArthur continues his study on GRACE TO YOU from Genesis 1 titled *The Battle for the Beginning*.

Wednesday, May 10, 2023 – “Creation Day 4” (#2)

A university dean once reminded his audience that, like robots, “humans and other living things are just ‘bags of tricks’ . . . very good, evolved tricks.” Of course, you would expect secular scientists to accept evolution. But many churches have done the same thing by attempting to harmonize evolution with the biblical creation record. So, what do you think—did God use evolution to create the universe? John MacArthur addresses that and other questions on the next edition of GRACE TO YOU.

Thursday, May 11, 2023 - “Creation Day 5” (#1)

Do you use a computer, smartphone—some piece of technology—that you do not understand 100 percent? It’s not likely to keep you from using it, right? On GRACE TO YOU, John MacArthur is going to help you apply that principle to a vital biblical doctrine—the origins of the universe. He continues his look at *The Battle for the Beginning* by showing you that you don’t need to have an advanced degree in science or seminary training to defend what the Bible says about creation.

Friday, May 12, 2023 - “Creation Day 5” (#2)

If you check the news tonight, you’ll likely find multiple, seemingly unrelated stories that share a common bond. Stories, for example, about a proposed law to redefine gender, abortion rights, maybe a science piece discussing the latest thoughts on the origin of the universe. What is the common thread? A subtle or not-so subtle—rejection of the God who made us. How can you best defend biblical truth when it comes to those and other hot-button topics? On the next GRACE TO YOU, John MacArthur’s going to help you with just that. Stay tuned.

You may not realize that a battle is happening right now in your community . . . in your neighborhood . . . perhaps even in your home. This isn't a battle in military terms. It's a battle of ideologies. What are the stakes? Find out today on GRACE TO YOU as John MacArthur makes his way through his study titled, *The Battle for the Beginning*.

Tuesday, May 16, 2023 - "Creation Day 6, Part 1" (#2)

Having trouble believing that DNA could result from evolution, Nobel prize winning scientist Francis Crick came up with a stunning theory. He called it "directed panspermia," saying that aliens brought DNA to earth. That's one of the more creative—and tragic—ways brilliant people have tried to find an alternative explanation to the creation account in Genesis. You can know exactly how DNA, and everything else in this world, came to exist when John MacArthur returns to his study on the next GRACE TO YOU.

Wednesday, May 17, 2023 - "Creation Day 6, Part 2"

Back in 1999, a team of scientists first mapped a human chromosome's genetic code, calling their breakthrough "the first chapter in the book of life." But the truth is, the real first chapter in the book of life has been around for millennia. On GRACE TO YOU, John MacArthur shows you why every verse in the opening chapter of Genesis—and all of Scripture—is trustworthy. Listen as he continues his study on *The Battle for the Beginning*.

It has been called America's deadliest weapon, but the B-2 stealth bomber didn't earn that reputation with its speed or state-of-the-art weapons system. It's dangerous because it's designed to be invisible to even the most sophisticated radar. Those on the ground never see the B-2—only its devastating effects. As John MacArthur will show you, there's a battle raging in most schools, the media, governments—maybe even in your church. And as with the stealth bomber, the weapons in this battle are not seen, but the effects are devastating. Learn more on the next edition of GRACE TO YOU.

Friday, May 19, 2023 - "Creation Day 6, Part 3" (#2)

In a letter sent to several pastors, an animal-rights group argued that God created animals to "experience pain, fear, sadness, and happiness just as we do"—in effect, they're not much different from people. The group also said that killing animals for food . . . "is surely the greatest denial of God in human history." What do you think? The same God who created animals created us, too. Aren't you somehow

disrespecting God—isn't it somehow wrong—to use His creatures for food? John MacArthur answers those questions and more on the next GRACE TO YOU.

Series: Lessons for a Modern-Day Disciple (cont.)

Monday, June 12, 2023 - "Restoring Worship of the Holy Spirit" (#2)

If asked "who saves you?" . . . would you say God the Father, Jesus Christ, or the Holy Spirit? John MacArthur's answer to that question on GRACE TO YOU might surprise you and change how you worship God. So, stay tuned for this study on *Lessons for a Modern-Day Disciple*.

Tuesday, June 13, 2023 - "The Power and Pity of Jesus" (#1)

Perhaps you're going through a trial right now and you're not sure why God is allowing such pain. Maybe you're not suffering, but you want to be ready for the inevitable trial. Either way, you'll want to stay tuned as John MacArthur continues his study on *Lessons for a Modern-Day Disciple* showing you how Jesus responded to the sick and suffering He encountered. That's on the next GRACE TO YOU.

Wednesday, June 14, 2023 - "The Power and Pity of Jesus" (#2)

The apostle Peter denied Christ . . . three times. His act was as evil, bold, resolute, and public as Judas'. But what was the difference? Find out when John MacArthur continues his series on *Lessons for a Modern-Day Disciple* with an encouraging look at the power and compassion of Christ, on the next GRACE TO YOU.

Thursday, June 15, 2023 - "Who is Christ's Slave?" (#1)

Slavery . . . just the thought of it causes anger in many people, and it's easy to understand why. But could being a slave ever be something to cherish, rejoice in, even long for? On GRACE TO YOU, John MacArthur shows you what it means to be a slave of Christ, as he continues his series titled *Lessons for a Modern-Day Disciple*. He looks at the most basic relationship all believers have with Christ, that of slave and master.

Friday, June 16, 2023 - "Who is Christ's Slave?" (#2)

If you're a believer in Jesus Christ, you've been bought with a price with the precious blood of the Savior. You may know what that means—your sins have been paid for, your access to eternal life has been purchased—but what does the price Christ paid mean for your life today? John MacArthur answers that on GRACE TO YOU, when he concludes his series on *Lessons for a Modern-Day Disciple*.
