Alma's Way	Mon. – Fri. 10:30 a.m.	0:30	Ever wish you could pause life long enough to figure out the answers to all your problems? Alma can! Follow her adventures in Alma's Way, as she learns to think for herself-making mistakes and decisions and finding solutions along the way!
Arthur	Mon. – Fri. 4:00 p.m.	0:30	Based on the best-selling children's books by Marc Brown. The series revolves around an eight-year-old aardvark, his four year-old sister DW, and their family and friends. ARTHUR is a show about being a kid, exploring the world, and finding your place in it. It's about kids finding inner strengths, learning to make choices for themselves, taking responsibility for them and of course, having fun. In each episode, Arthur and his gang guide us through stories that deal with real "kid issues" timeless difficulties and joys that all kids experience. The series also models the joys and rewards of literacy by presenting the many ways kids and adults incorporate reading and writing into their lives. Above all, ARTHUR is a comedy that tells its stories from a kids' point of view, never moralizing or talking down to them.
California Science Center Fun Lab TV	Thurs. 5:00 p.m.	0:30	Explore with Monica & Mariela as they investigate the plants and animals that live in and around the California Science Center; observe what happens when a lobster gets too big for its exoskeleton; and discover the shocking truth about static electricity by doing a hands-on experiment!

Elinor Wonders Why	Mon. – Fri. 12:00 p.m.	0:30	This animated series for preschoolers aims to encourage children to follow their curiosity, ask questions when they don't understand and find answers using science inquiry skills. The main character Elinor, the most observant and curious bunny rabbit in Animal Town, introduces kids ages 3-5 to science, nature and community through adventures with her friends Ari, a funny and imaginative bat, and Olive, a perceptive and warm elephant. As kids explore Animal Town, they meet all kinds of interesting, funny, and quirky characters, each with something to teach us about respecting others, the importance of diversity, caring for the environment, and working together to solve problems.
Hero Elementary	Mon. – Fri. 7:30 a.m.	0:30	If you're a kid with superpowers, you belong at Hero Elementary! It's where young heroes in training can learn how to master their less-than-perfected powers and practice day-saving action. But when their superpowers aren't enough for the job, they can always rely on an additional arsenal of powers: The Superpowers of Science! These kids may be superhuman, but it's science that makes humans truly super.
Let's Go Luna	Mon. – Fri. 1:00 p.m.	0:30	Set in a world populated by anthropomorphic animals, focuses on three friends—Leo, a wombat (from Australia), Carmen, a butterfly (from Mexico), and Andy, a frog (from the United States)—who travel around the world with their parents' traveling performance troupe "Circo Fabuloso". Along their stops, Luna the Moon, depicted about 5 feet (1.5 m) tall with arms, legs and a face, and wearing a straw hat and red boots, occasionally comes down to Earth to teach them about local languages, music, food, and other customs. When they meet her, the children sing "Luna, come and play, show us the world, lead the way". Two half-hours, consisting of two segments each and four in total, takes place at a single country where the gang stop at, learn about, and meet friends around the world. With a team of cultural anthropologists on board, Let's Go

			Luna! is "meticulously researched to ensure cities and regions are authentically and respectfully portrayed".
Let's Learn	Fri. 5:00 p.m.	1:00	An educational public television series for children ages 3 to 8, featuring lessons by educators, STEM specialists, teaching artists, and others. 130 one-hour programs include instruction in literacy, math, science, social studies and the arts to supplement at-home learning. The series also supports social-emotional learning and 2 brings viewers on virtual field trips to see dance performances, meet animals, visit botanical gardens and more.
Math Park	Mon. – Fri. 6:45 a.m.	0:15	A fast-paced interactive series for students in grades 2-5. An energetic cast of characters help make learning math concepts and skills an exciting experience. As the characters find themselves in interesting math predicaments, they ask the home viewers to talk back to the television. This helps make Math Park an active rather than passive viewing and learning experience. All segments are based on state and national mathematics learning standards, including the Common Core Standards.
Mister Rogers Neighborhood	Sat. 7:00 a.m.	0:30	Mister Rogers talks in a way young child can understand, at a pace they can absorb and with a consistency that creates a calm, safe place for preschoolers. Topics with sensitive emotional concerns are always carefully blended with fun and whimsy to match a young child's interests and level of understanding.
Molly of Denali	Mon. – Fri. 8:00 a.m.	0:30	This series follows the adventures of Molly, a feisty and resourceful Alaska Native girl, as she helps her parents run the Denali Trading Post in their Alaskan village. Viewers are introduced to the rich history and modern-day experience of family life in the heart of the Alaskan tundra through the More or Less eyes of Molly, her parents, and her friends. Designed to help kids develop skills around informational text such as using a map and following an instruction manual, this is the first nationally distributed children's series in the U.S. to feature an Alaska Native lead character.

Nature Cat	Mon. – Fri. 2:00 p.m.	0:30	Follows Fred, a house cat who dreams of exploring the great outdoors. In each episode, once his family leaves for the day, Fred transforms into Nature Cat, "backyard explorer extraordinaire." Nature Cat can't wait to get outside for a day of backyard nature excursions and bravery, but there's one problem: He's still a house cat with no instincts for nature. Like many of today's kids, Nature Cat is eager and enthusiastic about outside activities, but is at times intimidated by them. With the help of his animal friends, Nature Cat embarks on action- packed adventures that include exciting missions full of nature investigation, "aha" discovery moments and humor, all while inspiring children to go outside and "play the show."
Odd Squad	Mon. – Fri. 4:30 p.m.	0:30	A PBS KIDS live-action media property designed to help kids ages 5-8 learn math. The show focuses on two young agents, Olive and Otto, who are part of the Odd Squad, an agency whose mission is to come to the rescue whenever something unusual happens. A math concept is embedded in each of their cases, as Olive and Otto work together to problem-solve and save the day in each episode. ODD SQUAD is created by Tim McKeon (Foster's Home for Imaginary Friends, Adventure Time, The Electric Company) and Adam Peltzman (The Electric Company, The Backyardigans, Wallykazam!) and produced by Sinking Ship Entertainment and The Fred Rogers Company.
Peg + Cat	Mon. – Fri. 7:00 a.m.	0:30	This series is designed to engage preschool children and teach them how to solve math-based problems with Peg, a chatty and tenacious five year-old, her feline pal, Cat, and her smart, handsome, cool friend Ramone.
Pinkalicious & Peterific	Mon. – Fri. 1:30 p.m.	0:30	Pinkalicious imagines creative possibilities everywhere she looks. Aimed at kids 3-5, PINKALICIOUS & PETERRIFIC encourages viewers to engage in the creative arts and self-expression, including music, dance, theater and visual arts. Get creative with Pinkalicious, Peter and all their friends in Pinkville!

Ready Jet Go!	Mon. – Fri. 12:30 p.m.	0:30	A 3D animated series for 3-8 year-olds with a focus on astronomy, scientific exploration, innovation and invention, and Earth as it is affected by our solar system. The show is about two neighborhood kids-one with an all-consuming drive for science fact and another with an overwhelming passion for science fiction. They both befriend the new kid on their street, Jet Propulsion, whose family happens to be aliens from Bortron 7. The comedy series teaches kids a variety of Earth science concepts (gravity, tides, moon phases,seasons) as well as an introductory explanation of innovation, astronomy, and our solar system.
Rosie's Rules	Mon. – Fri. 11:00 a.m.	0:30	Ae preschool family sitcom about a little girl just beginning to learn about the fascinating, baffling, thrilling world beyond her family walls. And it doesn't always go smoothly. In her resilient quest to make sense of the world's most mystifying concepts, she often plows her way into comic chaos. It's "learning-by-doing" and she usually does it a little bit wrong before she gets it right.
Sesame Street	Mon. – Fri. 10:00 a.m. Sat. 8:30 a.m.	0:30	SESAME STREET has garnered more than 100 awards, including 101 Emmys, two Peabodys, four Parents' Choice Awards and an Action for Children's Television Special Achievement Award. The series delivers academic and social education that prepares kids for grade school. Since its premiere, the show's base curriculum has been set by academic research on preschoolers. Encore episodes focus on music and art and how these tools can be used to develop the whole child - the cognitive, social, emotional and physical attributes. In addition, "Elmo's World," which looks at the world through the eyes of a three-year-old, continues as a featured segment. Themes include birthdays, pets, teeth, families, games and more.
The Story Pirates Present: SPTV	Tues. 5:15 p.m.	0:15	All about helping kids use their awesome imaginations to write great stories. Each week our host and Story Pirate, Alex, takes viewers on hilarious adventures showcasing original stories written by real kids and providing fun, creative writing lessons.

Wild Kratts	Mon. – Fri. 3:00 p.m.	1:00	Joins the adventures of Chris and Martin Kratt as they encounter incredible wild animals, combining science education with fun and adventure as the duo travels to animal habitats around the globe. Each adventure explores an age-appropriate science concept central to an animal's life and showcases a never-before-seen wildlife moment, all wrapped up in engaging stories of adventure, mystery, rescue, and the Kratt brothers' brand of laugh- out-loud-comedy that kids love. Real-life Chris and Martin introduce each "Wild Kratts" episode with a live action segment that imagines what it would be like to experience a never-before-seen wildlife moment, and asks, "What if?" The Kratt brothers transition into animation and the adventure begins, bringing early-elementary school children into the secret lives of extraordinary creatures, many of which have never been animated before including Tiger quolls, Draco lizards, and Caracals!
Xavier Riddle and the Secret Museum	Mon. – Fri. 11:30 a.m.	0:30	Follows the adventures of Xavier, Yadina and Brad as they tackle everyday problems by doing something extraordinary; travelling back in time to learn from real-life inspirational Marie Curie, Harriet Tubman and Jackie Robinson when they were kids. Each adventure will help young viewers make the connection between the skills that made these historical heroes and those same qualities within themselves, helping them discover that, they too, can change the world.

Explores this movement through interviews with the charismatic artists behind the music and also looks at the dances, fashions, and culture spawned by their genius. The film traces the movement's influence on a variety of artists, from legendary figures such as Keak da Sneak, Mac Dre, and Mistah FAB to modern-day artists such as Kamaiyah, G-Eazy and Rafael Casal. A love letter to Hyphy, the film also details the highs and lows of the movement and its enduring place in the hip-hop pantheon.	
1964: The Fight for a Right	Sun. 11:00 p.m. (1/22)	1:00	By the mid twentieth century, Mississippi's African Americans had suffered from nearly 75 years of slavery by another name - Jim Crow discrimination. In 1964 in Mississippi, people died in an effort to force the state to allow African Americans to exercise their constitutional right to vote. Although, the 50th anniversary of Freedom Summer has passed, the struggle for voting rights is still pertinent. According to the NAACP, states have recently passed the most laws limiting voter participation since Jim Crow. Moreover, these laws also disenfranchise other people of color, the elderly, poor, and disabled. With the 2015 anniversary of the Voting Rights Act as well as the upcoming presidential primaries and general election, voting rights will remain at the forefront of a national debate. With historical footage and interview with Freedom Summer architects and volunteers, as well as present day activists, Uses Mississippi to explain American voting issues in the last 150 years. For instance, why are red states red?
