**WSRV-FM**

**ASCERTAINMENT STATEMENT**

**WSRV FM/97.1 The River develops on air programming to address issues of importance to Gainesville, Atlanta and surrounding communities.**

WSRV-FM also produces four-thirty minute community affairs talk shows, which addresses a variety of topics and issues of concern including politics, education, health, business, lifestyle issues and civic and social issues. The River Current, The Heart of Atlanta, and Perspectives air every Sunday morning.

Issues on the program are ascertained through interviews with community leaders, including representatives of charitable and civic/social/civil rights organizations and others who make a difference in the communities in which we serve. WSRV-FM also solicits community input via the website

**ISSUE & DESCRIPTION**

**HEALTH / SAFETY / CRIME ISSUES**

**DATE**                      **TIME**                      **LENGTH**

4/6/14                      6:30AM                      30Min.  
HEALTH TALK ATLANTA: Digestive Discontent Part 2: As you age, acid levels in the stomach start to drop. This can cause acid reflux. When the acid levels drop, food will rot in the stomach and reflux. This can also cause you not to absorb vitamin B12.

4/13/14                      630AM                      30Min.  
HEALTH TALK ATLANTA: New GMO Warnings: GMO's are genetically Modified plants. When plants are crossbred with entirely new species, you get new proteins that have never been in the human diet. This is causing strong allergic reactions. Many reactions to GMO's are gradual. Many countries around the world have banned GMO's. Others require labeling.

4/20/14                      6:30AM                      30MINS  
HEALTH TALK ATLANTA: What Is Really In Your Food: There are a growing number of food fraud cases. It's a deliberate switching of ingredients that are not what it is claimed to be on the label. You have to be careful to get GOOD food. Seafood fraud is rampant. 84% of white tuna sold in sushi WASN'T tuna. Stick with stores and brands that you trust.

4/27/14                      6:30AM                      30MINS  
HEALTH TALK ATLANTA: Are Processed Foods Making You Fat: Conventional thought is "calories in, calories out". But it is the TYPE of calories that is important. You should spend 90% of your food budget on WHOLE foods. Processed foods can be healthy, but usually not. Foods with high fructos corn syrup are high in "empty" calories. High fructos corn syrup is 40 times more fattening than regular sugar. Processed foods are designed to cause you to overeat. The term artificial flavor on a label may contain 10 or more chemicals.

## HEALTH / SAFETY / CRIME ISSUES

5/4/14 6:30AM 30Min.  
HEALTH TALK ATLANTA: Are Processed Foods Making You Fat Part 2: Many people are addicted to junk food. Even if something is listed as "whole grain", processing can take any health benefit out of the food. Processed foods are high in carbohydrates. This increases your insulin levels, and can lead to resistance, or type two diabetes.

5/11/14 6:30AM 30Min.  
HEALTH TALK ATLANTA: Don't Get Scammed at The Grocery Store: There are many misleading labeling tactics. Just because it says "natural" on it, doesn't mean it's good for you. A diet diary can help you find the problems with your nutrition. Organic milk, though better than regular milk, still isn't good for you. The molecular structure gets changed when it's pasteurized. In Georgia it is illegal to sell raw milk.

5/11/14 7:30AM 30MINS  
RIVER CURRENT: Southeastern Dairy Association -Lanier Dabruzzi with the Southeastern Dairy Association was the guest today. She is a registered dietitian and a nutrition affairs program manager with the Southeast Dairy Association. The non-profit Southeast United Dairy Industry Association, Inc. (SUDIA) is funded by dairy farm families of the Southeast and works with schools, health professionals, retailers, dairy processors and the public to promote dairy foods throughout Alabama, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia. We discussed the importance and benefits of dairy products and how to obtain the nutrients from other sources for those that cannot digest dairy. They have several programs geared towards moms, children and the elderly on the benefits and preventative health maintenance associated with dairy products.

5/21/14 6:30AM 30MINS  
HEALTH TALK ATLANTA: The Truth About Natural Foods: The FDA doesn't regulate the term "natural". Almost all foods advertised as "natural" have GMO's in their ingredients. Many foods labeled natural have pesticides in them. Sweeteners can also cause nutritional problems. Too much sugar, or high fructose corn syrup causes blood vessel problems.

5/28/14 6:30AM 30MINS  
HEALTH TALK ATLANTA: Freaky Meat Facts Part 1: High protein diets will shorten your life, a recent study proved. Also, it said that high protein meat based diet is almost as bad as smoking. Because of concentrated animal feeding operations, infections are being spread, like MERSA

## ISSUE & DESCRIPTION

DATE                      TIME                      LENGTH

### HEALTH / SAFETY / CRIME ISSUES:

6/1/14                      6:30AM                      30Min.

HEALTH TALK ATLANTA: Freaky Meat Facts Part 2: Eating fiber alters the bacteria in the colon. Side note, if you have a gas stove, you may be endangering your lung health. New research has found daily exposure to unhealthy by products from a gas stove. Nitrogen Dioxide is the culprit. It can make you more sensitive to other problems like an allergy. Reasonable precautions are in order. Open a window while cooking. A good vent hood that vents to the outside would be very helpful.

6/8/14                      6:30AM                      30Min.

HEALTH TALK ATLANTA: Are Men Turning Into Women: Men are increasingly having hormone problems. We explored the reasons why. Chemicals like xeno-estrogens imitate female hormones in the body. These are found in the food chain. Use of a microwave can cause xeno-estrogens to infuse the food. Pesticides can cause a hormone in-balance. Herbicides can as well. When possible, buy organic to avoid pesticides and herbicides. Avoid drinks in cans that contain BPA, which contain high levels of xeno-estrogens. Bathroom cleaners contain parabens and when they get in your body can alter hormone levels.

6/8/14                      7AM                      30MINS

PERSPECTIVES: Dr. Yazan Duwayri – Abdominal Aortic Aneurysm -Senior adults are our target audience – especially males. AAAaneurysm Outreach (AO) is a Louisiana non-profit dedicated to preventing the devastation of early death from Abdominal Aortic Aneurysm through education and early detection. It is the only non-profit of its kind in the United States. AO is starting a regional expansion campaign in 2014. A no-cost Atlanta screening program will occur on Saturday, June 14, 2014 at Emory Clinic – Vascular Surgery. An abdominal aortic aneurysm (AAA – pronounced Triple-A) is a balloon-like swelling in the wall of the aorta, the body's largest blood vessel (see attached picture). It is the most common type of aneurysm. AAA typically occurs in senior adults and expands slowly and without symptoms until rupture occurs. At rupture, there is a 75-90% chance of death. Early detection is critical and in most instances, life-saving. Men, especially Caucasians, have about a 6 times greater risk than women of developing this silent killer. AAA typically takes 10-25 years to expand to rupture; therefore, this screening does not need to be performed more often than every 5 years in those most at risk.

## HEALTH / SAFETY / CRIME ISSUES:

6/8/14 7:30AM 30MINS  
RIVER CURRENT: Bulldogs Battling Breast Cancer -Jay Abbott, co-founder of the non-profit, Bulldogs Battling Breast Cancer was the guest. Him and his wife, Teresa, who is a breast cancer survivor, founded the organization after her battle with the disease and wanted to give back to the community. Bulldogs Battling Breast Cancer goal is to fight Breast Cancer through early detection and assistance to women in need who may not have the resources to get the services they need to fight this disease. They have their annual charity golf tournament coming up on July 7<sup>th</sup> that benefits the "Teresa's Hope" fund at St. Mary's hospital in Athens, Ga. All of the team spots have been filled, but they are always looking for volunteers to help the day of the tournament. They raised \$65thousand last year and are hoping to hit that mark or more this year.

6/15/14 6:30AM 30Min.  
HEALTH TALK ATLANTA: Are You Wrecking Your Hormones: Perfumes are a big hormone changer. They are the largest source of Phthalates. These have not been fully studied. How do you protect yourself? Avoid products with scents in them. This includes candles. Plastic is made from oil and contain many hormone changing chemicals. Plastic can cause acne as well.

6/22/14 6:30AM 30MINS  
HEALTH TALK ATLANTA : Scammed by Questionable Advertising: Eating whole grains has been touted as "Healthy" through advertising. Not true. Whole grains have bromine which affects thyroid function. No added growth hormones have been listed on labels, but it's not always true. Producers use antibiotics instead, and they act like growth hormones.

**DATE**                      **TIME**                      **LENGTH**

**FAMILY/PARENTING/SELF-HELP/RELIGION ISSUES:**

PERSPECTIVES: Carla Hall — The Chew CARLA’S COMFORT FOODS: Favorite Dishes from Around the World offers a delicious collection of imaginative new variations on soulful favorites from one of America’s favorite food personalities. Inspired by Carla’s love of family suppers and international flavors, this cookbook offers a mouthwatering variety of foods from around the world together with heartfelt stories of connecting with people through food. Each section of the book offers a foundational recipe followed by some international variations.

4/20/14                      7AM                      30MINS

PERSPECTIVES: Pastor Taffi Dollar – World Changers Church International -Women, perhaps more than men, find their strength through their relationships—with their spouse, children, friends, and community. But striking the balance between giving and receiving love can be a challenge in a modern world filled with distractions, complications, and temptations. Taffi Dollar understands these challenges. As founder of the Women’s Ministry of World Changers Church International, the celebrated pastor and author has helped empower thousands of women. Dollar’s new book, Embracing the Love God Wants You to Have explores how to build grace-based relationships that enhance rather than deplete our lives.

### ART & ENTERTAINMENT / RECREATION / ENVIRONMENTAL ISSUES:

4/6/14                      7AM                      30MINS

PERSPECTIVES: Isabelle Wilkerson, Author –The Warmth of Other Suns Pulitzer Prize winner Isabel Wilkerson is author of "The Warmth of Other Suns," the New York Times bestseller that tells the true story of three people who made the decision of their lives during the Great Migration, a watershed in American history. The book was named to more than 30 Best of the Year lists. The Great Migration was one of the biggest underreported stories of the 20th Century. It lasted from 1915 to 1970, involved six million people and was one of the largest internal migrations in U.S. history. It changed the country, North and South. It brought us John Coltrane, Thelonius Monk, Toni Morrison, August Wilson, Bill Russell, Motown, Denzel Washington, Michelle Obama -- all children or grandchildren of the Great Migration. It changed the cultural and political landscape of the United States, exerting pressure on the South to change and paving the way toward equal rights for the lowest caste people in the country.

4/13/14                      7:30AM                      30MINS

RIVER CURRENT: Atlanta Bicycle Coalition-Atlanta Streets Alive -Keisa Bruce, the Events Manager with the Atlanta Bicycle Coalition was the guest today. The event, Atlanta Streets Alive is hosted by the Atlanta Bicycle Coalition and this year it will be held on April 20<sup>th</sup>. This open streets initiative has been produced by the Atlanta Bicycle Coalition since 2009. It features a 2.7 mile loop, including part of the Atlanta BeltLine West End Trail, of community fun and activity. Atlanta Streets Alive is designed to encourage active, healthy living and the celebration of vibrant people-oriented streets, by taking cars out of the equation for the afternoon. The big thing that Keisa pointed out about this event is that there are no outside vendors selling their wares or funnel cakes; rather, businesses and organizations along the route are invited to create an activity and join in the fun.

4/27/14                      7AM                      30MINS

PERSPECTIVES: Eric Jerome Dickey – Author Eric Jerome Dickey is back like never before. His latest novel, A Wanted Woman isn't just sexy, it's full of noir, too. Reaper, the leading lady, is an assassin with unmatched skill, at least until she falls in with the Laventille Killers, Barbados' most feared and respected force. In a sudden change of tides, Reaper falls from her deadly pedestal and is forced to disappear into the underworld of Trinidad and Barbados, taking any side job no matter the risk and befriending the most unlikely of companions. As you know, Dickey is a master in his field. With over twenty-five novels, many of which have landed on the New York Times Bestseller List, Dickey has made a name for himself, and his fans are a dedicated and expansive group.

## ART & ENTERTAINMENT / RECREATION / ENVIRONMENTAL ISSUES:

5/18/14 7AM 30MINS

**PERSPECTIVES:** Sherri E. Shepherd – co-host The View –Whether on stage or screen, Daytime Emmy Award-winner Sherri Shepherd’s magnetic personality and hilarious sense of humor never fails to delight her audiences. In August 2009, Sherri was a part of groundbreaking history when she hosted The View won the Daytime Emmy for Outstanding Talk Show Host. That same year, Sherri and the co-hosts were chosen as part of the “100 Most Influential People in the World” by Time magazine while Forbes ranked The View hosts #11 among the top “30 of the Most Influential Women in Media.” In addition to daytime television, Sherri competed in the fourteenth season of ABC’s wildly popular, “Dancing with the Stars her passion for staying healthy, Sherri authored PLAN D: How to Lose Weight and Beat Diabetes Even If You Don’t Have It. Knowing the heartache and joy of raising a child with special needs, Sherri has partnered with the YAI National Institute to raise awareness for children and adults with disabilities. Taking her not so secret passion for wearing wigs, Sherri recently created a high fashion wig collection, “LuxHair Now by Sherri Shepherd”

5/25/14 7AM 30MINS

**PERSPECTIVES:** Angela Meryl – Stunt Actor -Angela Meryl, author and award winning veteran Hollywood stunt double for such A-list women as Halle Berry, Beyoncé, Rihanna, Vanessa Williams and so many more is currently in Atlanta to perform yet another round of daring stunts in the now seventh installation of the highly successful Fast and Furious series, under the disguise of British sweetheart, Nathalie Emmanuel. Meryl made her mark in the stunt industry doubling Vivica A. Fox in the opening scene of the cult-classic, Kill Bill, Vol. I, where in addition to lots of bloody and bashes, she came crashing through a glass table in one of the most spectacular female fight scenes Hollywood has ever choreographed. She is also the author of STUNTS: THE HOW TO HANDBOOK: Secrets From an Award Winning Hollywood Stuntwoman. Her nearly two decades in the business has garnered much acclaim and respect in the eyes of the closely-knit stunt industry worldwide, all of which has prompted Meryl to pass the torch to the next generation of greatness to come.

6/15/14 7AM 30MINS

**PERSPECTIVES:** Tim Echols and Don Francis, the Executive Director of Clean Cities Georgia – Alternative Vehicle Road Show Four years ago, Georgia Public Service Commissioner Tim Echols gathered a few folks together in a room to talk about the benefits of swapping out fuel-guzzling gas and diesel vehicles for clean, domestically produced fuels like natural gas, propane, electricity and biofuels. Back then, there were only a handful of electric vehicle charging stations in Georgia and almost no natural gas fueling stations. Today the landscape has changed dramatically. As municipal leaders, logistics managers and CFOs look for cost-saving solutions, clean fuel vehicles are factoring into their decisions. From sanitation trucks and transit vehicles to commuter cars and light trucks, it makes more sense than ever to evaluate alternative fueled vehicles. Utility companies and fueling-station developers have stepped up to the plate to support vehicle manufacturers. Today, that first small group of pioneers at the Alternative Fuel Vehicle Roadshow has become thousands of supporters. The Roadshow will be touring Georgia June 17-26th, 2014, stopping at eight (8) cities around the state.

**ART & ENTERTAINMENT / RECREATION / ENVIRONMENTAL ISSUES:**

6/22/14 7AM 30MINS

**PERSPECTIVES:** Doug Shipman – CEO, The Center for Civil and Human Rights The Center for Civil and Human Rights in downtown Atlanta is an engaging cultural attraction that connects the American Civil Rights Movement to today’s Global Human Rights Movements. Our purpose is to create a safe space for visitors to explore the fundamental rights of all human beings so that they leave inspired and empowered to join the ongoing dialogue about human rights in their communities. The Center was first imagined by civil rights legends Evelyn Lowery and former United Nations Ambassador Andrew Young and was launched by former Mayor Shirley Franklin. The effort gained broad-based corporate and community support to become one of the few places in the world educating visitors on the bridge between the American Civil Rights Movement and contemporary Human Rights Movements around the world. Established in 2007, The Center’s groundbreaking 43,000-square-foot facility is located on Pemberton Place, adjacent to the World of Coca-Cola and the Georgia Aquarium, on land donated by the Coca-Cola Company.

## ISSUE & DESCRIPTION

DATE                      TIME                      LENGTH

### FINANCIAL / POVERTY / CHARITY ISSUES:

4/6/14                      7AM                      30MINS  
PERSPECTIVES: Cati Stone – Executive Director Komen Atlanta On Tuesday April 8th, Komen Atlanta is inviting local business people, officials, celebs, etc. to participate in Tutu Tuesday. This is an effort to build awareness for the Race for the Cure at Lenox Square on May 10. Joining us is Cati Diamond Stone, Executive Director of Komen Atlanta

4/4/14                      7AM                      30MINS  
PERSPECTIVES: Trent Shelton –On the heels of the virally successful ‘See My Heart, Not My Past’ t-shirt campaign and three wildly popular novels, Trent Shelton, in collaboration with triathlete and fellow motivational speaker Baylor Barbee, has released his fourth motivational e-book Know Your Circle. The former Washington Redskins player and founder of the testimonial website RehabTime.org, is continuing on his mission to inspire and aid those on a journey of self-discovery and growth. Trent Shelton enjoyed significant success as a professional football player for the Indianapolis Colts, Washington Redskins and Seattle Seahawks before realizing his true calling as a motivational speaker and author. By utilizing his football platform, Trent has been able to effectively help people condition both their minds and bodies, and to strengthen their personal relationships with Christ by overcoming the obstacles that life may bring.

4/11/14                      7AM                      30MINS  
PERSPECTIVES: Former Atlanta Mayor and United Nations Ambassador Andrew Young -The Andrew J. Young Foundation will celebrate the 82nd birthday of its founder, Ambassador Andrew Young with its 2nd Pass on Blessings Awards ceremony to be held on Sunday, May 18, 2014 at 6:00 pm at the Buckhead Theatre, 3110 Roswell Rd, Atlanta, GA 30305 in Atlanta, Georgia. The Pass on Blessings Award was created to affirm the giving spirit and actions of accomplished people who have used the bounty of their blessing to make a difference in the lives of others. This year’s ceremony will recognize the life and work of American legends that helped build Atlanta’s skyline and Atlanta’s image as a world-class metropolis, and changed America from a divided to a united nation. Their contributions and acts of courage in government, business, philanthropy, sports, entertainment, and human and civil rights were instrumental in breaking down racial barriers, and racial and economic injustice in America; altering the course of our nation; and creating a legacy that continues to make an impact on Atlanta and the world.

## FINANCIAL / POVERTY / CHARITY ISSUES:

6/1/14 7:00AM 30MINS

**PERSPECTIVES:** Monique Terry – Hands on Atlanta and the Verified Volunteers Program –High school and college students are getting out of school soon, and many are looking for activities to do during the summer. Volunteering is a great way for students to be active and involved in the community during the summer months. We speak with Monique Terry, Director, Community & Civic Engagement at Hands On Atlanta, for a segment on: How students can benefit from volunteering; Where students can volunteer locally; How volunteers and Georgia nonprofits can work together to decrease barriers to volunteering locally. This year in particular, Hands On Atlanta has partnered with Verified Volunteers to provide a 'Fast Pass' through an online community allowing volunteers and nonprofits to connect and volunteer faster than ever before with shareable background checks.

6/15/14 7:30am 30MINS

**THE RIVER CURRENT:** Covenant House of GA –John Maelstrom from the Transfiguration Catholic Church and Allison Ashe with the Covenant House of GA were the guests today. The Transfiguration Catholic Church is hosting a talent show on 7/26 from 8-10pm to benefit the Covenant House. In 2000, Covenant House Georgia opened its doors to provide shelter and services to Atlanta's homeless and runaway youth. More than 15,000 youth have received support from CHGA since 2000. Currently, more than 1,300 homeless and at-risk youth are served every year. A variety of services assist our youth to self-sufficiency. The guiding principle is unconditional love and a door that's open 24/7. We show everyone trust; you would expect the same. Its \$5 cover charge to the talent show and all acts are welcome, pending safety and appropriateness.

6/22/14 7:30AM 30MINS

**THE RIVER CURRENT:** Lift Up Atlanta- Rosalind Garner, Executive Director of Lift Up Atlanta and Vanessa Coleman, team captain for the Bless the Homeless program were the guests today. Lift Up Atlanta is a non-profit organization that is committed to helping the homeless and feeding the hungry. We work with several homeless shelters in the metro Atlanta area and the homeless directly in providing everything from basic needs to computer training/job skills. Our goals are to provide services and programs to support the whole family. Our services range from feeding the homeless on the streets of Atlanta to our job readiness/self-empowerment program to promote self-sufficiency. Lift Up Atlanta is designed to meet the basic needs of the homeless, including food, clothing, hygiene needs, educational services etc. It seeks to fill the gaps in the current provision of services to homeless women and children and to empower them to become self-sufficient again. They recently had their Summer Fun Fest, which is one of their big charity fundraiser events. They had a great turnout and are looking forward to next years. We also discussed their annual summer cold lunch program, which goes till the end of July and their back to school backpack program that will start at the end of July.
