ISSUES/PROGRAMS LIST FOR JULY, AUGUST, SEPTEMBER 2023

1.ISSUES IN EDUCATION BROADCAST SATURDAY AT 8:00am and 8:00pm

7/1/23 Losing Our Liberty. Part 2

Our precious freedoms are not based on government but on God. Freedom isn't appreciated until it's lost. Todd Starnes, a Fox News commentator and author of Culture Jihad-How to Stop the Left From Killing a Nation, says, "What's happening in our country is the result of what has happened in schools being run by radicals. Without Biblical values, we are left with chaos." Os Guinness, author of Last Call for Liberty- How America's Genius Has Become Its Greatest Threat!, said, "Freedom comes from self- government, not external force. As our freedoms end, it's a catastrophe, not just for America, but for the whole world!

7/8/23 The Coming of the Great Tribulation

There is coming a Great Tribulation unlike anything ever seen on planet earth before where billions of people will die. Scripture describes a time of God pouring out His wrath on a rebellious, God hating world after the rapture of His followers. Israeli prophecy expert, Amir Tsarfati, author of Has The Tribulation Begun?, vividly describes the Revelation with a world-wide earthquake, plagues, death and devastation which is the result of most people rejecting Christ and choosing to worship the Anti-Christ. Yes, there will be some people saved from hell during the Great Tribulation because of warnings given today.

7/15/23 Life Without Limits

How could God have a purpose for a person born without arms, hands or legs? Nick Vujcic is a best selling author, evangelist and international speaker who has spoken to hundreds of millions of people. Nick Vujcic wrote, "If you can't get a miracle, be a miracle." His disability has given him a unique opportunity to transform lives. He has witnessed miracles like praying for the founder of a human trafficking industry in India. She was healed and became a Christian. If he can have purpose and joy without arms or legs, then anyone can. Cuts of Nick speaking at a state prison in Alabama.

7/22/23 Artificial Intelligence

Artificial intelligence is setting the stage for the advent of the Anti-Christ who will use AI to fake omniscience. Prophecy expert Jimmy Evans, author of The Tipping Point, says AI is the most significant invention to change the world since electricity. AI speaks every language thus erasing God's curse dividing language at Babel. Trans-human soldiers have super-human powers. As prophesied in Rev 11, today is the first time in history that the whole world would see the two witnesses at the same time. Pastor Billy Crone says AI is essential for the Anti-Christ to micro manage the world's economy and know who has the mark.

7/29/23 Does Critical Race Theory Create Racism?

Critical race theory is Marxism in disguise using race instead of class. Parent Tatiana Ibrahim blasted her school board for teaching racism and undermining faith in God! Professor Carol Swain says university Marxists created this fantasy of systemic racism to divide the country. Sen. Ted Cruz says CRT is Marxist based. The teachers union, the NEA, is promoting CRT.

Candace Owens says classrooms have become predatory to children. Chris Rufo says critical race theory is the world-view of public schools. The answer for unity, says former pro football star Jack Brewer, is teach love for one another as Christ taught.

8/5/23 Communicating with a Lost Generation, p 1

America has the largest number of Christian colleges, churches, Christian media and resources in the world. Yet with all these resources, why is America becoming less Christian? Christians pray for revival but put 90% of Christian kids in schools of atheism. Ken Ham, founder of Answers in Genesis and the Ark Encounter, and the author of The Answers books, says older generations had an Acts 2 basic understanding of Christianity. But the younger generations are like the Greeks in Acts 17 who had no understanding of God, sin or the Bible. We need revival, but how can God bring revival without reformation?

8/12/23 Communicating with a Lost Generation, p 2

Americans are more divided than ever as younger generation seem like a different culture. How can we communicate the gospel to those without any basic Biblical understanding? Ken Ham, founder of Answers in Genesis and the Ark Encounter and the author of The Answers books, says younger generations understand the universe to be billions of years old. Thus, to them, there was death before Adam sinned, and God is to blame for sin, sickness and death, not sin! The earth, prior to sin, was a perfect paradise God called very good. People and animals were vegetarians. There was no death until Adam sinned.

8/19/23 Be Not Conformed to the World, pt 1

Radio hosts Kevin Swanson and Adam McManus say putting a Christian in public school is like playing Russian roulette with their education, their beliefs and their souls. But instead of one bullet, there are 4 or 5 bullets in the gun. Public schools rob children of their innocence and confuse them with critical race theory. Dennis Prager said, "The one thing people can do to fight against the Leftist destruction of our nation is to take their children out of public schools." Carole Joy Seid, said, "The most effective tool in shaping a child's character is great literature." The right book at the right time can change a child's destiny.

8/26/23 Be Not Conformed to the World, pt 2

"Schools make kids dumber," says 17 year-old Eddie Zhong, who started his own successful computer business. "Schools can stunt creative thinking." Education for the masses is not as good as one-on-one. Israel Wayne, author of Homeschooling From A Biblical Worldview, says public schools don't train young minds to think critically to debate both sides of issues, but homeschool does. What is a good education without Christ in every subject? Secular schools make secular students. Education is Biblical discipleship. Dr Raymond Moore, the father of homeschooling, says producing genius in children has three common elements.

9/2/23 Brain Chips & the 4th Reich, pt 1

The ideas that deceived the German people in Hitler's day are being implemented to deceive the world today. Billy Crone, author of Klaus Schwab, The World Economic Forum and the Coming Mark of the Beast, says Schwab is building the infrastructure for the anti-Christ to require everyone to have his mark to buy anything. Elon Musk says microchips in human brains will help paraplegics. Brain implants will be required by the anti-Christ to know if people are really worshipping him. Cut of Klaus Schwab praising Biden for being his best disciple. The Great Reset means the destruction of our economy in order to remake it!

9/9/23 Brain Chips & Digital Currency, pt 2

Human brains implanted with microchips that connect a person to the Internet is becoming a reality. But if your brain is part of the World Wide Web, will you lose your mind? Proponents of a brain chip connected to the net say you could learn a college education without going to college. Pastor Billy Crone, author of Klaus Schwab, The World Economic Forum and the Coming Mark of the Beast, says according to Rev. 13, the world's economy will be controlled by one man. China is the model for the world with government control over every aspect of life. Digital currency means you could lose your bank account for protesting.

9/16/23 Invasion of Ancient gods, pt 1

Just as the gospel transformed pagan cultures, so the pagan gods are transforming our culture. Are pagan gods really demonic spirits? Ancient Israel was destroyed, because they turned away from worshipping the true and living God to worshipping false gods like Baal. Jonathan Cahn, best selling author of The Return of the Gods, says, behind abortion and the crazy events we see today are the gods of ancient cultures that were cast out by the gospel but have come back with a vengeance into our culture. Child sacrifice was practiced to appease pagan gods by the thousands, but we've sacrificed millions in abortion.

9/23/23 Invasion of Ancient gods, pt 2

Although we don't see Americans worshipping idols or pagan gods of wood and stone, we're too civilized and scientific for that. Behind the ancient gods are actual demonic spirits that are disguised and infiltrating our schools, media and government. Jonathan Cahn, best selling author of The Return of the Gods, says, spirits cast out of pagan cultures have come to America. Baal, the god of apostasy, is turning a Christian nation into a pagan nation through the public schools. Ishtar, the goddess of sexuality, blurs reality by feminizing boys and masculinizing girls. The goal of the gods is to destroy America as it did Israel.

9/30/23 Marxism in America, pt 1

The Democrat strategy to win the next election is to put the top Republican candidate in prison. This will end free elections and the basis of our Constitutional Republic. Victor Davis Hanson, author of The Dying Citizen, says, "For the first time in history President Biden is prosecuting President Trump for election interference, while the Democrats, ironically, are interfering with the upcoming election by prosecuting Trump. Trump's indictments are lightweight compared with Biden's bribery and treason clearly spelled out in the Constitution. The Marxist Left has pushed too far and awakened a sleeping giant. But is it too late?"
