Topic:

- Today on Insight, John and Josh Rosenstern discuss the upcoming November election and why it is so very important for all Americans to not be distracted by the rhetoric that will come out over the next two months. Brother Josh says President Biden's speech in Pennsylvania did great damage as he blamed radical extremism, behind the Make America Great Again agenda; but yet, Biden did not mention the extremism of China, Russia, or the agendas of many movements that have caused great destruction since Biden took office.
- Brother John likens it to what Adolf Hitler was able to accomplish, with the help of demon spirits. All of President Biden's actions now have a consequence to them. His words will create a target. We need to be in the know as elections draw near.
