Job Postings – When a position becomes available, it is the general practice of the Station to email the job opportunity notice to all station personnel to inform employees of current openings so they may apply for consideration for those positions. The notices list the titles and requirements for the positions. These job opportunity/postings are also sent to various community outreach groups, schools, and universities as well as other Fox Owned & Operated Stations across the country. In addition, station openings are automatically sent to www.21CF.com/careers and Foxcareers.com when the position is posted to the MyFoxDC website. Job postings are also sent to other Fox properties (Fox News, Fox Sports, NatGeo).

"Career Awareness;" Station Tours: Throughout the reporting period, WTTG/WDCA conducts station tours for various groups to explain television broadcast operations. Two tours were conducted during this reporting period for the Reichelt family and the Airline Ambassadors group.

Minority Training/Scholarship Programs: Emma L. Bowen Foundation for Minority Interests in Media – Established in 1989, the Emma L. Bowen Foundation for Minority Interests in Media is a non-profit organization whose mission is to create career opportunities in the media industry for minority youth through a program that focuses on scholastic achievement, direct work experience and professional development. Students in the program work in media companies each summer and during school breaks, from high school through college. The students earn both salaries and matching scholarship funds to be used for college tuition and related expenses. Over a period of up to five years, the students experience numerous aspects of corporate operation and develop professional and practical skills that will help prepare them for their careers, many of which begin at the companies where the students interned. Fox Television Stations have been a corporate partner in this program since its inception and two of the Company's executives are on the Foundation's Board. WTTG/WDCA selected a high school junior to receive this opportunity. The student was hired during her freshman college year to work in various departments. The student was given an opportunity to work fulltime during the summers and part-time during the college school year, while still receiving training. WTTG/WDCA matches all earned income and applies the same to the college tuition obligation for the student. The student works throughout her college years and has the opportunity to get a job at the station upon graduation, if available. The current student is an African-American female in her senior year at Pennsylvania State University.
