

# Great Plains Christian Radio, Inc.

We attended 3 jobs fairs in 2022 with documentation attached. We also attended the Kansas Association of Broadcasters meeting and heard from FCC attorney on EEO issues. We had a high school intern (Holly Reimer), for the second half of 2022 learning and performing audio production tasks as well as learning about on air broadcasting. Our staff spoke to high school and college students about radio.

We ran a PSA from Kansas Association of Broadcasters concerning the broadcast scholarships.

We had a full time opening in 2022 for Underwriter position, and have included the announcements and where posted. It is still an open position.
